About Me

My name is Jasmine, and I'm a passionate ballerina exploring the beautiful world of dance. I dedicate 18 to 20 hours a week to improving my skills, finding joy and balance both on stage and in the studio. Dancing helps me let go of any stress and allows me to fully embrace the magic and emotions that only dance can bring.

I've always been driven to become the best I can be in ballet. My dream is to study at a top dance school where I can learn from experienced mentors and grow as an artist. Right now, I'm a student at the National College of Arts "Octav Băncilă" in Iași. Thanks to the support of my ballet teacher, I've been able to move quickly from practicing as a hobby to training at a professional level.

Even though I haven't been studying ballet professionally for long, I've had some amazing opportunities. I've attended intensive summer courses at world-renowned schools like the Royal Ballet School, John Cranko Schule, and the Académie Princesse Grace. These experiences have helped me improve my technique, see dance from new perspectives, and meet incredibly talented dancers from all over the world who inspire me every day.

2024 Highlights

2024 has been an exciting year full of hard work and big achievements. I was lucky to attend three of the most prestigious summer programs and got some great results through dedication and effort. A highlight for me was winning 1st Place in Contemporary Dance at the Youth America Grand Prix in Barcelona. This success was the result of many hours of practice and determination, both during school and in my free time.

My Goals

I hope my love for ballet will lead to a future filled with growth, inspiration, and memorable moments. I want to share the joy of dance with others and keep pursuing my dreams.
