PROPHETIC WORD

June 2026

by Prophetess Monica Ollivierre

On May 26, 2026 at 5:05am, God began to reveal what He had in store in the month of June for Hope Aglow. He began by dropping "momentum" into my spirit and continued with the following:

"Momentum. The pace is starting to pick up in June. The momentum is starting to pick up and compound for you Hope Aglow. (God showed me a runner. Not a short distance runner but a long-distance runner that has been dressed, conditioned and prepared for the race.)

Hope Aglow will finish the race successfully this year. You are starting to pick up steam. The pace is starting to increase. You are at the midway point through the race for this year. Much ground has been covered thus far.

Remember the lessons I have taught you so far. I need you to go back through your notes on the messages thus far this year. Go back through the to-do items that I led you to do. If they are not finished with them, complete them.

You will need those lessons learned Hope Aglow to help you with the rest of the year. I released those messages for a reason. Pay close attention to the messages for the rest of the year. They will strategically position you to keep running, to make progress, and to cover more ground between now and the end of the year. Every message is important.

Look at what I've revealed to you so far this year Hope Aglow. Press into those revelations. Don't forget them and get ready for new ones. I need you to be good stewards over what I have revealed to you so the lessons learned can help you in the days ahead.

If you don't have one place that you have been writing your notes down from the messages and My revelations to you, I need you to begin now to do that and take action on what I reveal to you. Don't let those pearls fall to the ground for they are surely answers to help you in the days ahead.

Be listening attentively. I am releasing answers and I will continue to release them. I need you to pay closer attention to what I am revealing in Bible study, messages on Sunday and during corporate prayer times for I am moving through all of them to help you to build, build, build this year.

Be diligent to catch what I am releasing to help you to continue running this year. Hope Aglow I need you to listen to what I've released thus far in the year and what I will release the rest of the year. This month I need you to make up your mind to do that and apply what I release to your lives like never before.

You will truly eat the best of the land if you will move forward with what I release and have released with a willing and obedient heart. I have things already prepared for you to walk into. You just need to take action because faith without works is truly dead.

More willingness and more obedience is needed this month and for the rest of this year. I will help you with that. All you have to do is ask.

Hope Aglow you have gained momentum thus far in the year, which is good. There is still much ground to cover the rest of the year. Stay in tune with Me. Let Me set your pace and your destination. Keep running. Don't give up. Outlast the enemy. Don't grow weary in well doing. Keep doing what you know to do, and I will show you what you don't know to do.

Keep running Hope Aglow. You are about a good work for Me. Do not be deterred or discouraged by what you see. I am with you and will lead and guide you through this.

Keep fighting the good fight of faith and running your race. You will get to My expected end. Receive My second wind this month to keep running. The second wind comes by Bible study, the messages on Sunday and during corporate prayer times. Receive that fresh wind blowing. Breathe in deeply and be strengthened by it for the rest of the year because it will help you with every step you take this year. "
