**How to Make Peace with Money So You Can Be Visible and Get Clients!**

*'Money is visible to you when you're visible to money'*

For several years now, I've been researching the subject of our relationship with money and self-worth. Through reading books, listening to other people ideas, and experimenting my own inspirations, I've managed to establish a Money Consciousness Pyramid that helps me and my clients to envision money as it is REALLY.

They are 4 Money Consciousness levels in the Pyramid, and if you decide to balance all of them within yourself, this balance will show outside of yourself, under the forms of PEACE, LOVE, VISIBILITY, CLIENTS, and MONEY of course.

*Read on if you want to know the TRUTH ABOUT MONEY and use it to*

*MAKE PEACE WITH MONEY to BE VISIBLE AND GET CLIENTS*

# THE MONEY CONSCIOUSNESS PYRAMID

How to Make Peace with Money So You Can Be Visible and Get Clients!

## 1. MONEY IS SOLID

At this primary level, you believe what you see. You see money as something solid, as coins, bills, paper, silver, or gold.

You fall easily in the duality trap then: you either HAVE money or you DON'T HAVE money.

The emotions at that level are making you feel bad most of the time: frustration, fear (of lack, of losing money, of being robbed, of succeeding also ;o), doubt, depression, negativity...

Your sense of FREEDOM and POWER is null: it's the VICTIMY state. Everything that happens is the fault of others or of the world. You think that you have NO POWER on anything in your life. You submit to it passively, and are waiting for someone to come and save you (the government, the 'rich people', God/Spirit/Universe) and when you receive no help, you get aggressive and defensive.

And you surely don't want to be visible. You're hiding in a corner and are angry at everybody who dares to be visible.

## 2. MONEY IS ENERGY

This second more advanced level of Money Consciousness enables you to see under the surface.

You're starting to seize and perceive that there's something more than what you see. The reality in front of you gets more depth, and you can start to imagine and accept that what seems solid isn't. That it is energy, with a specific frequency color, that attracts or repels what you want. You see money as that energy too. Neutral energy that gets influenced by YOUR thoughts and focus.

You're still imprisoned in duality because you feel that YOU ATTRACT OR REPEL MONEY according to what you DO in front of it. Your focus is on 'behaving well' so that you attract or manifest what you want. You judge yourself as DOING GOOD or DOING BAD.

The emotions at that second level are a little bit nicer to feel because you know you want to feel good most of the time, in order to be magnetic: optimism, relief, hope, anticipation... But then, you continuously glide from these to frustration, fear, doubt, and even negativity sometimes.

Your sense of freedom and power is better: you feel FREER and MORE RESPONSIBLE of what happens to you, mostly, and course-correct your ACTIONS on a regular basis.

You feel some POWER on most of the occurrences of your lives. You start to act deliberately on your mindset, but you are still waiting for someone to save you when money is short and everything you DO is not yielding the results you want. Then, you often are in guilt mode (*I'm doing everything I was told, with no results. I must be doing something wrong?*)

You want to be more visible and start to look at ways to develop that side of your life and business. You DO something about it.

### 3. MONEY IS UNCONDITIONAL LOVE

This third advanced level of Money Consciousness brings you even further down under the surface of solid reality, into the internal realms of your BEing. You now know for sure that there's something GREATER than what you see. The reality in front of you gets exploded in your mind into a myriad of light particles because you KNOW FOR SURE that everything solid is LIGHT AND LOVE above all.

You feel that unconditional Loving Energy increasingly throughout your day. You FEEL immediately when you attract or repel what you want. And you perceive money as that Loving Energy that permeates every exchange you experiment in your life: with clients, with partners, with family members, with clerks, with cashiers, with bankers, with the tax administration...

YOUR thoughts are ONLY about BEING LOVE, and MONEY BEING LOVE. Thus, you enter the world of Unity, BEING LOVE when offering bills or coins to the people who have offered you some product or service. Your focus is on 'BEING LOVE' most of the time, FOR NO REASON AT ALL! Just because it feels good, and it has become your new nature. You enjoy watching yourself BE.

The emotions at that higher level are so great to feel because these are the feeling closest to the vibration of the Universe: well-being, passion love and appreciation, gratitude, Grace.

You spend most of your time naturally in these high-level emotions. And sometimes, being human, you fall back into less nicer feelings, and you ACCEPT it. These are as perfect, just as the ones you've become accustomed to.

Your sense of FREEDOM is on TOP: you start to feel like you are a less limited person than you thought you were, freed from lots of the worldly limitations. You feel responsible for what happens to you, and when you fall back into lower emotions, you know your soul is offering you a new BIG LEAP to be made. And you give yourself the time you need to get back on track emotionally, and BE that leap so it can occur in your life.

You feel GREAT POWER on most of the occurrences of your lives. You align your mindset consciously and deliberately, and you surrender to GOD or the UNIVERSE or the GREAT FORCE, when you feel in need of help. Results don't mean anything to you anymore. Only your Love and Presence to the world.

You are in PEACE mode, most of the time.

You shine and get visible just from BEING who you are. Clients, money, opportunities, new income streams come to you and your path to VISIBILITY is wide open!

#### 4. **MONEY IS YOU - and YOU ARE MONEY, AND ALL!**

This ultimate level of Money Consciousness shows you the path to your inner WISDOM. **You ARE.** You don't question anything about money or any other areas of your life. YOU KNOW that you are ONE with everything manifested in the world, and thus with money too.

The subject of money doesn't even come to your mind anymore, because you've developed a state of being that makes you ONE with everything that you think and imagine. You are LOVE, LIGHT and MONEY. You are your clients, your partners, your family members, the clerks, the cashiers, the bankers, the tax administration, the government, the President, the Queen, or the King of your country.

Your thoughts and focus are ONLY on SERVING. You live in the world of UNITY, just BEing and serving.

The emotions at that highest level are even greater to feel: compassion, surrender, letting go.

You spend most of your time naturally in these high-level emotions. And sometimes, being human, you fall back into less nicer feelings, and you ACCEPT it. These are as perfect, just as the ones you've become accustomed to.

Your sense of FREEDOM is on the supreme TOP: you feel UNLIMITED and FREED from most of the limitations of the world whatsoever. You ARE.

You feel COMPLETE, and having UNLIMITED POWER on anything in your life. You don't try to create, manifest or attract anything anymore. You just surrender to GOD/the UNIVERSE/ the GREAT FORCE, always. Results don't mean anything to you anymore. Only BEING counts.

You are in ACCEPTANCE mode.

You shine and ARE VISIBLE just from BEING who you are. You are visible and are not looking to be ;o)

**OK, now, my coaching questions for you:**

As according to me,

*'Money is visible to you when you're visible to money'*

1. Where are you most of the time on this pyramid when you think of money, talk about money, give money, receive money?
2. Which of these 4 levels of money consciousness do you DESIRE to **BE more**?
3. What are 3 specific ways you can start to implement this new level of consciousness in your financial life and in your business? List them below and post them on our [Facebook page](#)
4. In 3 months' time, have FUN filling the level of your Money Consciousness on the blank Financial Pyramid hereafter ;o)

Use colored pens or pencils, or even use paint, to picture it and anchor it into your cells while acknowledging it through the coloured level on the canvas.

Your Money Consciousness level will be visible to you, in an even more tangible way, and thus, real money will be more visible to you!

Then, you'll know you're **loving yourself and money enough to show up, stand tall and be VISIBLE!**
