KTM POWERWEAR COLLECTION 2021

KTM AVIATOR 3 HELMET

Leave everyone behind. Again. Winning once is not difficult, continuing to do so is. Aviator 3 raises the bar of the competition and redefines the standards of an offroad helmet. The outer shell, available in 4 different sizes, is made of the noble fiber composite and was developed in the Airoh owned wind tunnel to best engineer shapes and performances.

Great attention was given to the aerodynamics, to make the helmet stable also at high speed, and the thermodynamics, to optimize thermoregulation. Airoh's technological achievement is condensed in this new product, where the second generation AMS2 (Airoh Multiaction Safety System), the AEFR (Airoh Emergency Fast Release) and the AMLS (Airoh Magnetic Lining System) systems are combined.

The 6 air vents and the back spoilers with integrated extractors give Aviator 3 a comfortable fit also when used in the most extreme conditions, just as the innovative AHS (Airoh Hydration System - to fix drinking system) integrated in the EPS.

The new KTM Aviator 3 will stand out in every situation with a striking, unique graphic and color variation.

Aviator 3. Limitless!

FEATURES

BREATHABLE: Removable and washable inner lining

HIGH VENTILATION
Through front and top vents,
chin guard and rear vents

TECHNICAL DETAILS

MATERIAL: 100% Fiber Composite
WEIGHT: 1,300g (± 50g)
4 SHELL SIZES: 1: XS (53-54) – S (55-56);
2: M (57-58)
3: L (59-60)
4: XL (61-62) - XXL (63)

INCLUDED ACCESSORIES

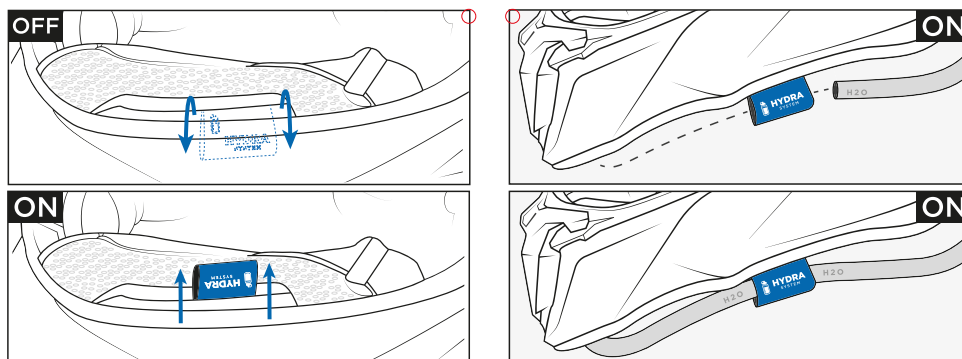

Helmet bag
Peak extension (long version)
Front closure kit
Top vent cover
Screw set and filter
Side bumper

FEATURES

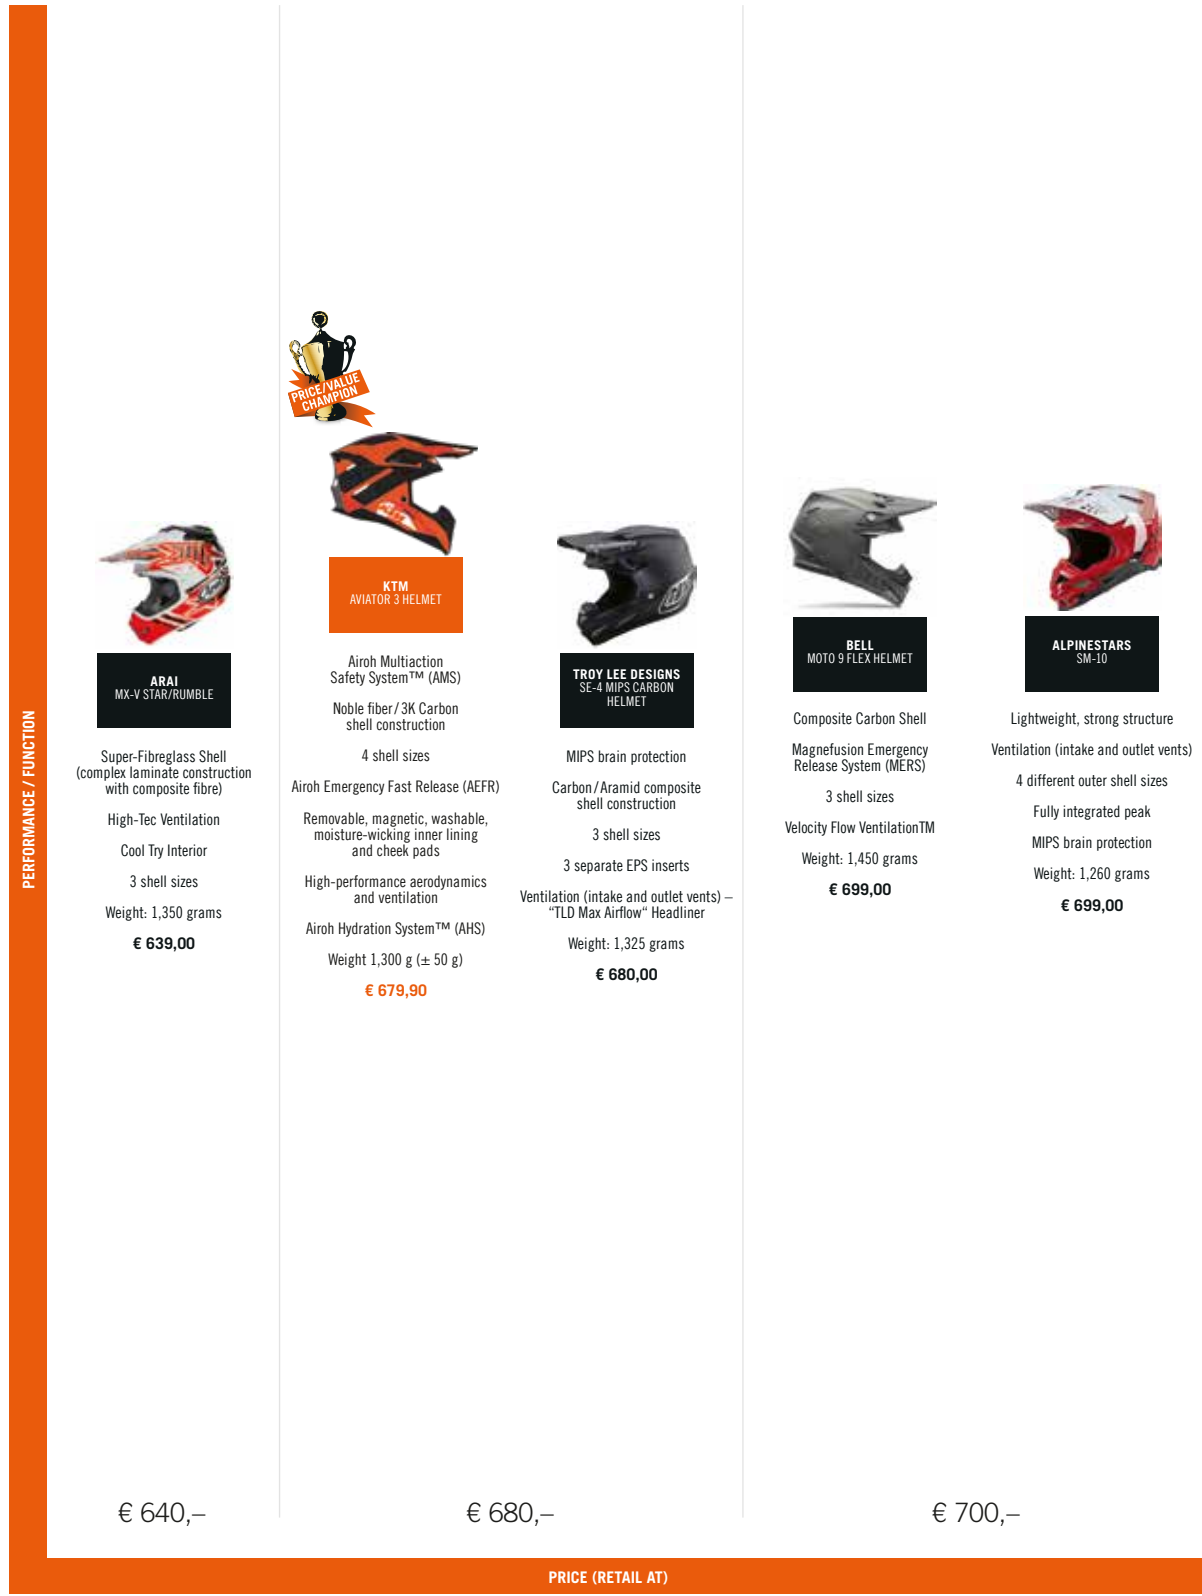

AMS2 AIROH MULTIACTION SAFETY SYSTEM:
PROTECTION AGAINST ANGULAR IMPACTS

AIROH HYDRATION SYSTEM:
PERFECT INTEGRATION OF HYDRATION SYSTEM
