# Mileage

We checked if the mileage looks accurate or if it may have been tampered with.

### Summary

- Last known mileage: 59,213 km
- 4 mileage records found

#### Odometer records

06/2023	19,978 km
02/2024	30,628 km
02/2025	55,990 km
03/2025	59,213 km

#### [Expected current mileage](#)

Based on recent driving habits, current mileage may be **around 79,960 km**. Actual mileage could differ — check the car's odometer for accuracy.

#### Driving habits

06/2023 - 03/2025 Normal driving 1,836 km/month

## Legal status check

We checked if the vehicle passed technical inspections and whether it was marked as scrapped.

#### Good news

No records about the legal status of this vehicle were found

#### Legal

Passed technical inspection (MOT)?

✓ No record found

Was it scrapped?

✓ No record found

## Damage

Has this vehicle been damaged in the past? What was the value of the damages?

#### Good news

No damage or assessment records found

Occasional inaccuracies can occur, especially when checking older vehicles. Underground repair shops may illegally disguise vehicle defects or damages, not recording their existence anywhere. Sometimes, even vehicle VIN plates may be replaced. We have a variety of methods to detect even such crimes, but it's impossible to provide a 100% guarantee.

## Natural disaster exposure

We checked if the vehicle was located in an area hit by a natural disaster at the time it happened.

### Good news

This vehicle's location was not recorded in the area of a natural disaster.

## Market price

We checked how this vehicle's market price has changed over time, based on available historical data and price estimates.

The timeline shows a limited period and does not reflect the vehicle's full lifetime pricing.

### Summary

- Average market price for such vehicle: €25,970
- Be cautious of hidden issues if the vehicle was on sale for significantly less than the current price!

## Helpful tips after reading the report

Every tip you check off helps you avoid unwelcome surprises later. The more you check, the safer your car deal.

### ~~Check vehicle history~~

You've already done this – great start! Here's what to do next:

- Use the tips in this section when you check the car in person.
- Tick them off to make sure you don't miss anything important.

### Get a professional inspection

An expert mechanic can spot hidden issues you might miss. Here's what to do next:

- ☐ Book a pre-purchase inspection at an independent or authorised service
- ☐ Ask the mechanic to check key systems: engine, brakes, suspension, electronics
- ☐ Request written notes or a report of any issues found

### Check if the mileage matches

Make sure the mileage in this report matches the car's odometer readings. Here's what to do next:

- ☐ Check the odometer reading against the mileage in the report
- ☐ Watch for signs of tampering (worn pedals, suspicious dashboard fixes)
- ☐ Ask the seller about any differences

### Ask for service records

Service records show how well the car has been looked after. Here's what to do next:

- ☐ Ask the seller for the car's service book or maintenance records
- ☐ Check for regular oil changes, filter replacements, and timing belt work
- ☐ Note any missing or overdue services

### Take a real test drive

A proper test drive helps you spot problems with performance, handling, or comfort – you'll notice much more on the road than you will in the parking lot. Here's what to do next:

- ☐ Drive on the highway
- ☐ Drive on bumpy or uneven roads
- ☐ Drive in city traffic
- ☐ Listen for strange noises or vibrations
- ☐ Pay attention to handling and comfort

### Compare with similar cars

Checking other listings helps you know if the asking price is fair – or worth negotiating. Here's what to do next:

- ☐ Search for similar cars online (same make, model, year, mileage)
- ☐ Compare asking prices
- ☐ Look at car condition and equipment
- ☐ Use this info to negotiate with the seller
