

# ANNIE FOSTER

---

I am a classically trained UK dancer with a strong technique and captivating performance skills. I have a serene elegance when I dance, focussing on combining accuracy in my technique, expressive dynamics, and the creativity to develop the personality for characters I portray on stage. Having been in full time training since the age of 11, I have been fortunate enough to experience some amazing performance opportunities while training at The Royal Ballet School and English National Ballet School. I am excited to start my the next chapter of my ballet career.

## DANCE TRAINING
