

PLB

BOOKLETS OF PRINTED LABELS

- The all around solution for anybody working with electrical circuits requiring careful identification.
- Handy booklets with preprinted numbers, letters and symbols.
- Easy to tear off when used on site and booklet size fits well in pocket.

GENERAL INFORMATION

Design

PLB is a series of markers with preprinted labels with adhesive.
Designed for component marking.

Material

PVC free and halogen free acrylic foil with acrylic adhesive.

Printing

Printed with numbers, letters, symbols and standard texts.

TECHNICAL INFORMATION

Resistance

For indoor use, resists water and moisture

Temperature

Temperature: -29°C till +80°C

Minimum application temperature: +10 °C

Storage: Maximum two years in + 21 ° C and 50% relative humidity (RH).

Colours

Yellow and silver.

COMPONENT MARKING IN BOOKLETS

Self-adhesive numbers, letters and symbols for marking of panels, electrical boards etc.
Performance: Die-cut labels on cards, black print on yellow or silver background.
