Occasional inaccuracies can occur, especially when checking older vehicles. Underground repair shops may illegally disguise vehicle defects or damages, not recording their existence anywhere. Sometimes, even vehicle VIN plates may be replaced. We have a variety of methods to detect even such crimes, but it’s impossible to provide a 100% guarantee.

  - [ ] Ask the mechanic to check key systems: engine, brakes, suspension, electronics
  - [ ] Request written notes or a report of any issues found

- [ ] **Ask for service records**

  Service records show how well the car has been looked after. Here's what to do next:

  - [ ] Ask the seller for the car's service book or maintenance records
  - [ ] Check for regular oil changes, filter replacements, and timing belt work
  - [ ] Note any missing or overdue services
