

Diamond Tread

Fatigue relief for welding professionals

Welders need relief from standing like any other professional. • The heavy-duty top surface is both resilient and fire tested, whilst the soft foam underlayer provides cushioning for the feet. • Ideal for welding bays and demanding industrial use. • Flame retardant top surface (tested to BS EN 13501-1) – so weld sparks aren't an issue. • Loose lay – can be moved easily. • Bevelled edges help avoid creating a trip risk. • Material: Vinyl top surface with PVC foam backing (fusion bonded, not glued) • Product Height: 15 mm

Sizes	Black
0.6 m x 0.9 m	DTB010001
0.9 m x 1.5 m	DTB010002
0.9 m x 18.3 m	DTB010003
0.9 m x per linear metre	DTB010003C

Marble Anti-Fatigue

Anti-fatigue matting when appearance is important

Marble design helps blend in to an array of interior styles. • Ideal for locations where looks matter such as hair salons, beauty counters or retail. • Plush foam backing offers relief from standing all day. • Hardwearing top surface ensures long life with normal use. • Capable of withstanding industrial applications. • Bevelled edges help avoid creating a trip risk. • Material: Vinyl top surface with PVC foam backing (glued) • Product Height: 12.5 mm
