

tesapack strong

The environmental righteous alternative: Water based acrylic carton sealing tape for universal closure.

Product Description/ Application:

tesapack strong is based on a BOPP backing coated with a special high shear water based acrylic adhesive. The high shear adhesive ensures a secure closure of the carton.

The special material combination guarantees a low noise unwinding behaviour.

Due to the characteristics of the water based acrylic adhesive tesapack strong has a high age and light resistance and is environmentally friendly.

tesapack strong can be applied on all manual dispenser. For a more convenient application it is recommended to loose the dispenser friction.

The product is designed for light duty carton sealing applications.

Dimensions:

Lengths	Widths	Colours
66 m	38, 50 mm	transparent havana

tesa self-adhesive tapes are used successfully in many sectors to solve a variety of problems. Our publications contain numerous examples of such uses, intended to help towards a solution of your particular problems. Each tesa product has been developed for a particular range of applications. Nevertheless, experience has shown that even for one and the same objective, the exact requirements may differ from case to case. We, therefore, recommend that you carry out your own tests in each case, to confirm that the tesa self-adhesive tape which you envisage using is appropriate for your particular application. The Advisory Section of our Technical Service Department will be happy to assist. All information and recommendations are given by us in good faith, on the basis of practical experience, but without warranty.
