

## **Anders Reizen Progress made in 2021**

Together with other big employers in the Netherlands, Anders Reizen is stimulating a corporation between these employers to reduce the CO2-emissions caused by mobility. Accenture has signed the Sustainable Mobility Pledge. This means facilitating and developing options for sustainable mobility. Accenture plays an active role as they are part of a coalition that is leading by example. Look on the website for more information: <https://www.andersreizen.nu> . The CEO of Accenture has an active involvement. 'Train to Paris' and the recent developed 'Vliegwijzer' are two successful initiatives that help employers reduce and make mobility more sustainable.

## **Anders Vliegen & Vliegwijzer**

A lot of things have been done in the past year by Anders Reizen. Informative workshops, new statements on reducing the emissions from business travel and a research performed by T&O are a few of the things that Anders Reizen did. The progress has been summarised in an informative video which can be found [here](#).
