# HOLOFIT COMPANION APP

NEVER LOSE TRACK OF  
YOUR WORKOUTS

## HOW TO USE THE HOLOFIT APP

Once you have subscribed to HOLOFIT on your MyHOLOFIT Account and registered your headset, your CompanionApp account is automatically created and you are automatically logged in on the headset.

All you need to do is download the CompanionApp from the AppStore or Google Play to your phone and log in with your MyHOLOFIT credentials - the same email and password you used to create your account when purchasing your subscription.

This account will be the "Main User" on your HOLOFIT and automatically logged in whenever you pick up the headset.

To check if you are logged in, look up at the top of the Main Menu. If your name is displayed, you are logged in.

If someone else from your family wants to use their own account, move on to the next page for instructions.

# HOW TO USE THE HOLOFIT APP

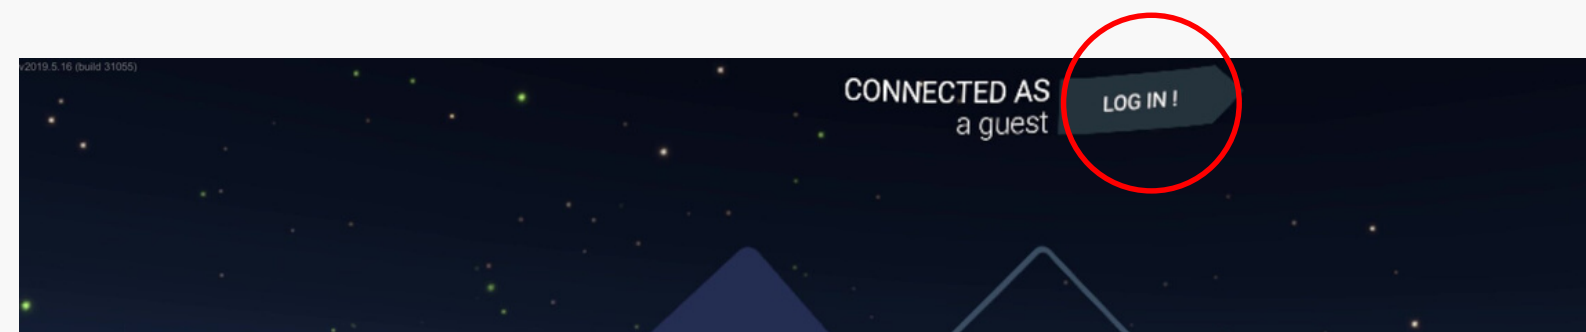

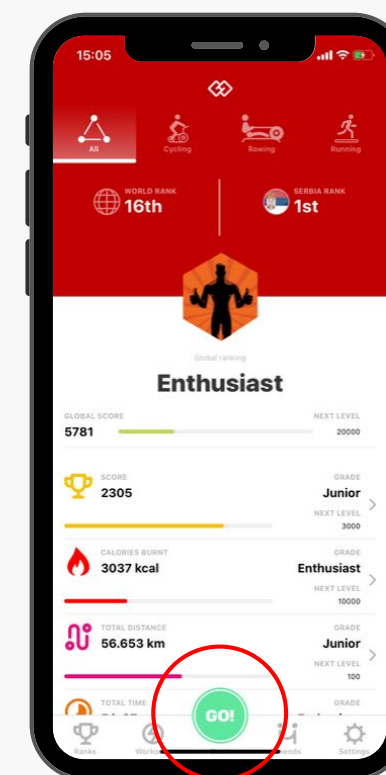

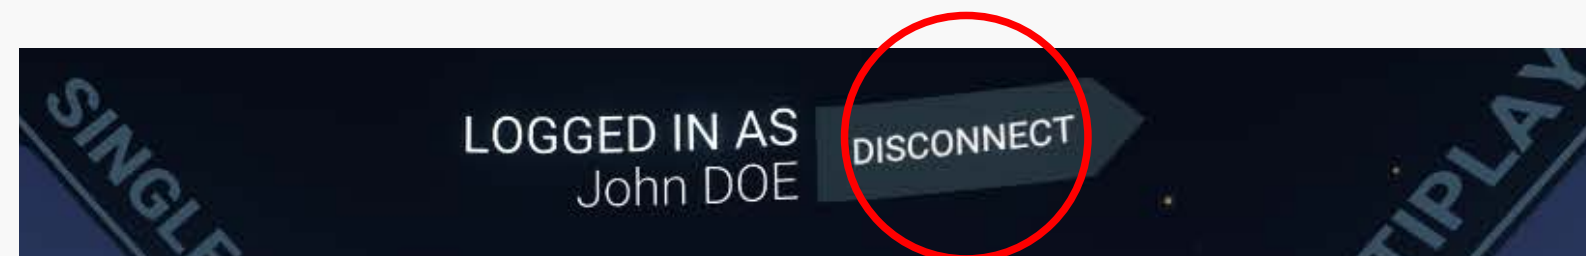

If you are not the "Main user" on your HOLOFIT, but want to use the Companion App, simply download it from the App Store or Google Play and create your account.

Before every workout, you first have to click **Disconnect**. Then, select **Log In**. On **Vive Focus**:

- 1) Open the app on your Phone and click the green **"GO"** button.
- 2) Choose the **HOLOFIT Go tab** at the top. Your QR code will appear.
- 3) Put your headset on. When you get to the main Menu, select **"Login"** at the top of the screen.
- 4) The **headset camera** will turn on. Use it to **scan the QR code that is displayed on your phone**. You will now be logged in.

On **Oculus Quest**:

- 1) Put the headset on. When you get to the main Menu, select **"Login"** at the top of the screen.
- 2) Take your **Oculus Controller** and put in your **App login email address and password** into their corresponding field. You will now be logged in.

# HOW TO USE THE HOLOFIT APP WITH HOLOFIT PRO

On your MyHOLOFIT page, scroll down to the very bottom section "Registered devices. Click on your Device name.

When the QR code appears, save the Image to your computer. For easiest usage, print it out and keep it next to your fitness machine.

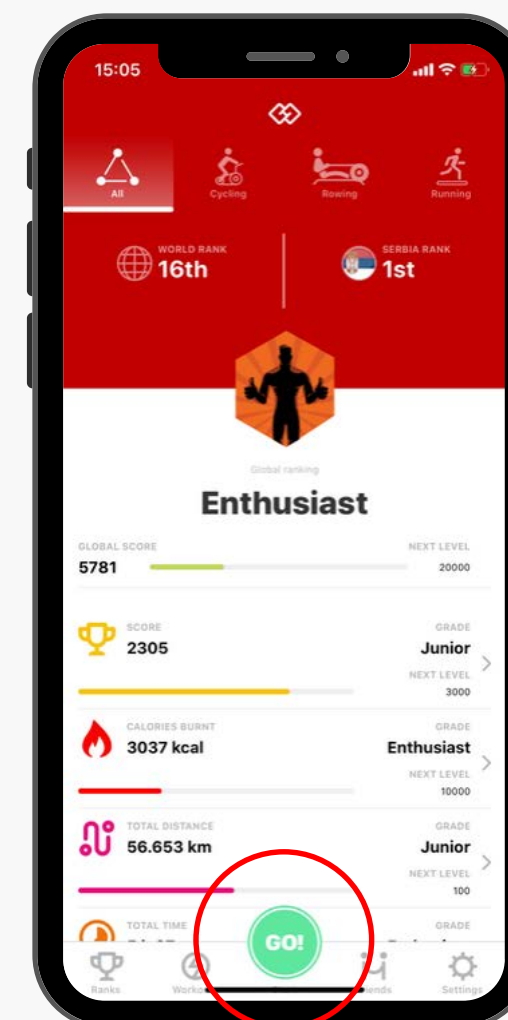

Once you have downloaded the HOLOFIT Companion app from the App or the Google play store, register an account.

**This account is different from your MyHolofit account.**

Before every workout, you have to log into HOLOFIT. On **Vive Focus:**

- 1) Open the app on your Phone and click the green **"GO"** button.
- 2) Choose the **HOLOFIT Pro tab** at the top. The QR code scanner will start.
- 3) Scan your QR code and you'll be logged in.

| Name            | Type      | Purchase | Subscription | Status     |
|-----------------|-----------|----------|--------------|------------|
| DESKTOP-D0005A2 | 471005495 |          | # 12         | SUBSCRIBED |

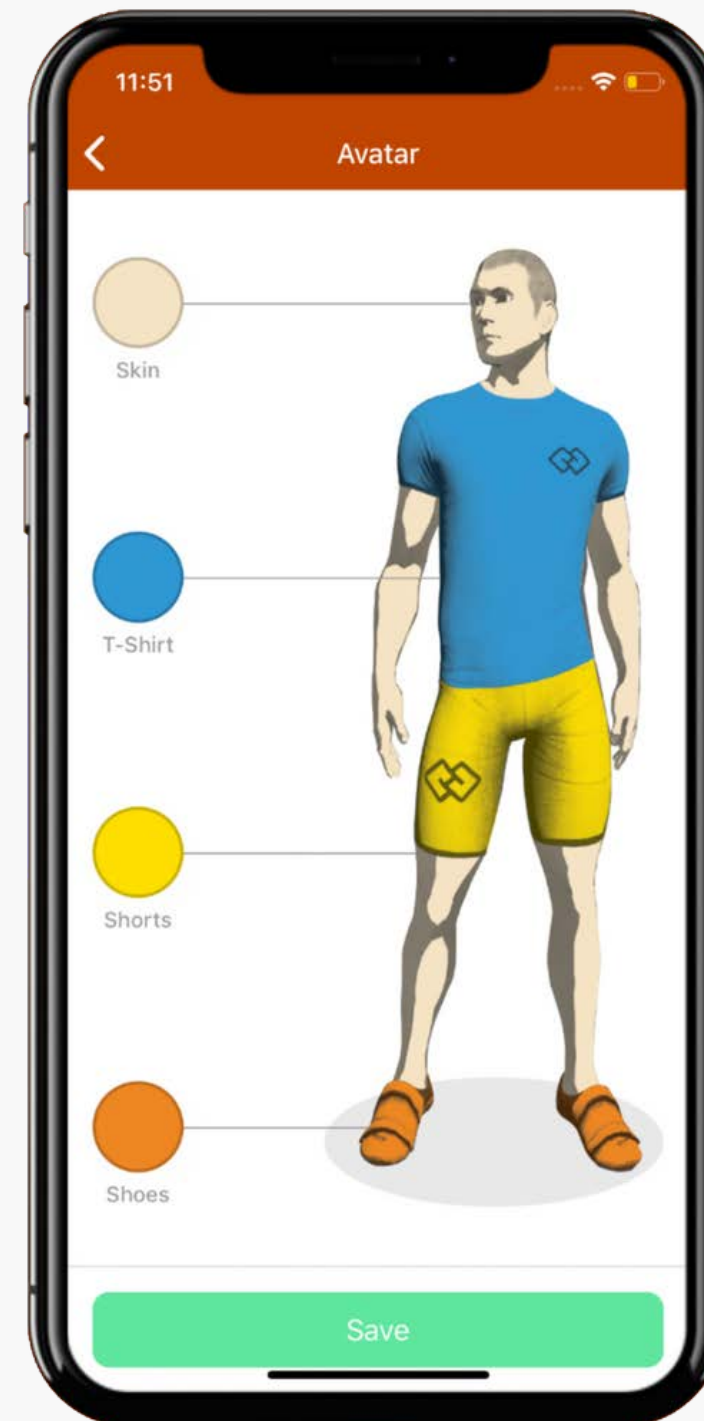

# AVATAR CUSTOMIZATION

Personalization is important.

While you're registering in the HOLOFIT Companion App, you have the option to customize your avatar.

As of now, you can customize the skin color, your shirt, shorts and shoes. More options coming soon!

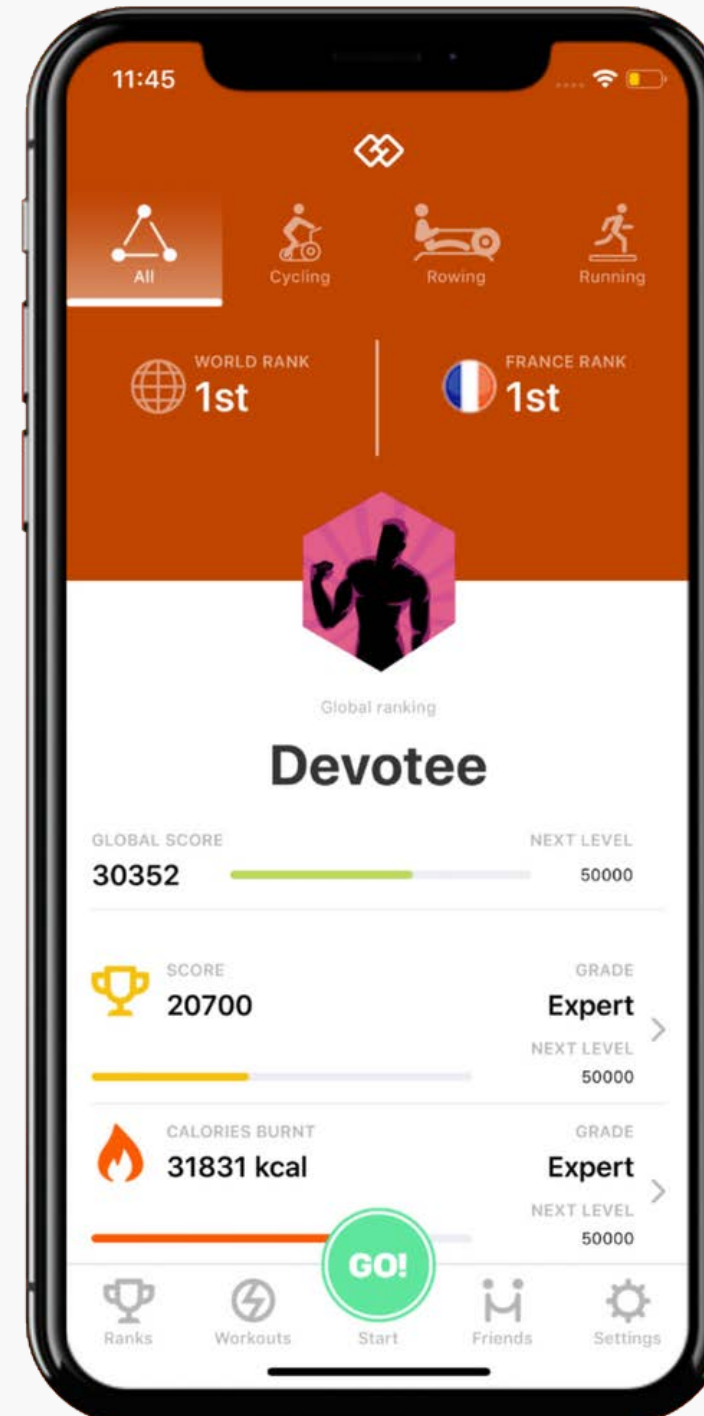

# PROFILE PAGE

Your profile page give you a short overview of your HOLOFIT activity.

You can see you rank in the world, your rank in the country and your level, as well as how much further you have to go to level up.

All of this can be looked at individually for one machine, or all together.

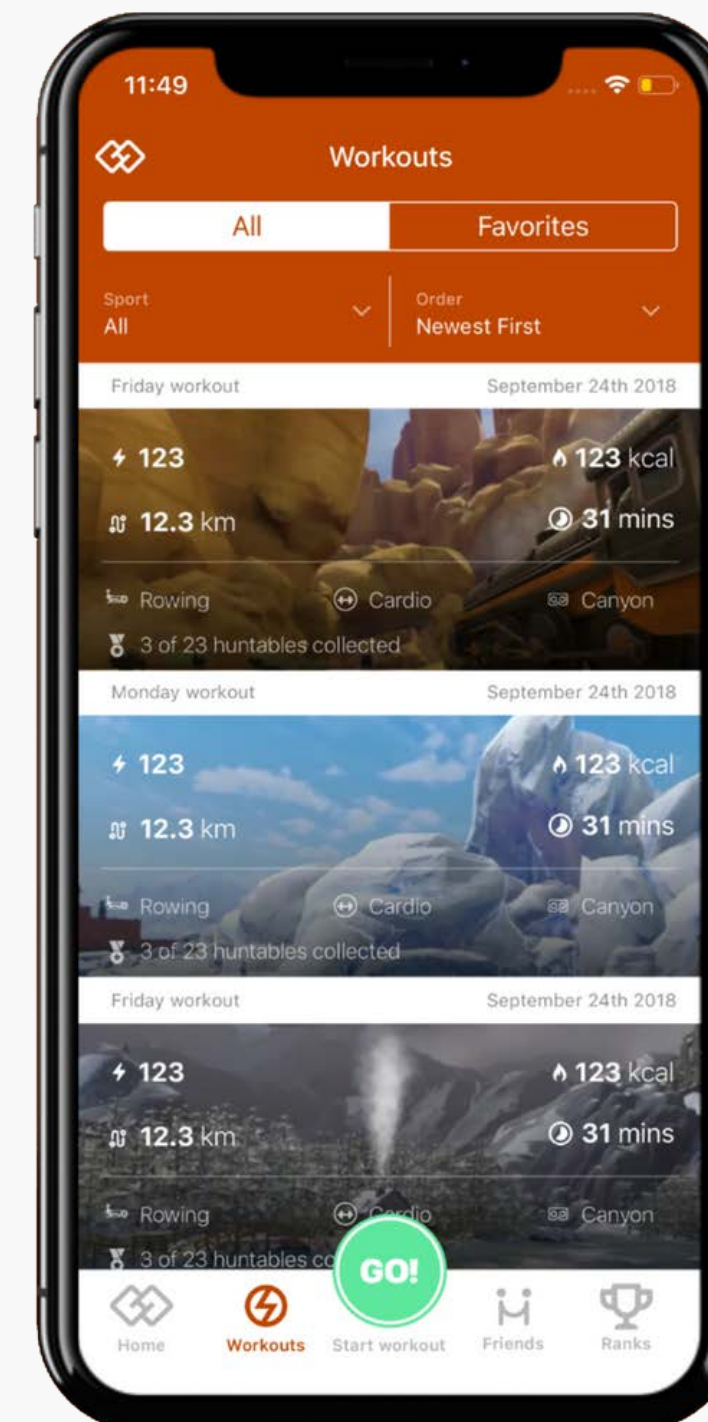

# YOUR WORKOUTS

The main feature of the HOLOFIT companion app is tracking your workouts.

After completing one, you'll be greeted with the workout report that lists various important information.

In the Workouts tab, you can go back and check out all of your past workouts.

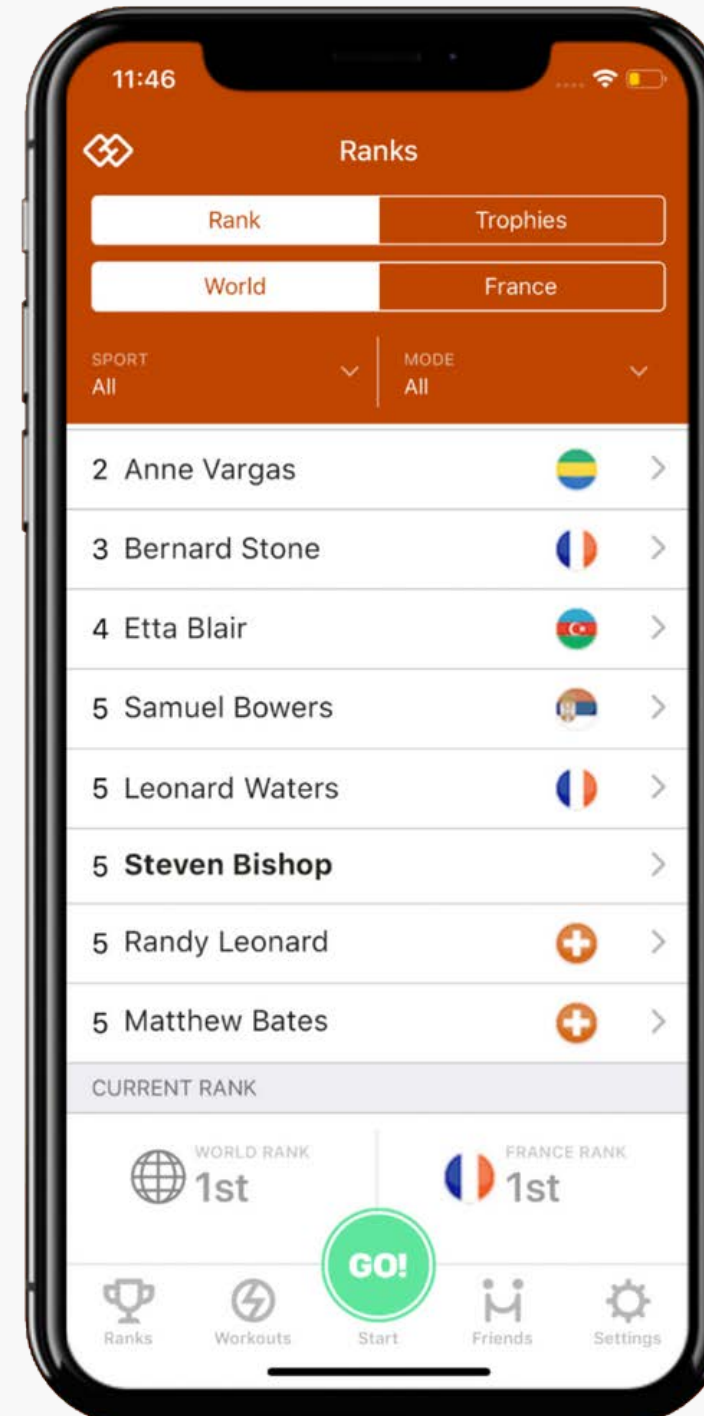

# RANKINGS

One of the most motivational features of the HOLOFIT app is that it leans into the competitive human nature.

That's why we've developed the rankings list.

Users can compare their results with their friends or other HOLOFIT users.

The rankings are an essential part of the HOLOFIT community because they enable users to connect with each other.

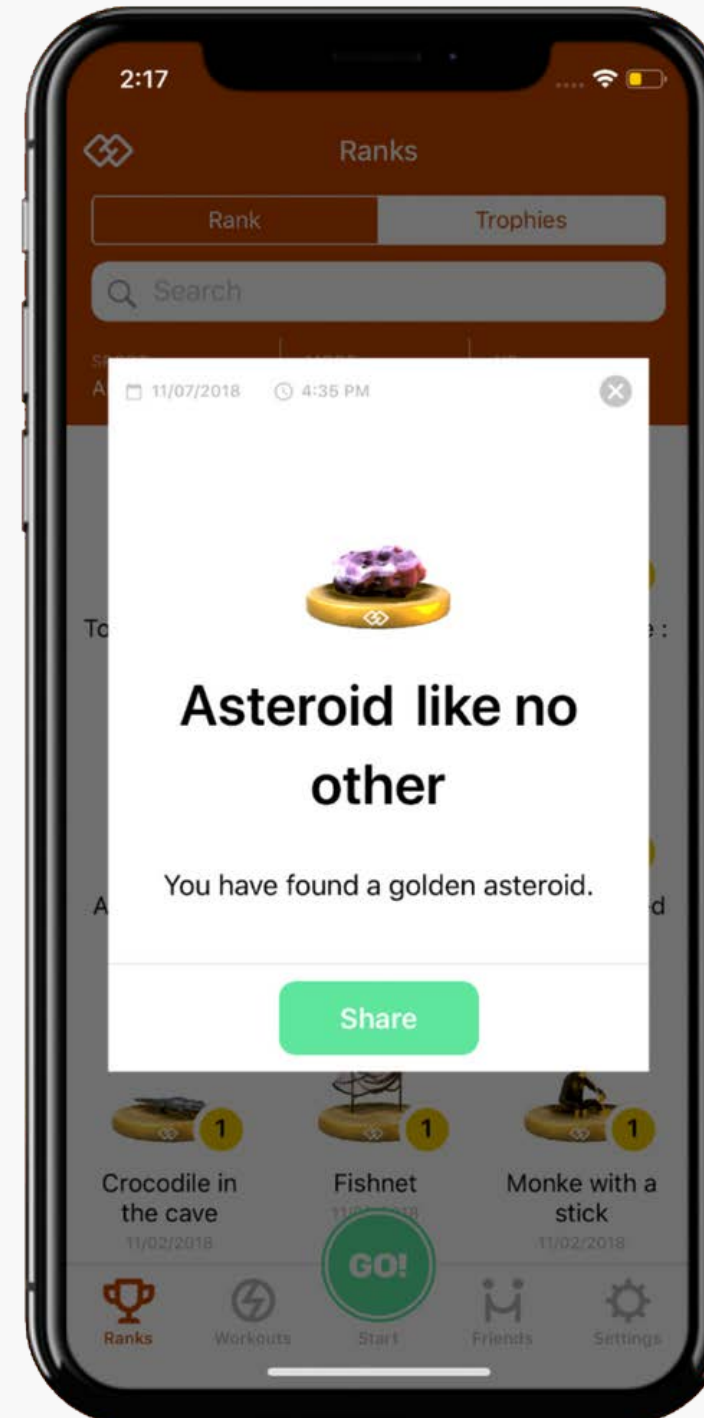

# TROPHY COLLECTION

Have you found more trophies than your friends?

This is where you go to check.

All the trophies that you've found will be saved in the app. Can you manage to find them all?

WE MAKE CARDIO FITNESS ADDICTIVE

HOLOFIT system is a reliable, autonomous, comfortable, and fun experience. For a high frequented venue, having a complete solution that is ready to welcome customers without the help of operator is a strong asset.
