The First Go Conference in Russia

# GOPHERCON RUSSIA

[GopherCon-Russia.ru](http://GopherCon-Russia.ru)

# ABOUT THE CONFERENCE

GopherCon Russia is an unique place where you can exchange ideas with colleagues, receive and share professional expertise, meet old friends and learn something new.

The range of topics includes everything related to Go: development, design, prototyping, testing, debugging, scalability, deploy, develop methodologies, project administration and more.

Among speakers are top Go community members, contributors to Go, big projects' ambassadors from Russia and all over the world

One day, 2 tracks, 16 talks.  
The venue is  
Congress centre Technopolis  
Moscow  
Volgogradsky prospekt, 42k5

Organized by Russian Go community. Since the first meetup in Moscow in 2013 we gather together 250 gophers every 2 months.

# AUDIENCE

GopherCon Russia attracts developers from juniors to team leaders and other specialists who work with Go.

Number of participants we expect is 350 - 450.

Working languages: English and Russian. Talks in the main hall will be simultaneously translated.

All the conference videos will be available on Youtube for everybody.

# WHY SPONSOR GOPHERCON RUSSIA?

Looking for companies who cares

You get access to the best channel for creating awareness and promoting your products, projects and vacancies to the highly motivated audience.

As a partner of the conference you also market your company as the employer who cares about improving the skills of the current and future employees.

We work closely with our partners to help them with reaching the audience in the most effective and interactive way.

Let's make all Russian Go developers learn about you!
