**Please note**

Since currently trading operations can be executed only using the BITBON/USD financial instrument, your Trading Account balance will be displayed in BITBON and USD by default.

Later, in order to view the balance in a different currency, you will have to select from the proposed list such financial instrument, which includes the name of the required currency. After that, your Trading Account balance will automatically be displayed in the relevant currencies.

- 2 For example, if you want to view the Trading Account balance in **Bitbons** and US dollars, you should click on BITBON/USD in the list of financial instruments. After that, the selected currency pair (BITBON/USD) will be displayed in the block below, and next to this pair, you will see your Trading Account balance in the relevant currencies.
