SPEAKERPHONE

Crystal-clear sound

Remote communication has become an integral part of our daily work. With 8 microphones and a 5-watt speaker, the Predia Speakerphone is perfect for meetings and remote communication. Together with the latest AI noise reduction, this ensures crystal-clear sound that is so important during a meeting, presentation, training or lesson. This way, you can always hear the other person clearly.

Long battery life

Thanks to a built-in battery, the Predia Speakerphone can be used wirelessly for up to 30 hours during a meeting.

Easy charging

Charging is easy via USB Type C or even wirelessly through Qi.

Wide range

The Predia Speakerphone has a radius of 6 metres. It can, therefore, 'hear' speakers who are sitting or standing at a greater distance.

Crystal-clear sound

The Predia Speakerphone features the latest AI algorithms and noise reduction that filters out uncomfortable ambient noise.

Compatible with conference software

Compatible with most well-known conference software such as Microsoft Teams, Zoom and Google Meet.

Wireless pairing

Cascade two Predia Speakerphones wirelessly, allowing you to link them together. This also makes the Predia Speakerphone usable in larger rooms.

Predia Speakerphone

Model	Predia Speakerphone V2
-------	------------------------

Microphone

Recording range	6 meter
Microphone	8 controllable array microphones with DOA Algorithm and AI Noise reduction
Frequency	150Hz~8kHz
Sensitivity	75 Hz to 20Hz
Signal to noise ratio	65dB

Speaker

Maximum sound pressure level	80dB SPL@1m
Distortion	≤4% @150Hz~16kHz
Signal-to-Noise Ratio	≥75dB@1m
Frequency range	150Hz~16kHz

I/O ports buttons & indicators
