

# Speech Case™ & Speech Case Pro

The power to  
express myself

The Tobii Dynavox Speech Case and Speech Case Pro are Augmentative and Alternative Communication (AAC) cases that transform an iPad® into a true speech tablet. Created by the leaders in AAC, the Speech Case and Speech Case Pro have powerful, integrated speakers, an ergonomic and durable design, support for switch use, and more.

## **Built purposefully for AAC**

with a durable yet light weight design so  
you can go anywhere with confidence.

## **Created to adapt**

to your lifestyle with an integrated  
handle, strap, and mounting plate holes  
so you never have to compromise.

## **An iOS solution designed for AAC**

## **Be heard loud and clear**

with powerful, integrated, outward facing  
speakers that provide AAC quality speech  
output from your iPad.

## **Designed to meet**

your access needs with one  
or two switches for control and  
independence over your iPad.

# A companion for your literacy and learning journey

Speech Case and Speech Case Pro come with Tobii Dynavox Snap + Core First, the ultimate in symbol-based communication software. The research-based Core First Pageset is centered on Tobii Dynavox's systematic delivery of the Core Word vocabulary, Topics, Quick Fires, and Behavior Supports, which allow the user to begin their communication journey where they are, and continuously keeps them growing and moving forward.

Already have Snap + Core First? Speech Case and Speech Case Pro can be purchased separately. To learn more, please visit [tobiidynavox.com](http://tobiidynavox.com).

## Technical Support and Warranty

The Speech Case is eligible for an optional 1-year Support360 warranty for \$119 and Speech Case Pro for \$139. Coverage includes repair for replacement parts, labor, and return shipping.

## Case Options

Speech Case and Speech Case Pro are available in three different color options: Teal Blue, Raspberry, or Steel Gray.
