Cecchetti medals

- Highly commended
senior division 2023

Education

St pauls grammar School

- Year 7-9.

Cairns distance education

- Year 10- 1 term year 11.

TRAINING

YOU CAN DANCE

Emu plains, NSW

I began dancing at my local studio when I was 5 years old and continued training there until I was 13. During those years, I studied Ballet, Contemporary, Jazz, Tap, and Hip Hop.

ALEGRIA

2020. Sydney Woolloomooloo

During my first year at Alegria, I was a part-time student, dancing one full day a week and attending after-school dance classes twice a week while still enrolled in regular school. For the next three years, I committed to full-time training, practicing six days a week for 5-8 hours each day under the guidance of directors Hilary Kaplan and Archibald McKenzie, as well as other instructors, Adrian Burnett, and Catherine Goss.

At Alegria, I completed my RAD exams, achieving a score of 93 in my Advanced Two. I also passed two Cecchetti exams, Advanced One with a score of 96.5 and three Spanish exams with a score of 98. My training included Ballet, Contemporary, Jazz, Spanish, Theory, and Pilates.

BRUSSELS INTERNATIONAL BALLET

2023. Belgium, Brussels

I have recently completed a year at Brussels International Ballet under the direction of Anderson Santana. This program involves training six days a week with three different instructors, focusing on both Vaganova and French ballet techniques. Over the year, I performed in two productions: **The Nutcracker** and **Swan Lake**. Additionally, I was selected to participate in a trio for a gala, where I performed a neoclassical piece. The program also includes training in Ballet, Contemporary, Character, Pilates, Anatomy, and Nutrition.
