WALLCAB

The smart storage and charging cart

The Predia Wallcab is a stackable wall cabinet for storing laptops, Chromebooks, tablets and iPads. A solution for organisations where devices are used by multiple users and then remain on location.

⚡ Compact

The Predia Wallcab UV-C is a fixed cabinet that is attached to the wall. Its compact size also makes it very suitable for smaller rooms.

⚡ Flexibly expandable

The Predia Wallcab offers space for 12 devices up to 15". Because the cabinets can be stacked, this capacity can be expanded up to 24 or 36 devices.
