

DATA SCIENTIST/ANALYST

m/f**Vienna****Full Time**

Brightscope plans, measures, and communicates industry-relevant metrics for printed and digital outdoor advertising campaigns. We are a fast growing company and offer you the opportunity to actively shape the future of advertising, together with our international team.

You can also look forward to:

Flexible working time

Personal development

Cutting edge technology

International team

Gadgets & equipment

Healthy drinks & snacks

Responsibilities

- ✔ Identify valuable data sources and automate collection processes
- ✔ Undertake preprocessing of structured and unstructured data
- ✔ Analyze large amounts of information to discover trends and patterns
- ✔ Statistical evaluation of advertising campaigns and present information using data visualization techniques
- ✔ Build predictive models and deploy into a live production environment
- ✔ Conduct research and development activities, data exploration and discovery, develop prototypes, algorithms and proof of concepts
- ✔ Build data products to extract valuable insights

Who are we looking for?

- ✔ Masters degree and 2+ years of professional experience in data science, statistics or machine learning
- ✔ Ability to code in R and Python, working knowledge of key packages (e.g. scipy)
- ✔ Good understanding of geospatial analysis - WKT, GeoJSON, projections, transformations and set operations
- ✔ Good visualisation and presentation skills
- ✔ Basic understanding of marketing research and advertising

- ✔ Pragmatic thinking & high degree of attention to detail
- ✔ You are a keen and fast learner
- ✔ You focus on solutions and take feedback well
- ✔ You are a team player with good written and spoken English skills

Start: From January 2020

Engagement: Full Time

Location: Vienna (A1 Startup Campus)

READY TO APPLY?

For this position, we offer a minimum annual salary of **€ 45.000 gross** based on the Austrian IT collective agreement. This amount will be adapted according to your skills and experience.
