2.2.1. The Terms and Conditions consist of sections, paragraphs and subparagraphs, and may contain footnotes, charts, tables and links to other documents applicable on the [Website](#).

3. STRATEGIC PARTNER PROGRAM

3.1. Description of the Strategic Partner Program

3.1.1. The Strategic Partner Program allows an Investbox User to formulate and successfully implement his/her strategy for promoting the Company's products and services, as well as create and develop an effective structure of social connections that will ensure consistent profit.

3.1.2. By activating one of the IB modules, an Investbox User becomes a Participant in the Strategic Partner Program, acquires the relevant status and gains access to the opportunities of the Investbox Service in accordance with the IB Module this Investbox User activated.

3.1.3. By means of the Investbox Service, the Company provides the Participant in the Strategic Partner Program (hereinafter also referred to as the "Strategic Partner") with all necessary tools for his/her activity as part of the Strategic Partner Program.

3.1.4. In order to receive all types of partner remuneration for promoting the Investbox Service, each Strategic Partner has free access to selling IB Modules and IB Packages.

3.1.5. Different types of remuneration described in Section 5 "Remuneration of a Strategic Partner" are envisioned for promotion of IB Modules and IB Packages as part of the Investbox Service.

3.2. Concept of Participating in the Strategic Partner Program

3.2.1. Participation in the Strategic Partner Program implies the use of the functionality of the Investbox Service available as a result of activating one of the service tools of the Strategic Partner Program — IB Module.

3.2.2. The rules and conditions for activating IB Modules are established in paragraph 6.2 of these Terms and Conditions.

3.3. Concept of a Partnership Structure and Principles of Forming It

3.3.1. The Partnership Structure is any number of Strategic Partners united within the Investbox Service following the principle of hierarchy into graphs of social

connections by means of Referral Links.

3.3.2. By activating any IB Module of the Strategic Partner Program, the Investbox User receives the status corresponding to the activated IB Module and becomes a Strategic Partner of the 1st level in accordance with the Career Plan.

3.3.3. Participation in the Strategic Partner Program envisions the possibility of career growth in accordance with the Career Plan of a Strategic Partner that has 12 levels and depends on the results of personal activity of the Strategic Partner and his/her Partnership Structure.

3.3.4. Within the context of these Terms and Conditions and on the [Website](#), the terms “sale” and “personal sale” shall mean actions of the Strategic Partner aimed at promoting the Company’s products and services, which result in the activation of an IB Module and/or purchase of an IB Package by a Website User.

3.3.5. The Participant in the Strategic Partner Program can on his/her own behalf and at his/her own expense search for and attract new Website Users for their registration of Accounts on the [Website](#) and activity by means of the functionality of the [Website](#) and/or separate [Website](#) services.

3.3.6. An attracted Customer is a Website User that:

- has registered on the Website using the Referral Link provided by the Strategic Partner or has entered the Partner ID when registering or in the Account settings and
- has activated any IB Module and/or purchased any IB Package.

3.3.7. The Strategic Partner confirms unconditionally that all participants in his/her Partnership Structure are Customers of the Company.

3.3.8. The attracted Customer that activated any IB Module becomes a partner of the 1st line for the Strategic Partner, whose Referral Number was entered by the attracted Website User in Account settings. In this case, this Strategic Partner is considered to have made a personal sale of the IB Module.

3.3.9. The attracted Customer that activated any IB Module becomes a partner of the 2nd line for the Strategic Partner, in the 1st line of which the personal sale of the IB Module was made.

3.3.10. The principle described in subparagraphs 3.3.8 and 3.3.9 carries over to personal sales of IB Modules in the 2nd line of the Strategic Partner and below.

3.3.11. In case the attracted Customer has accidentally entered the Referral Number of a higher Strategic Partner in his/her Account settings, such a Customer can be once reconnected to the Partnership Structure of another Strategic Partner provided that he/she submits a corresponding request to the Support Service within 15 days from the date of registration of his/her Bit Trade Account. At the same time, the Company reserves the right to contact the Strategic Partner to whose structure the Customer is connected in order to clarify the circumstances of reconnection.

3.3.12. If more than 15 days have passed since the Customer registered his/her Bit Trade Account and/or if the Customer has purchased the IB module and/or IB package, the reconnection of such a Customer to the Partnership Structure of another Strategic Partner is not allowed. At the same time, the Company reserves the right, having previously studied the circumstances of such a reconnection, to provide such a Customer, solely on an individual basis, with the opportunity to once change the Referral Number of a higher Strategic Partner in the Account settings. To do this, the Customer shall submit a corresponding request to the Support Service.

3.3.13. As the result of reconnection of the Customer with an activated IB Module to another Partnership Structure, all higher Strategic Partners in this or previous Partnership Structure of this Customer are checked for their fulfillment of terms and conditions in accordance with the Career Plan. Therefore, Career Levels of such Strategic Partners may be changed.

3.3.14. Remuneration for IB Module activation and/or for IB Package purchase made by the attracted Customer is accrued to the Strategic Partner whose Referral Number was specified in the Account settings of this Customer at the moment of IB Module activation or IB Package purchase.

3.3.15. In case the attracted Customer did not specify Referral Number of the Strategic Partner in his/her Account settings, remuneration for IB Module activation and/or for IB Package purchase will not be accrued to this Strategic Partner.

3.3.16. The Strategic Partner shall:

- not either directly or indirectly participate in the Investbox Remuneration Fraud;
