

Dragi colegi,

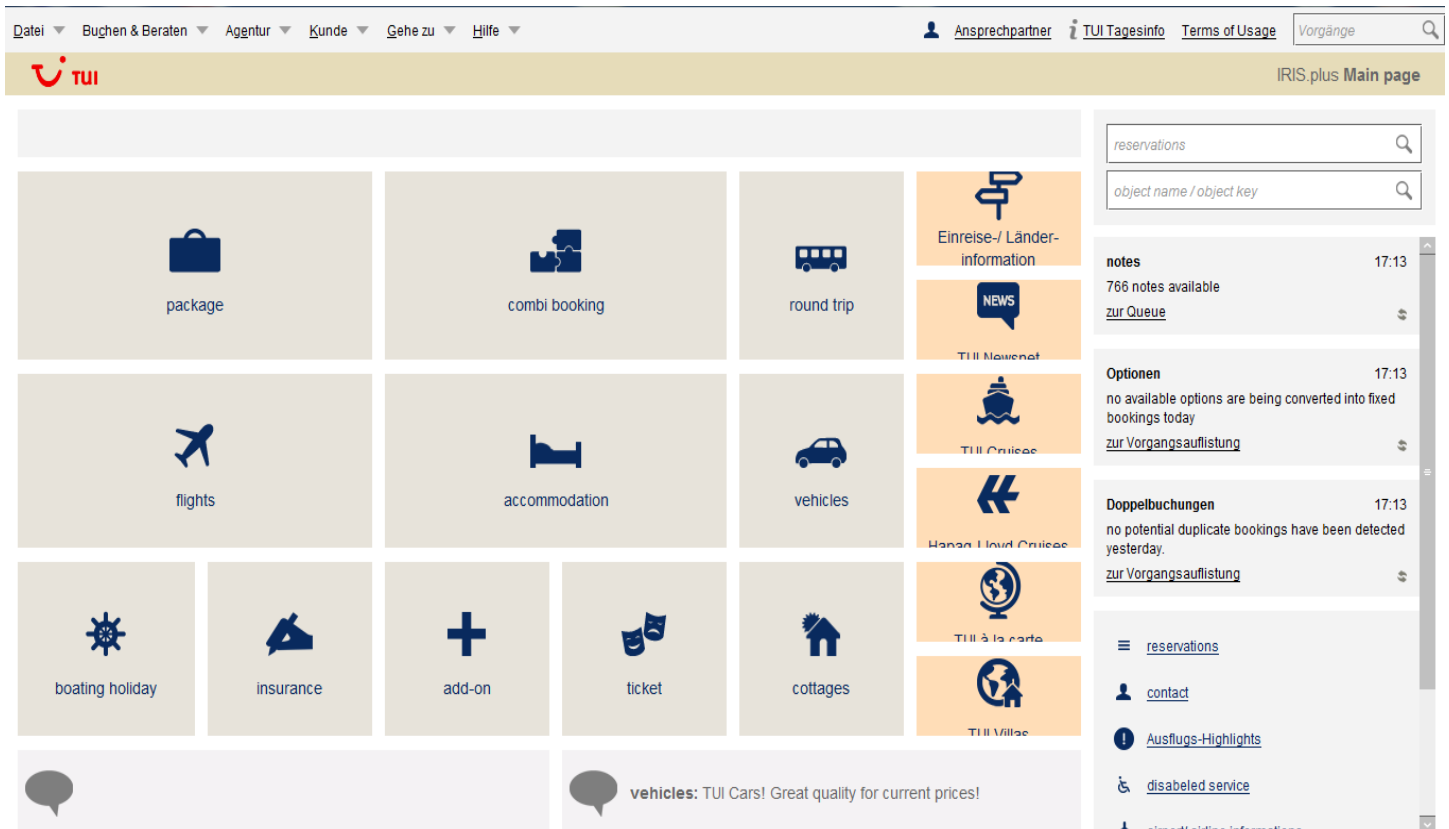

Avem placerea de a va prezenta noile functionalitati aduse de versiunea **IRIS.plus 12.0**.

Cuprins:

- 1) Pagina de start – new look
- 2) Holiday Matcher Round trip
- 3) Update Holiday Matcher in modulul Package
- 4) Actualizare denumire TUI Brand Concept Hotels

1) Un nou look al paginii de Start

Vechile culori (albastru, verde, portocaliu) au fost inlocuite cu noi nuante mai discrete si in concordanta cu noul aspect al modulelor Accommodation, Package si Round Trip.

The screenshot shows the TUI IRIS.plus Main page interface. At the top, there is a navigation bar with menu items: Datei, Buchen & Beraten, Agentur, Kunde, Gehe zu, Hilfe, Ansprechpartner, TUI Tagesinfo, Terms of Usage, and a search field labeled 'Vorgänge'. Below the navigation bar is the TUI logo and the text 'IRIS.plus Main page'. The main content area is divided into several sections. On the left, there is a grid of icons representing different services: package, combi booking, round trip, flights, accommodation, vehicles, boating holiday, insurance, add-on, ticket, and cottages. On the right, there is a sidebar with a search field for 'reservations' and 'object name / object key'. Below the search field, there are several sections: 'notes' (766 notes available, zur Queue), 'Optionen' (no available options are being converted into fixed bookings today, zur Vorgangsauflistung), and 'Doppelbuchungen' (no potential duplicate bookings have been detected yesterday, zur Vorgangsauflistung). At the bottom of the sidebar, there are links for 'reservations', 'contact', 'Ausflugs-Highlights', 'disabled service', and 'airmod/ airline information'. A chat bubble at the bottom of the main content area contains the text: 'vehicles: TUI Cars! Great quality for current prices!'.

2) Holiday Matcher Round Trip

Modulul Roundtrip (*Rundreise*) a fost actualizat atat vizual cat si din punct de vedere al tehnologiei in armonie cu designul modulului Package si cu cel al modulului Accommodation.

Pagina de input:

The screenshot shows the TUI Holiday Matcher Round Trip input page. The page has a green header with the TUI logo and a navigation bar with icons for back, forward, main page, package, flights, accommodation, cottages, round trip, extras, tickets, vehicles, insurance, boating holiday, res. list, info, print, and combi booking. The main content area is divided into several sections:

- TRAVEL DATES:** Includes fields for Earliest start (15.09.2017) and Latest start (06.10.2017), a Destination field (JNB25939), and Occupancy (2) and Age fields.
- OFFERS:** Includes a TUI Value checkbox.
- ORGANIZERS:** Lists GULET Touristik, TERRA Reisen, TUI Deutschland, airtours, and 1-2-FLY.
- RUNDREISEART:** Lists various travel options like Rundreise, Rundreise - Bahn, Rundreise - Bus, Rundreise - Selbstfahrer, Schiffsreise - Kreuzfahrt, Schiff - Flusskreuzfahrt, Schiff - Expeditionskreuzfahrt, Schiff - Hochseekreuzfahrt, Schiff - Tauchkreuzfahrt, and Schiff - Windjammerkreuzfahrt.

A Vacancy button is located at the bottom left.

Putem efectua cautarea utilizand urmatoarele criterii:

- 1) Perioada de calatorie poate fi **flexibila** (earliest start date si latest start date) - se poate indica prima si ultima data posibila de plecare;
- 2) In campul **Destination** putem utiliza codul de 3 litere al destinatiei, tara sau codul de catalog al produsului dorit (ex. : JNB, Spanien, ILAX40922, BKKRR001);
- 3) Filtrarea rezultatelor in functie de **tipul de circuit** dorit (individual, bus, croaziera etc.) – acest camp permite selectii multiple. Din informatiile pe care le avem denumirea categoriilor de circuite va fi tradusa si in limba engleza odata cu urmatoarea versiune

The screenshot shows the TUI website interface. At the top, there is a navigation bar with the TUI logo and various menu items like 'back', 'main page', 'package', 'flights', etc. Below this, there are tabs for 'holiday matcher 2.0', 'holiday matcher 2.0 (11.2)', 'package', and 'pre-booking'. Aceasta functionalitate a sistemului ne ajuta sa rafinam rezultatele de pachete in functie de anumite criterii subiective ale componentei de zbor (de ex. o anumita ora de decolare, o anumita ruta etc) si obtinerea unei pagini de rezultate de pachet doar pe aceste coordonate.

4) Multiple rooms in modulul Package

In modulul Package a fost introdusa posibilitatea de verificare a optiunilor existente pentru categoria de camera si/sau tip de masa, prin accesarea butonului Room, chiar si atunci cand linia de oferta include o cotatie pentru mai mult de o camera:
