NEWSLETTER No 33 OF 2019 PFTC WEBSITE : GOES LIVE

Good day Training Providers

Please be advised that we are in the process of loading our new Website and expect to be completely functional by the end of business on Friday 29 March 2019. We have been working hard to make the necessary improvements to the new website and there will be more exciting changes in future, however if you discover any errors or have a positive contribution or suggestion to make, let us know and we can potentially incorporate these into Version 2.0.

As a result of the change over to the new website, the Web page will be offline between Wednesday 27 and Friday 29 March 2019 but our office can confirm that the LMS will not be affected. If you require any assistance or verification of a SoR - contact the office directly for assistance.

We apologise for any inconvenience that you might experience during this period. As soon as the new site is up and running correctly we will send relevant notifications to you.

The PFTC are excited about the progress we've made in rendering an even better service and are looking forward to sharing it with all of you.

Thanks for your patience and continuous support in this regard!

Kind regards,

Winton Africa

Secretary
