

The background of the advertisement features a close-up of a robotic arm, likely from a high-speed trading machine, positioned over a chessboard. The arm is holding a wooden chess piece, possibly a king or queen, and is about to move it. The chessboard is made of polished wood with alternating light and dark squares. Several other chess pieces are visible on the board, including pawns, knights, and a king. The lighting is dramatic, with strong highlights and shadows, emphasizing the mechanical precision of the robotic arm and the strategic nature of the game.
