

INTRODUCTION

Aayush began his ballet journey three years ago at Imperial Fernando Ballet Company in Delhi, India under his teacher Mr Fernando Aguilera. He has recently completed the Professional Trainee Program at English National Ballet School during the 2023-2024 season. As he started training much later than most ballet dancers at the age of 17, English National Ballet School has given him the opportunity to join the final third year of their Diploma program after he finished the Trainee program for the year 2024-2025 and he is currently dancing there. He is looking to dance with a reputed ballet company, where he can grow as an artist and add to the company's culture.
