

# Shape Sorting

This pdf contains a shape chart and 12 shapes to sort out.

1. Cut out the chart on page 1 and all shapes on page 2
  2. Mix the shapes and place into a hat
  3. Pick out a shape from the hat and place the corresponding shape onto the shape chart.
- We recommend instructing your child to say each shape in English when placing onto the shape chart.

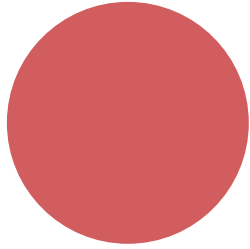

Try saying: "Where does the [ball] go?" or "Where does the [clock] go?"

# Shape Sorting

**Square**

**Circle**

**Triangle**

**Star**
