| Product number: | 45503 |
| Product name: | LEGO® MINDSTORMS® Education EV3 Medium Motor |
| Age: | 10-21 |
| Theme: | LEGO® MINDSTORMS® Education |
| Related products: | 45500, 45501, 45502, 45504, 45505, 45506, 45507, 45508, 45509, 45514, 45515, 45516, 45544, 45560, 2000045, 2000046, 2005544 |
| Product text: | The EV3 Medium Servo Motor is great for lower-load, higher speed applications and when faster response times and a smaller profile are needed in the robot's design. The motor uses tacho feedback for precise control within one degree of accuracy and has a built-in rotation sensor |

Technical Specifications

Tacho feedback to one degree of accuracy

240-250 RPM

Running torque of approximately 11 oz*in

Stall torque of approximately 17 oz*in

Auto-ID in the EV3 software
