Creating Groups in Amazon Alexa

How do I create Groups in the Amazon Alexa App?

STEP 3: In this screen you will find all your GROUPS which you have created in your LIGHTIFY App. Now you can choose which them of should be synchronized in your Amazon Alexa App.

STEP 4: We choose for example the Group „Kitchen“. Now you have to select the bulbs/lamps and tap on „SAVE“

As you can see the first Group is created „Kitchen“. Is up to you to create more groups.
