Projects Performance Report Q2 2025

Highlights

High Occupancy Across the Board:

All rental properties achieved excellent occupancy rates in Q2. Honest Říčany led the way with 88% by the end of the quarter, followed closely by Smíchov at 84% and Karlín maintaining stable performance. These numbers reflect strong tenant demand across all locations.

Strong Revenue Performance:

Total quarterly revenues remained high across all assets, with Karlín reaching nearly €190,000, Smíchov exceeding €185,000, and Říčany generating over €178,000 in June alone. Optimized pricing strategies and consistent demand continue to drive top-line performance.

Říčany Growth Momentum:

As one of our newest projects, Honest Říčany continues to scale rapidly, confirming its long-term potential. Growth in both occupancy and revenue indicates that the property is on track to become one of the top-performing assets in the portfolio.

Operational Excellence:

We continue to focus on tenant experience and operational optimization. Across all locations, high guest satisfaction remains a key indicator of the quality of our service and property management standards.

Outcome

Q2 2025 reinforced the strength and consistency of Vihorev Group's rental portfolio.

Occupancy remained high, revenues grew steadily, and new properties like Říčany continued to gain momentum.

These results validate our approach: combining prime locations with responsive property management and a strong focus on guest experience.

We move into Q3 with confidence and a clear path for continued growth across all rental assets.

Thank you!
