2nd December 2024

To whom it may concern:

I would like to confirm that Asher Flynn-Kann has graduated from the Queensland Ballet Academy (Pre-Professional Program). This program includes Classical Ballet training, Pas de deux, Repertoire, Contemporary and live performances.

Asher has applied himself with professionalism and tenacity in all subject and performance areas. Excelling in Classical, Contemporary and Pas de deux virtuoso techniques, Asher is quick to learn and retain new choreography. His work ethic and commitment are outstanding. He is accomplished at task base creation and choreography.

Dance is obviously a passion for Asher, and he has trained at a high level for many years, which would make him an asset to any company. I am happy to be contacted as required for further information.

Your sincerely, Camilo Ramos

Teacher and Coordinator of The Pre-Professional  
Program at Queensland Ballet
