To Whom It May Concern:

I am writing this letter of recommendation in support of Greer Gage. Ms. Gage has been a part of Nashville Ballet for several years, starting as a Professional Training Division student, and is now a member of NB2 our second company. She is an exceptional artist and should be given full consideration for any position she applies for.

Having worked closely with Ms. Gage for years, I have found her to be a leader. She is intelligent, thoughtful, and hardworking and brings her best to every situation. She has grown as an artist, and technician and continues to impress our artistic staff having been cast to perform work alongside our company artists, along with many wide-ranging performance opportunities with our second company.

Ms. Gage is well versed in classical and contemporary work. Her training with our second company has demanded rigorous technical execution for classical work, while simultaneously bringing an astute sense of artistry. Conversely, while dancing contemporary work, you will find her long lines bring a wonderful juxtaposition to her lovely movement quality. With her keen ability to learn choreography quickly, you will find her to be an asset in the studio and on stage.

I sincerely hope you will consider her application, and if you require any additional information, please do not hesitate to reach out to me at the email below. I would be happy to share more insights as you consider her application.

Sincerely,
