Enhance your communication with simplicity

Create your content by drawing inspiration from animated templates

- Access **over 300** customizable templates effortlessly
- **Plan content** on single or grouped displays
- **Preview your playlists** on your smartphone
- **Split the display** into **multiple zones** to maximize visible content
- **Customize and control** access for each back-office user in your company

Always up-to-date content

Connect your channels to Livesignage and forget about manual updates

- **Automate updates** by linking **Livesignage** to any source
- Publish photos and reels from the **Instagram** community
- Display brand updates from **X, Facebook, or LinkedIn**
- Use your **RSS feed** to share real-time property updates
- Show videos from **Vimeo** or **Youtube**
- **Add private** sources securely

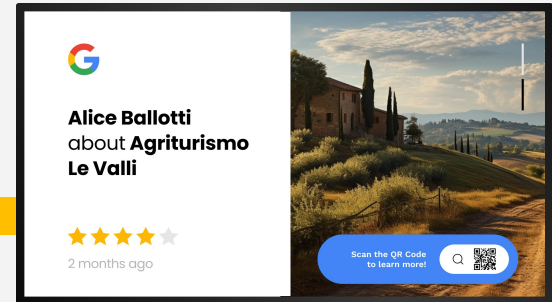

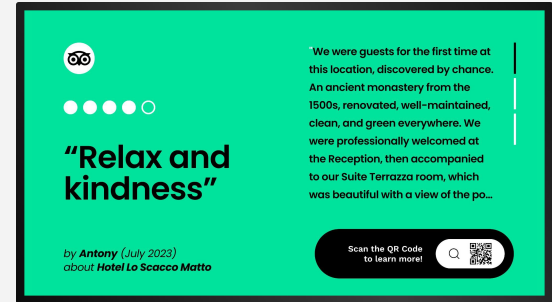

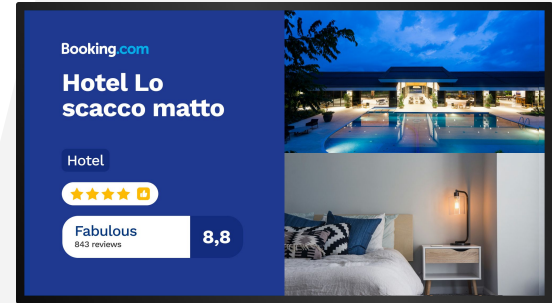

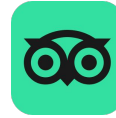

+ Add source

Boost your brand reputation

Streamline your services with **RSS**
tailored for accommodations

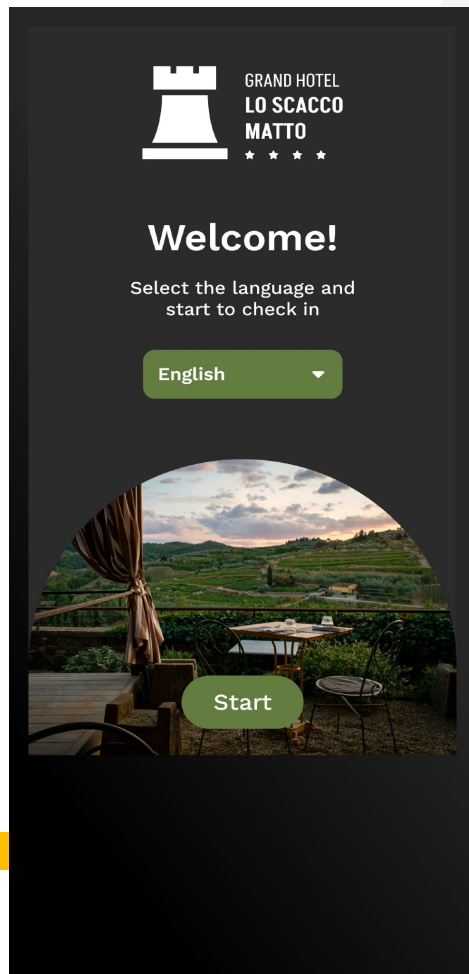

- Access a **wide range** of apps directly from the software Marketplace
- Leverage **Booking** and **Tripadvisor** to design templates and share customer feedback
- **Personalize automatic templates** to keep content fresh and communication engaging

Facilitate check-in and routine operations

Make your services more efficient with **touch displays** and **kiosks**

- Use a part of the touch screen to add **personalized experiences**
- Allow customers to perform operations autonomously with digital check-in
- Ensure user operations are traceable with **touch-enabled action logging**

Scan your document

Scan your document via NFC to transfer your data

Take your photo

Take an ID photo for document verification

Print your check-in

Print your ticket with your details and room info to complete check-in
