## Terms & Conditions

All dimensions stated are approximate [+/- 3mm]. Barlow Tyrie Limited reserve the right to alter prices and specifications without prior notice. Please quote Product Code reference numbers when ordering, along with any material and/or colour codes [i.e. frame/sling/cord/ceramic/glass]. When ordering cushions, please add the correct colour suffix to the Product Code.

**Assembly:** (\*) Products that require some assembly.

**Tree Seats:** Two half sections are required to make a complete tree seat. Can be supplied as a single half section, if required, e.g. Glenham curved seat 285 (radius 285cm) and circular tree seat (per semi circle).

**Tables:** Tables are supplied with fittings to take a range of parasol pole sizes up to dia. 70mm, except the Apex extending dining table, Equinox asymmetric extending 210 and Equinox extending 360 dining tables, and Mercury and Quattro tables, which do not have a parasol hole. The Equinox bistro table has a 40mm parasol hole. A solid, flush fitting insert in the appropriate material is provided for use when a parasol is not required.

Please note: Covers for 'Standard Dining Groups' are designed to cover the furniture with the chairs around the table, but not underneath.

**Rustic Teak:** The Titan Range is from our impressive new Rustic Teak Collection that uses plantation grown teak, featuring knots and a varied grain pattern. This is part of the design charm but please note that for a glued laminated timber or glulam product in the outdoor environment, the timber is 'alive' so cracking can be expected and is normal. The black frames are crafted from powder-coated aluminium extrusion.

**Terms:** Subject to our standard Conditions of Sale.

**Deliveries and Postage:** The surcharge for items delivered by post will be the cost of postage incurred. Orders under SFr 2,750 + SFr 275.

### EUROPE Returns Policy\* – Return for Credit:

The following conditions apply to the return of product for credit:

1. We only accept the return of product for credit if it is "as new" and can be re-sold as such, (please ensure your customer knows to keep product under cover if they wish to return it);
2. We do not accept the return of cushions that are not one of our standard colours as detailed in our catalogue or product that we have modified in any way;
3. We only accept the return of product with our prior written consent and marked with the returns number that we will give you;
4. You must repack product in its original carton or protective packaging, (please ensure your customer is aware of the need to keep packaging until they have inspected the product);
5. We do not accept the return of "knock-down" (KD) furniture that has been assembled or partly assembled;
6. We will invoice you a restocking charge of 10% of the cost of the goods returned to cover our cost of delivery, collection, inspection and repackaging. This charge can be more where the cost of delivery and return exceeds 10% of the invoice value; our Customer Service will advise you if this is the case.

\* Reference to the full policy being available on request.

We are manufacturers and do not offer a retail delivery service. Our delivery is a trade service to the lorry tailgate only and you will be responsible for arranging personnel to carry and position the furniture. If delivery is to a private address, prior to delivery you must assess the access for sufficient width, height and manoeuvring room for a commercial furniture lorry and advise us if it is unsuitable. At the time of delivery, if the necessary help is not available or access is not possible then the furniture will be returned to us and the cost of return and the subsequent redelivery will be charged to you. The date and time of delivery are at the discretion of the carrier but we will ask them to try to accommodate the wishes of your customer.
