

ARCTIC CHRISTMAS: YOUR ADVENTURE AMID SECLUDED IGLOOS

Ideal for families, friends, or couples seeking a serene winter getaway. Enjoy peaceful privacy away from crowds, experience the magic of the northern lights, unwind in exclusive igloos, and participate in authentic Norwegian traditions. Connect personally with locals amidst the pristine landscapes of Northern Norway.

Experience an Arctic adventure in Norway and enjoy a white Christmas at Isbreen The Glacier, where you can immerse yourself in local life. This retreat offers five igloos amidst the natural beauty of the North. Enjoy exclusive use of the property for you and your loved ones - your centerpiece is the 1507 ft² double igloo featuring a sleeping igloo as well as a lounge igloo, perfect for relaxing and spending quality time together.

Isbreen The Glacier is tucked away from city lights in snowy wilderness, an ideal setting for witnessing the northern lights, which are visible on average 200 nights a year. Admire this natural phenomenon directly from your bed through the igloo's skylight, unwind in your private jacuzzi, or gather around a crackling campfire to share stories and experiences with your local hosts.

Your stay includes experiences that truly connect you with locals: from building your own snow cave to learning survival skills from Arctic experts, and embarking on boat trips along the fjords with local fishermen to see sea eagles, orcas, and humpback whales. Feel the thrill of a sled dog ride through snow-covered landscapes, guided by experienced local mushers under the Arctic sky. Join local expert guides for a private snowshoe hike or backcountry ski tour through the untouched Arctic wilderness.

Participate in a Nordic tradition on Lille Julaften (Little Christmas Eve) by hiking into the snowy forest with residents to pick your Christmas tree. Return to decorate it together with coffee, mulled wine, and homemade cookies, while listening to stories of Norwegian Christmas traditions shared by your hosts, making you feel like part of their family.

On Christmas morning, don a wetsuit for an Arctic Floating adventure, drifting on icy waters while gazing at the vast sky and peaks alongside local adventurers who share their Arctic knowledge and passion. And as the highlight of your stay, enjoy Santa Claus' arrival, celebrated in traditional Norwegian style, adding an extra touch of holiday cheer.

Dive into a white Christmas in Arctic Norway, embracing peace, fresh air, and untouched landscapes while immersing yourself in local customs. This journey promises to fill your heart with the spirit of the season and provide a range of Arctic adventures.

THE IGLOOS

SKALSATIND Double-Igloo

Up to 4 guests / 1507 ft² - [LINK TO WEBSITE](#)

Skalsatind consists of two domes: a cozy sleeping dome with its own bathroom and a stylish lounge dome with a guest toilet. The interior in glacier white and blue reflects the Arctic surroundings - Nordic design at its finest. With a king-size bed, wood stove, cocktail bar, and a cozy seating area with panoramic views, it is ideal for families and friends.

VIKA Igloo

Up to 3 guests / 603 ft² - [LINK TO WEBSITE](#)

The all-new Vika Igloo, named for the wild terrain from fjord to mountaintops, redefines Arctic luxury. Its 56 square meters (approx. 603 square feet) include a custom bar, bean-to-cup coffee machine, and a spacious Emperor bed perfect for watching the northern lights. Interiors in calming beige and brown tones mirror the surrounding fjord, while the black-and-white bathroom features a freestanding bathtub with fjord views. Outside, a sunken hot tub and sweeping vistas of the Kvængstindan peaks offer a serene connection to nature.

HULDRESTEIN Igloo

Up to 3 guests / 592 ft² - [LINK TO WEBSITE](#)

The Huldrestein Igloo, positioned slightly above the other igloos, provides a spacious retreat with a direct view of the glacier from its large terrace and bathroom windows. Featuring amenities like rocking chairs, a wood stove, king-size bed, and en-suite bathroom with walk-in closet, it offers ample space and comfort for a relaxing stay in the Arctic.

RAMMSTEIN Igloo

Up to 2 guests / 495 ft² - [LINK TO WEBSITE](#)

The Rammstein Igloo is located in close proximity to the main building, making it the most easily accessible. Through the panoramic windows, the majestic mountains are reflected in the fjord. The carefully selected colors of the igloo furnishings complement the surrounding landscape.

.....

Did you know?

On December 23, Norway celebrates "Lille Julaften" or Little Christmas Eve, to make final preparations and kick off the festive mood. The "Julenissen," Norway's Santa Claus, a friendly figure in red clothing, delivers gifts to the children on Christmas Eve, December 24.
