

  
OFFICINE GULLO  
FIRENZE

TAILOR MADE KITCHENS  
A SELECTION OF UNIQUE PROJECTS

“ At Officine Gullo we manufacture considering much longer timespans than the industrial production in our sector. We create products that can be updated and improved, but never destroyed or forsaken. We work and design for modern living and for the antiques of tomorrow. Every element provides resilience, beauty and prestige derived from the materials used. In every creation, Florentine traditions are blended with meticulous research into function and beauty: we refine the steel structures of our cooking ranges with elements in hand-hammered brass, copper, high-thickness galvanic finishes and engraving, in the same way that artisans in Florence have forged metal for centuries, crafting unique works of art. We are proud to add our name to everything that comes from our workshops, safe in the knowledge that this name will stand the test of time together with our creations. ”

## “ Florence as an inspiration

The beauty of the city, in which we have the good fortune to live and work, amalgamates the two cores of our production: tradition and technology. The wonders of this astonishing place inspire us every day; they guide our imagination every time we devote ourselves to a project. I'm thinking about the perfect geometry concealed on the frontages of Florence's palazzos, in the frescoes and sculptures which we have as a guideline while we forge the metal for our creations.

Carmelo Gullo

”

## Florence and origins of the kitchen

In the history surrounding the origins of the kitchen, cooking food has been elevated from necessity to art form with the honing of technological and mechanical expertise, united in the pursuit of utility that is equally discernible as beauty. Florence and Tuscany played a crucial role in this, given that research and studies were conducted in the field by figures such as Leonardo da Vinci, Leon Battista Alberti and Francesco di Giorgio Martini, as well as blacksmiths and chimney manufacturers, all representatives of a culture in which technical and artistic interests have always been inextricably linked.

Since the Renaissance, metalworking has always been one of the excellences in Florentine art and craftsmanship, as evidenced by the bronze masterpieces at the Bargello Museum, in the Loggia del Lanzi and in the city's churches. Florence was a place where artists such as Ghiberti, Donatello, Cellini and Giambologna forged their bronze showpieces. Bronze sculpture reached its height in Florence between the late seventeenth and early eighteenth centuries, at the time of the last Medici grand dukes, when the art became the object of important commissions by rulers and nobles across Europe. As diplomatic gifts, these bronze sculptures established exquisite Florentine taste on the international stage.

In contemporary Tuscany, by means of constant research entwined with a devotion to the very best traditions, kitchens continue to be manufactured that enjoy worldwide acclaim, derived from the finest materials, artisanal methods and an innate love of beauty that underpins the process from design to construction. The ethos of Officine Gullo embraces the best that modern technology can provide, while the overall aesthetic respects centuries-old traditions. The kitchens accommodate professional cooking systems while remaining homely spaces where food is served and shared.

## Noble metals only

Fine materials with superlative properties based on time-honored traditions are selected and handcrafted in thicknesses that vary between 3 and 7 mm, resulting in timeless and beguiling creations.

## Special techniques: endless solutions for bespoke kitchens

All Officine Gullo kitchens can be made in any color on the RAL color chart, in addition to customized shades available on request. A wide range of finishes are available for brass details, such as the trims and handles, from classic galvanic finishes, including polished chrome, black or satin-finish nickel, to colored touches for a tone-on-tone effect or a contrast with the predominant structural color. We also offer an opaque high-tech finish for an ultra-modern effect. Still today the brass working is completely handmade and every kitchen is in the charge of a single craftsman who follows its production.

## Burnishing

Burnishing is always performed by hand to darken and lighten surfaces simultaneously, evoking slight ageing on the metal surface. The beauty of brass means that it changes with time, proudly revealing its age.

## Galvanizing

Brass gains a new form through the galvanizing process. The natural qualities of the material are enhanced with polished or brushed chrome, nickel and matte effects.

## Silver soldering

Metals continue to be soldered by hand for Officine Gullo products because only the human eye can spot details that machinery is still unable to see.

## Chiseling

Chiseling by master craftspeople ensures that all Officine Gullo products are refined in every detail.

## Lathing

Handcrafted products such as solid brass bars are shaped using a lathe. Every piece is shaped and worked on the lathe before entering into production.

## Hand hammering

Hand hammering on the trim and panels accentuates the texture of the metal and achieves unique weave.

## A gift for the future generations: the antiques of tomorrow

Because of the durable and prized materials by which they are crafted, Officine Gullo kitchens are expertly made to withstand wear and tear over time. While the average lifespan of a kitchen ranges between ten and fifteen years, Officine Gullo kitchens are designed to last forever. Purchasing an Officine Gullo kitchen is not something you just do for yourself; it is for your children and grandchildren as well. It is an investment in the future, a leap of faith into the centuries to come.

# Aquazzura

A tailor-made kitchen project that unites the world of design with that of fashion created for the private residence of Edgardo Osorio, founder and Creative Director of the Italian luxury footwear brand Aquazzura. At Palazzo Corner Spinelli, in the San Marco district of Venice, on the Grand Canal it was installed for him a kitchen in turquoise and nickel finishes in a kitchen environment, characterized by a striped painted parquet floor and hand-decorated walls. Exotic animals, flowers and brightly colored trees recall motifs of fine 18th-century Chinese porcelain and transport the observer to an exotic garden and to distant places.

**Location**  
Venice, Italy.

**Colours and materials**  
Turquoise and Satin Nickel.

**Appliances**  
Hob with 4 burners and a coup de feu. One gas and one electric oven, fridge-freezer and dishwasher.

# Stainless Style

A professional-style kitchen, which has become the heart of a splendid Milan apartment with large windows overlooking the Duomo.

The kitchen was equipped with the best residential-level professional technology, allowing the owners – big cooking enthusiasts – to cook in their own home as chefs in a restaurant, without giving up the warmth of a “real” domestic kitchen. The kitchen is divided into two main areas, one characterized by a large central island, around which family and friends can meet in their day-to-day activities, and the second by a linear kitchen, with the best cooking appliances.

## **Location**

Milan, Italy.

## **Colours and materials**

Stainless Steel and Polished Chrome.

## **Appliances**

The island comprises a large satin-finish stainless steel worktop with induction hob, pasta cooker, smooth fry-top and a washing area with a welded satin-finish steel sink and shiny chrome-finish tap. The lower part houses several cabinets, a multifunctional oven and a professional dishwasher. Professional pyramid hood. In front of the island, a bespoke wall of appliances and display cabinets with two professional refrigerators. In the second kitchen area: a professional cooking suite with: electric pasta cooker, induction hob, electric fryer and frytop grill. The kitchen is completed by a multifunctional oven and a professional dishwasher.

# The Hive

Officine Gullo lands in Costa Rica, to create the kitchen for The Hive Boutique Hotel. The resort boasts an exceptional location: directly on the sea in one of the most beautiful stretches of the country's Pacific coast. Inside, Officine Gullo's show-kitchen plays a starring role, where events dedicated to cuisine enthusiasts, such as show-cooking and tastings, take place.

## Location

Papagayo Peninsula, Costa Rica.

## Colours and materials

Emerald Green and Burnished Brass.

## Appliances

Kitchen with an island equipped with the following: an induction hob area, an electric pasta cooker, 2 professional high-efficiency burners and an electric lava stone barbecue. Washing area with a brass wall sink and appliances such as a dishwasher, fridge-freezer with ice-maker, oven and temperature controlled air-conditioned wine cellar.

# California Dream

A dream kitchen design project, created for a villa in the Rancho Santa Fe hills. The design, by the studio of US interior designer, Susan Spath, features an elegant mixing and matching of materials and colours, which come together and integrate seamlessly.

**Location**  
Rancho Santa Fe, California, United States.

**Colours and materials**  
Light Grey and Satin Chrome.

**Appliances**  
On the main wall the Fiorentina 150 cooker and professional hood. To the sides, two columns for domestic appliances. An island with breakfast area and cantilever top. A second island unit is dedicated to food preparation and washing. The islands also contain a wine fridge and a pull-out TV.

# Pastel Sea

In Orange County in California, US, Officine Gullo designs a kitchen project with an elegant and functional design characterized by a Pastel Azure cooking island. The professional performance of the appliances combined with the refinement of the design create a kitchen environment that is the heart of the house, where it's possible to create unique moments, for yourself or for family and friends.

## Location

Newport Beach, California, United States.

## Colours and materials

Pastel Azure and Polished Chrome.

## Appliances

OG Professional cooking machine with 4 burners, a grooved fry top, a coup de feu, two fryers and one electric fan oven. Carrara marble wall panel. Two professional refrigerators.

# Manhattan Flair

We are in New York City, in a wonderful vintage apartment in the luxury Upper East Side district, overlooking Central Park. New York designer Julie Hillman, in collaboration with Peter Pennoyer Architects, designed a kitchen with professional performance that was perfectly integrated with the home's eclectic furnishing full of precious vintage details.

## Location

Manhattan, New York, United States.

## Colours and materials

Jet Black and Burnished Brass.

## Appliances

OG Professional 188 equipped with 6 professional burners, a smooth fry top and two multifunction electric ovens.

# Journey to Provence

A warm and elegant kitchen space in the France country hills. The green and white tailor-made kitchen fits perfectly with the country style of the open room. Contrasting colours can bring so much depth and light to your kitchen. In this kitchen's environment, in Provence, the mint green is offset with the cream white and the burnished brass trims are the perfect partner to complete this dream kitchen making the room even more warm and luminous.

**Location**

Village de Gassin, France.

**Colours and materials**

Cream White, Pale Green and Burnished Brass.

**Appliances**

OG Professional 168 equipped with 4 professional burners, a smooth fry top and a pasta cooker. The wall of appliances is equipped with a professional refrigerator and two wine cellars.

# The Kitchen of Art Lover

A country house set in greenery, whose decor is cultured and eclectic, and whose heart is the kitchen: elegant, warm and welcoming and that is profoundly connected with the rest of the home. The single-block kitchen with a professional island by Officine Gullo is an invitation to partake. Providing plenty of room for the "chef", the kitchen encourages socializing, while allowing the person who's cooking to chat with others in the surrounding spaces. Warm shades, red bricks and floors covered in large antique teak boards characterize the enveloping atmosphere of this Venetian villa in which different rooms intersect in the name of conviviality.

**Location**

Veneto, Italy.

**Colours and materials**

Pearl Beige and Satin Nickel.

**Appliances**

OG Professional custom island. Hob with a smooth frytop, 4 burners, a coup de feu, an electric ceramic hob and an electric pasta cooker. Multifunction and ventilated oven, warming drawer.

# Il Frantoio

A historic villa nestled in the picturesque setting of the Tuscan hills surrounding San Gimignano, in the Siena province, is home to a tailor made project by Officine Gullo. A tailor-made kitchen project crafted entirely in pearl white powder-coated stainless steel and detailed with elegant burnished brass finishes. The Officine Gullo design pairs perfectly with the villa's kitchen space: a former, fully restored oil mill (frantoio), whose distinguishing features include red-brick vaulted ceilings and floor-to-ceiling windows with views over the Tuscan countryside.

## Location

San Gimignano, Siena, Italy.

## Colours and materials

Pearl White and Burnished Brass.

## Appliances

Induction cooktop, smooth electric fry top and professional electric oven. Two professional wine fridges and freestanding refrigerator and a column consisting of a coffee maker, food warmer, vacuuming drawer and ice machine.

# The Orangery

In London's beautiful Belgravia, a stately Georgian Villa, built in the 1830s, hosts a veritable kitchen of dreams with scale, elegance and clever design, born from the collaboration between Officine Gullo and the Interior Architect Alison Henry. Under Alison's direction, Officine Gullo produced a complete tailor made kitchen designed to be placed in a modern day orangery with Crittall windows and doors at an impressive double height, the space is almost entirely encapsulated in glass – roof included.

## Location

London, England, United Kingdom.

## Colours and materials

Signal White and Brushed Nickel.

## Appliances

OG Professional cooking machine equipped with 4 high-performance burners, a smooth fry-top, a coup-de-feu and a pasta cooker located at the centre of the wall unit. The cooking appliance completes, in the lower part, with a professional oven. Professional washing machine and refrigerator. OG BBQ 140.

# The Art Gallery

A tailor-made kitchen by Officine Gullo was installed in an exclusive apartment in the heart of Manhattan, New York. In this all-amenity kitchen, metal pairs harmoniously with light oak cabinets. The personality of the steel powder coated in gloss jet black, the elegance of light grey cabinets, and the polished chrome details and finishes in still style and refinement. The perfect match for the apartment decorated with several art pieces.

## Location

Manhattan, NY, United States.

## Colours and materials

Jet Black and Polished Chrome.

## Appliances

168 cm OG Professional range, whose upper section has a cooktop with 6 burners and a copper mijotage, and whose lower section is occupied by a professional electric oven. 4-meter wall appliances.

# The Neoclassic Project

A luxurious villa is home to the latest kitchen project by Officine Gullo. A blend of bygone charm and neoclassical elegance characterize this outstanding environment. Large skylights, high ceilings, stylish moldings, and clean lines create an exquisitely classy ambiance.

**Location**  
Beijing, China.

**Colours and materials**  
Papyrus White and 24k Gold.

**Appliances**  
OG Professional 208 equipped with 4 professional burners, a coup de feu, a smooth and a ribbed frytop and two multifunction ovens. The wall of electric appliances consists of a refrigerator, a coffee machine, a microwave oven, a steam oven and a multi-function oven.

# Il Borgo

In the splendid Tenuta Carleone in Radda in Chianti in Tuscany, Officine Gullo installs three tailor made projects. The entire estate, which covers an area of about 100 hectares, is part of the typical Tuscan landscape of Chianti characterized by wooded knolls, rivulets and fertile hills. In this landscape, in addition to creating a renowned winery, the property of the estate has renovated an old farmhouse, Pian Vecchio, and the beautiful village of Castiglioni. And it is in these residences that Officine Gullo has created three kitchen environments with a strong stylistic identity.

The first of the three projects, installed in one of the residences in the Castiglioni Borgo, is an elegant and bright kitchen environment. The design of the kitchen perfectly reflects the style of the residence, offering a perfect combination of classic and modern elements.

**Location**

Radda in Chianti, Italy.

**Colours and materials**

Stainless Steel and Polished Chrome.

**Appliances**

OG Professional cooking range with 4 burners, an electric plate and an electric fan oven. Wall of appliances with a steam oven, microwave and refrigerator.

# Sunflowers Dream

In the splendid Tenuta Carleone in Radda in Chianti in Tuscany, Officine Gullo installs three tailor made projects. The entire estate, which covers an area of about 100 hectares, is part of the typical Tuscan landscape of Chianti characterized by wooded knolls, rivulets and fertile hills. In this landscape, in addition to creating a renowned winery, the property of the estate has renovated an old farmhouse, Pian Vecchio, and the beautiful village of Castiglioni. And it is in these residences that Officine Gullo has created three kitchen environments with a strong stylistic identity.

The second project is placed in a second residence in the ancient Castiglioni Borgo. A unique project in which the steel of the cooking range has been skilfully combined with the furniture painted in a warm straw yellow, creating a harmonious contrast of colors.

## **Location**

Radda in Chianti, Italy.

## **Colours and materials**

Stainless Steel, Maize Yellow and Polished Chrome.

## **Appliances**

OG Professional cooking range with two-zone induction hob, 4 burners, a maxi burner, electric grill and 2 multifunction ovens. Appliances wall with wine cellar, microwave, steam oven and refrigerator.

# Il Casale

In the splendid Tenuta Carleone in Radda in Chianti in Tuscany, Officine Gullo installs three tailor made projects. The entire estate, which covers an area of about 100 hectares, is part of the typical Tuscan landscape of Chianti characterized by wooded knolls, rivulets and fertile hills. In this landscape, in addition to creating a renowned winery, the property of the estate has renovated an old farmhouse, Pian Vecchio, and the beautiful village of Castiglioni. And it is in these residences that Officine Gullo has created three kitchen environments with a strong stylistic identity.

The latest kitchen project was installed in the Pian Vecchio Casale, a completely renovated classic stone structure. A top-level kitchen space both in terms of design and of performances which are absolutely comparable with those of a professional kitchen for haute cuisine.

## Location

Radda in Chianti, Italy.

## Colours and materials

Stainless Steel and Polished Chrome.

## Appliances

OG Professional cooking range with 4 burners, one electric plate and 2 ventilated electric ovens. Professional fridge freezer and undercounter wine cellar. Column equipped with steam oven and microwave oven.

# A Shiny Palace

In Ukraine, in Kiev city centre, a luxurious private residence is home to the tailor made project by Officine Gullo: a blend of bygone charm and contemporary refinement. Style, brightness and high performance characterize the kitchen in which 24KT GOLD finishes echo the precious warm shades of gold, which harmoniously accent the opaque white and dark oak joinery.

**Location**  
Kiev, Ukraine.

**Colours and materials**  
Signal White and 24kt Gold.

**Appliances**  
Induction cooktop, washing machine and professional electric oven. A multifunction oven, steam oven, microwave oven and dish-warming drawer are situated next to the metal kitchen, nestled in two joinery columns. Two built-in refrigerators.

# Virginian Manor

In an 18th century plantation in the west of the Virginia, Officine Gullo installs a tailor made kitchen with a classic and elegant design. An absolutely out of the ordinary residence, full of history and in which the unique and unmistakable style of Officine Gullo fits perfectly: capable of combining the classic charm of forms with an antique flavor to the most modern and sophisticated technologies available in the kitchen.

## Location

Williamsburg, Virginia, United States.

## Colours and materials

Jet Black and Burnished Brass.

## Appliances

OG Professional cooking range with 6 burners, barbecue, smooth fry-top, one static electric oven, one ventilated oven, and a warming drawer. Two dishwashers and a column of appliances with a coffee machine, wine cellar, microwave, warming drawer.

# The Roman Cave

In a fully renovated palazzo in the centre of Prossedi, a fortified village in the Italian province of Latina (Rome), the latest tailor-made project was installed by Officine Gullo, made to measure to fulfil the wishes and needs of the customer. All the kitchen elements, manufactured in jet black powder-coated high-thickness steel and elevated with polished chrome finishes, were designed to fit perfectly within the stone walls. The uber-contemporary elements of chrome plating and steel stand out among the natural ancient stone walls and vaults, creating a unique ambience resulting from the pursuit of a harmonious balance between artisanship, tradition and new technologies.

## Location

Latina (Rome), Italy.

## Colours and materials

Jet Black and Polished Chrome.

## Appliances

An OG professional cooking zone, whose upper part consists in a washbasin with a polished chrome tap, a worktop with four professional burners, an electric pasta cooker and a smooth chrome fry top. The lower section contains a hatch with an integrated food warming drawer, a static electric oven. Three-meter wall of appliances consisting of two container columns and two wine chillers arranged symmetrically on either side of a professional refrigerator.

# Pure Azulejo

In Portugal, a luxurious private residence is home to the latest project by Officine Gullo. It's a dream kitchen, made entirely from the finest materials, such as high-thickness stainless steel for the structure, powder coated in an original Pastel Blue shade. The colour choice is a tribute to one of the best-known decorative arts in Portugal, azulejos, whose bright hues, especially in shades of blue and white, are interspersed with the light ceramic surfaces, sparking ever-changing geometric motifs.

## Location

Lisbon, Portugal.

## Colours and materials

Pastel Blue and Burnished Brass.

## Appliances

Linear kitchen (4 metres) with an induction stove, a range with 6 high-performance gas burners, a coup de feu, and a smooth and grooved fry top. The lower part consists of an electric oven and a dishwasher. Set of built-in appliances, including a refrigerator, freezer, microwave oven, blast chiller and a sous-vide machine.

# The Garage

An old farmhouse, skilfully restored in a definitely contemporary style, hosts the new and notable project The Garage by Officine Gullo. It is an absolutely out of the ordinary house which was designed in order to spend joyful convivial moments, for business meetings or to organize unforgettable parties. A location able to understand and, at the same time, to make a deep passion for vintage cars coexist with a strong inclination for the hospitality of the landlord. The kitchen, in fact, evokes the same colours and the same finishing of one of the vintage cars of the property.

## Location

Tuscany, Italy.

## Colours and materials

Ruby Red and Brushed Nickel.

## Appliances

Professional cooking area equipped on one side with an induction hob, pasta cooker and two ovens, and on the other with a frytop, fryer and sink. On the islands: ice-maker and food warmer, slicer, blast chiller, vacuum, refrigerator, freezer and professional dishwasher.

# Tea Time

Officine Gullo presents the project Tea Time which considers a top-level kitchen space both in terms of design and of performances which are absolutely comparable with those of a professional kitchen for haute cuisine.

## Location

United Kingdom.

## Colours and materials

Soft Grey and Brushed Nickel.

## Appliances

Island with single oven cooking machine equipped with 4 burners, coup de feu, barbecue and fry top. The island is equipped with a "fire" painted metal hood and equipped with a professional high-performance extraction motor with removable filters. Wall equipped with two professional fridge freezer columns.

# Chiaroscuro

Officine Gullo presents a prestigious full kitchen with island realized for a private residence in Manhattan's Park Avenue in New York. Cutting-edge technology and conviviality: these are the key points of the project. The desire was to create an environment that would allow to cook at home with the tools of big restaurants, one of the great chefs starred. Officine Gullo has resulted in the domestic space maximum technology for professional use, in the baking machines, in appliances, accessories.

## Location

Manhattan, NY, United States.

## Colours and materials

Stainless Steel and Polished Chrome.

## Appliances

Professional cooking Island equipped on one side with professional double oven, 6 burners, warming cabinets, a lava stone grill and a coup de feu, on the other side with a food preparation top in Carrara Marble.

# The Pasta Queen

Blue, in the deep and bright shade of ocean, is the leading colour of the tailor-made project by Officine Gullo and implemented at Clearwater in Florida. It is a solution with a remarkable visual impact and with top level performances; it is able to enhance with style and elegance the surrounding space, particularly if it is characterized by light colours and natural finishing.

The tailor made kitchen has also become the stage for web contents created by its owner, Nadia Caterina Munno, The Pasta Queen, a well-known influencer and food blogger.

## Location

Clearwater, Florida, United States.

## Colours and materials

Ocean Blue and Burnished Brass.

## Appliances

A professional cooking Island (l. 288 cm x w.142). On one side, the island is equipped with a professional double oven, 6 burners with maximum power of 7,5 kw, a pasta cooker, and with double drawers and double door compartments.

### A people-first company

Officine Gullo aspires to the pinnacle of Italian excellence thanks to the enlightened vision and drive of founder, Carmelo Gullo, now flanked at the company's helm by his three sons, Pietro, Andrea and Matteo. The story of Officine Gullo is based on a sublime cohesion of tradition and innovation. Every Officine Gullo artefact is a product of the family's creativity, nonstop mechanical engineering research and passion for the finest handicraft techniques. This expertise ensures that every stage in the production process unfurls with the utmost care and attention, so that each creation meets the high standards of excellence that the family has placed at the centre of its business.

Over the years, the company has expanded by involving professionals who have been entrusted with various areas of expertise. Our staff have chosen to dedicate their careers to crafting products of national pride, pledging the professionalism, focus and devotion required to create iconic artefacts.

Officine Gullo is committed to a continuous pursuit of quality, placing this mission at the heart of the business and changing the product range as kitchen lovers change their lifestyles.

## Colours and finishings

Our collection can be produced in any of the 213 RAL k7 colours in **both matte and glossy finish**.  
Other personalized colours can be custom created. Other finishings are available on request.

The printing methods of the catalogues can determine colour differences. For a correct evaluation of tone and colour it is necessary to refer to the physical samples. In any case, metal and the artisanal finishing processes are subject to natural and inevitable differences in tone/surface texture that compared to the physical sample may result as being different.

### Burnished Brass

Natural brass is a "live" material which stains very easily because its surface oxidises when in contact with any substance. To reduce this effect we burnish our trims. This finishing is obtained by immersing the brass into a specific acid, accelerating its "aging" process and ensuring an even, darker finish.

### 24kt Gold

This finishing is obtained in a galvanic bath process by merging a 24kt gold layer onto the surfaces of our previously polished solid brass components.

### Brushed Copper

This finishing is obtained in a galvanic bath process by merging a copper layer onto the surfaces of our solid brass components .

### Polished Chrome

This finishing is obtained in a galvanic bath process by merging a chrome layer onto the surfaces of our previously polished solid brass components.

### Brushed Chrome

This finishing is obtained in a galvanic bath process by merging a chrome layer onto the surfaces of our previously satined or brushed solid brass components.

### Brushed Nickel

This finishing is obtained in a galvanic bath process by merging a nickel layer onto the surfaces of our previously satined or brushed solid brass components.

### Gunmetal

This finishing is obtained in a galvanic bath process by merging a dark nickel layer onto the surfaces of our previously satined or brushed solid brass components.
