

someturva

Briefly in English

What is Someturva?

Someturva is an online application that allows you to anonymously ask for help in unpleasant online situations such as bullying, intimidation or sexual harassment. The service is available in Finnish and Swedish.

Use of the service requires only an activation. Activate Someturva on the child's phone as soon as possible so that the child can feel and get security in their daily lives whenever something uncomfortable happens.

The child can activate the service themselves on their smartphone at <https://palvelu.someturva.fi> or ask a guardian to help with the activation of the service.

The activation only takes
a minute!

How Someturva works?

- 1 Fill in your case in the app whenever you've been cyberbullied or harrassed in social media. The app will interview you about the details.
- 2 Someturva's team will go your case through and you'll receive the answer in 1-3 days. Someturva's team consists of lawyers and social psychologists specialised in social media. You will be notified by a text message when the answer is ready.
