

B&T Rotex-IIA™ rifle suppressor cal. .308 Win. / .300 Whisper

B&T Rotex-IIA™ rifle suppressor cal. .308 Win. / .300 Whisper

The B&T Rotex-IIA is not only one of the lightest and smallest suppressors in production today, it is also one of the most effective ones. It provides outstanding sound reduction and the maximum amount of flash reduction. The Rotex-IIA can be mounted without any modification to the weapon by using the B&T flash-hider. Due to its unique quick detachable system (QD) it can be attached and detached by the operator within seconds without any tools.
