- This machine can only be maintained by certified engineer.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Warning

- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 2. this device may not cause harmful interference, and
 3. this device must accept any interference received, including interference that may cause undesired operation.

Control Panel

Nr.	Items	Function description
1	Remote control signal receiver	Receive the remote signal.
2	◀	Press to scroll left
3	▶	Press to scroll right
4	▲	Press to scroll left.
5	▼	Press to scroll down
6	INPUT	Pop up channel Setting
7	MENU	Pop up Settings menu
8	⏻	Tap to enter energy-saving,press at least 2 seconds to enter standby mode
9	Bottom loudspeaker	Amplify audio

Note

The appearance of different product models is slightly different, subject to our available products.

Terminal Interface

Nr.	Items	Functiebeschrijving
1	HDMI OUT*	Connect to the devices with HDMI input function
2	SPDIF	Carry multichannel sound via optical signals.
3	HDMI1(ARC) &HDMI2	High-definition multimedia interface signal input, connect to devices with HDMI output interface (personal computer with HDMI output, set-top box, or another video device)
4	Display Port	Connected to devices with Display Port output function
5	RS232	Serial interface, used for mutual transfer of data between devices
6	VGA	External computer image input
7	PC LINE IN	External computer audio input
8	USB3.0	USB 3.0,connect USB devices such as U disk, USB keyboard , USB drives, etc.
9	USB1&USB2	USB 2.0,connect USB devices such as U disk, USB keyboard , USB drives, etc.
10	AUDIO OUT	Audio output to the external speaker
11	LAN	Connect RJ45 terminals
12	AC SWITCH	To open or shut down AC power supply."I" means power on,"O" means power off
13	AC IN	To open or shut down AC power supply."I" means power on,"O" means power off

Note

*indicates partial terminals are optional.

Connection and Setting

 For the safety of you and the machine, please do not connect any power plug before connection.

Remote Control

Remote Control Instruction Install Batteries

1. Open back cover of battery component on the back of remote control.
2. Install AAA type battery according to the corresponding electrode, make sure battery positive and negative pole are correct ("+" to "+", "-" to "-"), please do not mix using old and new batteries.
3. After battery is installed, close the back cover of battery components, and make the following clip buckled to the bottom.

Range of remote control

Remote control can work normally within the range of 8 meters distance, 30 degrees left and right from the remote-control receiver; in order to protect environment, please dispose waste battery into recycling box.

 If the battery is replaced by an incorrect type, it may lead to explosion.

Maintenance

Proper maintenance can avoid many early faults and regular careful cleaning can make machine brand new. Please unplug power plug before cleaning and maintenance, to prevent electric shock.

Clean Screen

- Please mix and stir even a little fabric softener or tableware detergent with alcohol.
- Please use a soft cloth to be completely soaked in the mixture.
- Please take out cloth and twist to half dry state to wipe machine screen.
- Repeat for several times, pay attention not to squeeze water flow into machine when wiping machine.

Clean Face Frame

- Please use dry, soft, lint-free cloth to wipe front frame.

No Use of Machine for A Long Time

- In case of no use of machine for a long time, such as holiday, please make sure to unplug the plug to prevent any possible dangers caused by power supply ripple from lightning.
