

## COBAGRiP®

COBAGRiP® is a range of UV stabilised GRP sheets, treads and stair nosing designed to offer exceptional levels of slip-resistance both indoors and out, while having outstanding wear and tear qualities. It is an ideal underfoot safety solution for pedestrian and factory walkways, access ramps, gangways and bridges.

The silicone carbide 'gritted' top surface provides effective underfoot grip and is resistant to most solvents and chemicals. It is manufactured using flame retardant materials. Easy to install, simply bond or screw to the existing floor surface, COBAGRiP® is a cost-effective means of refurbishing damaged or slippery floors. Easy to clean (pressure wash).

*\*Ramp Slip Tested to R13 in accordance with DIN 51130: 2010.  
Pendulum Slip Tested in accordance with BS 7976-2: 2002.*

### COBAGRiP® Sheet GRP flooring is the ideal solution to combat slip hazards such as liquids and ice

An easy to install anti-slip solution for internal and external areas. • Simply bond or screw the GRP flooring onto the existing floor surface. • Available in a range of colours which meet the Equality Act requirements, including black, grey and yellow. • Product Height: 5 mm
