Export Service Package

The Export Service Package utility is installed together with this software. When running this utility all vital information stored in the scanner's non-volatile memory is saved to a file in your TEMP directory. In case of trouble with your scanner this file can be e-mailed to technical support in order to ease diagnostics of the problem.

Supported Operating Systems

- Windows Server 2025 (Standard Edition, 64-bit)
- Windows 11 (Enterprise, 64-bit)
