## Microfibre Doormat

### Washable doormat with super absorbency and microfibre technology

Multi-action entrance mat with hygienic microfibre technology. • Flexible, ultra-fine fibres (finer than a human hair) provide deep-cleaning action on passing footwear. • Friction from the fibres generates a static charge that attracts and traps dust/debris. • Effectively penetrates those hard to reach treads on footwear and wheeled trollies. • Superior 'brushing and wiping' with 'rapid dry' properties that outperform cotton. • Luxuriously soft pile that keeps entrances looking smart, stylish and free from lint. • Environmentally-friendly – does not require chemical pre-treatment or washing detergents. • Material: Microfibre • Product Height: 8 mm
