

Theft

We checked if the vehicle is currently listed as stolen, if it was ever reported stolen in the past, and whether it's been recovered.

No issues found

We didn't find any records that the vehicle was stolen.

Here's what we checked:

Is it currently wanted as stolen?

No records indicate that this vehicle is currently reported as stolen and is being searched for.

Was it stolen in the past?

No past theft records found for this vehicle.

Police database stolen vehicle check completed in **7 countries**:

 Italy  Slovenia  Czechia  Romania  Hungary  Slovakia  Canada

EV battery and range

We checked manufacturer specifications for battery capacity and range estimates, with charging costs based on average electricity rates in your region.

Skoda Enyaq Coupe iV 80 (2022 - 2023)

New battery usable capacity

77 kWh

Full battery capacity **82 kWh** Range **650 km**

Battery health check recommended: Ask the seller to run a check before you buy – this will give you a clearer picture of the vehicle's current range.

Range overview

 Summer conditions 23°C

City range
650 km

Highway range
410 km

Temperatures between ~10–25°C provide optimal range

 Winter conditions -10°C

City range
430 km

Highway range
320 km

Temperatures below 5°C reduce range

Mileage

We checked if the mileage looks accurate or if it may have been tampered with.

Summary

- Last known mileage: 53,960 km
- Average mileage for similar models: 62,071 km
- 3 mileage records found

Odometer records

10/2022	1 km
11/2024	43,295 km
05/2025	53,960 km

Expected current mileage

Based on recent driving habits, current mileage may be **around 77,025 km**. Actual mileage could differ — check the car's odometer for accuracy.

Driving habits

10/2022 - 05/2025  Normal driving 1,717 km/month

Legal status check

We checked if the vehicle passed technical inspections and whether it was marked as scrapped.

No issues found

No records about the legal status of this vehicle were found

Legal

Passed technical inspection (MOT)?

No technical inspection records found for this vehicle.

Was it scrapped?

No record of this vehicle being marked as scrapped.

Damage

Has this vehicle been damaged in the past? What was the value of the damages?

No issues found

No damage or assessment records found

No damage found

Occasional inaccuracies can occur, especially when checking older vehicles. Underground repair shops may illegally disguise vehicle defects or damages, not recording their existence anywhere. Sometimes, even vehicle VIN plates may be replaced. We have a variety of methods to detect even such crimes, but it's impossible to provide a 100% guarantee.

Market price

We checked how this vehicle's market price has changed over time, based on available historical data and price estimates.

The timeline shows a limited period and does not reflect the vehicle's full lifetime pricing.

i Summary

- Average market price for such vehicle: €31,840
- Be cautious of hidden issues if the vehicle was on sale for significantly less than the current price!

Criteria for market price evaluation:

Make: Škoda

Model: Enyaq iV

Fuel type: Electric

Transmission type: Automatic

Year: 2022

Market: Europe

Market price insights

Price trend forecast

This vehicle is expected to lose -67% of its market price over the next 7 years.

Note: Forecasts are based on current market trends and historical data. Actual resale value may change due to market shifts, condition, location, or other factors.

Emissions

We analysed how much CO₂ this car model typically produces and what taxes or fees may apply.

carVertical Insight

As an EV, this vehicle is zero-emissions. It's likely exempt from emission taxes. Check local regulations to see if exemptions apply.

CO₂ emissions

0 g/km Class: **A**

Specs & equipment

The vehicle's technical specifications and original equipment on record. This section includes simplified AI-generated descriptions to help you better understand each vehicle feature.

Summary

Make sure the vehicle's specs and equipment match what the seller told you.

Helpful tips after reading the report

Every tip you check off helps you avoid unwelcome surprises later. The more you check, the safer your car deal.

Do these checks before buying a car:

Get a professional inspection

An expert mechanic can spot hidden issues you might miss. Here's what to do next:

Book a pre-purchase inspection at an independent or authorised service

Ask the mechanic to check key systems: engine, brakes, suspension, electronics

Request written notes or a report of any issues found

Ask for service records

Service records show how well the car has been looked after. Here's what to do next:

Ask the seller for the car's service book or maintenance records

Check for regular oil changes, filter replacements, and timing belt work

Note any missing or overdue services

Check if the mileage matches

Make sure the mileage in this report matches the car's odometer readings. Here's what to do next:

Check the odometer reading against the mileage in the report

Watch for signs of tampering (worn pedals, suspicious dashboard fixes)

Ask the seller about any differences

Take a real test drive

A proper test drive helps you spot problems with performance, handling, or comfort – you'll notice much more on the road than you will in the parking lot. Here's what to do next:

Drive on different road types: highway, city traffic, and bumpy or uneven surfaces

Listen for strange noises or vibrations

Pay attention to handling and comfort

Compare with similar cars

Checking other listings helps you know if the asking price is fair – or worth negotiating. Here's what to do next:

Search for similar cars online (same make, model, year, mileage)

Compare asking prices

Look at car condition and equipment

Use this info to negotiate with the seller
