

COVID-19 compliant, responsible and **secure**, flexible and fully **digitally controlled** return to the office.

What?

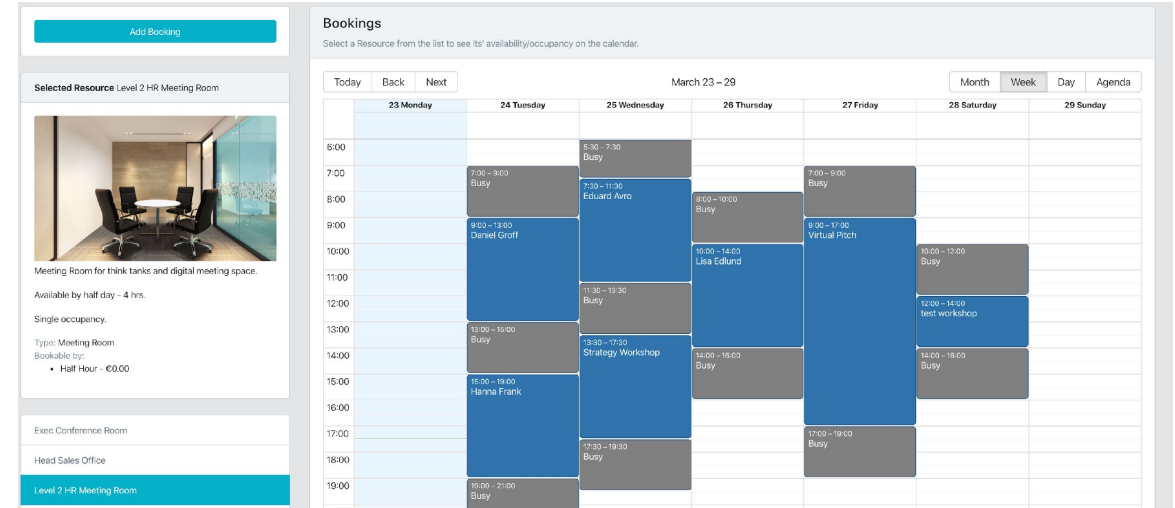

Safe usage of the existing offices by employees who are hitting their limits working from home

How?

Separation of employees by place and time, online booking of rooms and workplaces; with security buffer between bookings

Pros

Increased employee productivity, compliance with regulations, high transparency, easy & quick to implement

Preparations for an adjusted office life only take a few days
