

ExtraPlatz (“extra space” in English) is a brand owned by Fruchtlänge 7 AG.

ExtraPlatz has developed a prototype self storage facility that serves as a proof of concept for fully automated self-storage. We use smart locks by dormakaba to fully automate self-storages - from booking to moving in. No personnel required.

Here’s how it works:

- book online at www.extraplatz.ch (only available in German); use our 360° Google Street View tour, storage space calculator and other helpers to find the storage room size right for you
- download the ExtraPlatz app, available for iPhone and Android
- move in right away - there’s no need for signing additional papers or picking up keys - your smart phone serves as a key

Facility Address	Schachenstrasse 10 8633 Wolfhausen Switzerland Europe
Operated By	Fruchtlänge 7 AG Schachenstrasse 19 8633 Wolfhausen Switzerland Europe
