

Internet Marketing Communications

Internship

Contexts:

GreenWaves Technologies is a fabless semiconductor company based just outside Grenoble, France. We were formed in 2014 with the mission of revolutionizing intelligent sensors and devices. We have developed GAP8, an ultra-low power IoT Application Processor. GAP8 enables devices to interpret and act on image, motion and sound data at energy levels which allow years of operation on batteries bringing low installation and operation costs.

The target of this project is to aid GreenWaves Technologies business development staff in developing our online marketing communication tools.

Responsibilities:

- Online outreach and promotion using Facebook, LinkedIn, Twitter, Medium, etc
- Working on website updates and develop articles on GAP8 use cases
- Monitoring and posting on blogs, forums, and social networks
- Website and social media optimization

Required skills:

- Experience in digital and social marketing
- Experience with web site design tools
- Interest in technical (embedded computing, artificial intelligence) subject matter. Ideally some technical background
- Native level of written English

Employment type: Full - time;

Duration : 6 months;

Location : Villard Bonnot (near Grenoble, France)

Remuneration: 1000 Euros/month + 200 Euros/Month (bonus)
