

I love dancing, it is my passion. It makes me feel happy and confident. With a school that has dance in it will perfectly fit me. The atmosphere is warm and friendly so I can dance happily. And along with dance, I have wide open opportunities for the future. VCASS has outstanding reputation for both academic and performing art. Along with so many opportunities to perform on stage. Each day we work on dance and education which is a nice balance where we can improve on each subject just as well as the others.
