How to start trade on IDEX

with IQN token

Please use the following guide to trade successfully on Idex.

1. Follow to <https://idex.market/> and click on the "Unlock Wallet" or "New Wallet" tab (if you don't already have a wallet) (<https://drive.google.com/open?id=18Lozi8Jw719405yzhKfjZ2jtfrIw pMDO>) and choose any convenient way for you to access your wallet. (https://drive.google.com/open?id=1Qo6hqhYzM_gSU8CcSeHJZQ5 Q6as5wCNI)
2. Next you need to click on the "Balances" tab and select the section "Full balance" (<https://drive.google.com/open?id=1I1qcVR3WurSnAZgUad2cDrU8 nSG15Kfv>).
3. After that, enter the name of our "IQN" token in the search box and click on the "Deposit" tab (https://drive.google.com/open?id=1jgT9Bq9_cw-UmpgW2aGfvFBC Ln7olapW)
4. In the window that appears, select the number of tokens you want to send to the exchange wallet and click on the "Deposit" button (<https://drive.google.com/open?id=19M6goOtM5hwptpuvhTg8Cr-Q IOgCM-e9>). Recall that a fee is charged for the transaction.
5. Check the balance of exchange wallet and enjoy trading!
