

COVID 19 PCR TEST Procedure at the resort

Update 19 July 2021

Dear Guest

We are pleased to inform that should you require a COVID 19 PCR test for your travel or home country regulations, we are able to provide the service here at the resort. The process we follow is as per the guideline of the Maldivian Ministry of Health.

You need to inform your butler or the reception 4 days prior your departure day, to book a time with our doctor to perform the swab test on the 3rd day prior departure.

The swab test is done at the Resort Clinic and completed within 10 minutes, however the doctor needs to prepare himself 20 minutes before.

Type of sample to be taken: Oropharyngeal (OP) and Nasopharyngeal (NP) swab. Type of test to be done: PCR for SARS-CoV-2.

Thereafter we will send the swab test to Male by seaplane or domestic flight to the government laboratory. The sampling swabs will be sent in viral transport media (VTM tubes). The results are available with 12 – 24 hours. Your butler will inform you when the results are here and you can visit the doctor to obtain the test result.

Cost per COVID 19 PCR test

USD 80 plus 12% tax and 10% service charge

If your test result is positive, the doctor will contact you directly upon result being available.

The resort cannot be held responsible if you miss the appointment with the doctor and we cannot send the samples on the 3rd day prior your departure.

Guests traveling to and from the Maldives are required to submit an online health declaration within 24 hours before arrival and prior to departure from the Maldives. Form is available here (https://imuga.immigration.gov.mv/ethd/create)

- Under Island, select: Dusit Thani Maldives
- <u>Under Address in Maldives, type:</u> Dusit Thani Maldives Resort, P.O. Box 2188;
 Mudhdhoo Island Baa Atoll, Maldives
- <u>Take a screenshot or a printout of your filled up form</u>. You will be required to
 present this at the check-in counter before boarding your flight. Please note a QR
 code will appear once your health declaration has been successfully processed.
- To clarify, guests must fill the form two (2) times. Within 24 hours before arrival to Maldives and within 24 hours prior to departure from the Maldives

For further information please contact your butler or the reception at any time.

We wish you a continuous enjoyable time at Dusit Thani Maldives.

Dr. Badar Muneer MBBS

Resort Doctor
Dusit Thani Maldives
