As of 31 March 2026 and 31 December 2025, 18.90% of the Company's shares are publicly traded shares.

1.2 Location and the legal structure of the Company, country, and the address of the registered office (address of the operating center if it is different from the registered office)

The Company has been registered in Istanbul, Turkey in 1957 and operates as a joint stock company in accordance with Turkish Commercial Code (“TCC”). The Headquarter of the Company is located in “Güneş Plaza, Büyükdere Cad. No: 110 Esentepe Şişli 34394”.

In addition to the Head Office, the Company has Aegean Bancassurance Regional Directorate, Çukurova Bancassurance Regional Directorate, Mediterranean Bancassurance Regional Directorate, Boğaziçi Bancassurance Regional Directorate, Marmara Bancassurance Regional Directorate, Central Anatolia Bancassurance Regional Directorate, Black Sea Bancassurance Regional Directorate, Eastern and Southeastern Anatolia Bancassurance Regional Directorate, Ankara Bancassurance Regional Directorate, Istanbul Anatolia Bancassurance Regional Directorate, Istanbul Western and Thrace Bancassurance Regional Directorate, Mediterranean Agencies Regional Directorate, Western Istanbul and Thrace Agencies Regional Directorate, Çukurova Agencies Regional Directorate, Eastern and Southeastern Anatolia Agencies Regional Directorate, Aegean Agencies Regional Directorate, Istanbul Anatolia Agencies Regional Directorate, Istanbul Anatolia Eastern Agencies Regional Directorate, Istanbul Europe Agencies Regional Directorate, Black Sea Agencies Regional Directorate, Cyprus Regional Directorate, Corporate Sales and Technical Directorate, Marmara Agencies Regional Directorate, Central Anatolia Agencies Regional Directorate. As of 31 March 2026, the Company works with 4.012 agencies (31 December 2025: 3.920 agencies).

1.3 Nature of operations

The Company operates in non-life insurance branches consisting of automotive and non-automotive accident, fire, marine, engineering, health, agriculture, liabilities, financial losses, loan, and legal protection.

1.4 Description of the main operations of the Company

The Company carries out its activities within the framework of the Insurance Law No. 5684 (“Insurance Law”) published in the Official Gazette dated 14 June 2007 and numbered 26552 and other regulations and directives issued by the Insurance and Private Pension Regulation and Supervision Agency (“IPRSA”) established by the Presidential Decree dated 18 October 2019 based on this law, and Company operates in the insurance branches mentioned in Note 1.3 above. Prior to the establishment of IPRSA and the commencement of its regulatory activities in the insurance sector, insurance legislation was issued by the Republic of Türkiye Ministry of Treasury and Finance (“Ministry of Treasury and Finance”).

1.5 The average number of the personnel during the period in consideration of their categories

The average number of the personnel during the period was as follows:

| | 31 March 2026 | 31 December 2025 |
|--------------------|----------------------|-------------------------|
| Key management (*) | 15 | 15 |
| Other personnel | 1.525 | 1.533 |
| Total | 1.540 | 1.548 |

(*) The Company's Chairman and members of the Board of Directors, general manager and assistant general managers are categorized as senior executives.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

1. GENERAL INFORMATION (cont’d)

1.6 Total amount of salaries and similar benefits provided to the chairman and members of the board of directors and key management such as general manager and assistant general managers in the current period:

| Short-term benefits provided to key management personnel | 1 January - 31 March 2026 | 1 January - 31 March 2025 |
|---|----------------------------------|----------------------------------|
| Salaries | 27.760.933 | 22.957.785 |
| Bonuses | - | 84.028 |
| Other | 3.540.804 | 6.119.039 |
| Total benefits provided to key management | 31.301.737 | 29.160.852 |
| Provision for employment termination benefits | 1.801.549 | 940.927 |

1.7 Criteria set for the allocation of investment income and operating expenses (personnel, management, research and development, marketing and sales, outsourcing utilities and services and other operating expenses) in the consolidated financial statements

The principles and procedures regarding the allocation keys used in the consolidated financial statements to be prepared by companies were amended by the Ministry of Treasury and Finance’s Circular dated 4 January 2008 and numbered 2008/1 titled “Circular on the Principles and Procedures of Allocation Keys Used in Financial Statements Prepared within the Framework of the Insurance Chart of Accounts,” through the Circular dated 9 August 2010 and numbered 2010/9 titled “Circular on the Amendment to the Circular on the Principles and Procedures of Allocation Keys Used in Financial Statements Prepared within the Framework of the Insurance Chart of Accounts.”

Accordingly, all income obtained from the investment of the assets covering non-life technical provisions has been transferred from the non-technical section to the technical section by the Company. Other investment income has been classified under the non-technical section. The Company, in line with the permission obtained from SEDDK on 29 January 2024, has allocated the operating expenses transferred to the technical section to sub-branches, considering personnel efforts.

1.8 Information on the consolidated financial statements as to whether they comprise an individual company or a group of companies

Under the provisions of the “Communiqué on the Preparation of Consolidated Financial Statements of Insurance and Reinsurance Companies and Pension Companies,” the Company’s investment in its sole subsidiary, OSEM Sertifikasyon A.Ş., has been carried at cost in the balance sheet and excluded from consolidation, taking into account the materiality principle, since the total assets of OSEM Sertifikasyon A.Ş. are less than one percent of the Company’s total assets. In addition, in the consolidated financial statements prepared as of 31 March 2026, the Company accounted for its investment in Türk P and I Sigorta A.Ş., which is a jointly controlled entity, using the equity method in accordance with the accounting policies described in Note 2. Furthermore, the special fund established by the Company has not been included in consolidation pursuant to the Insurance and Private Pension Regulation and Supervision Authority’s (SEDDK) Sector Announcement dated 23 December 2022 and numbered 2022/14 regarding the preparation of consolidated financial statements.

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

2.1.1 Information about the principles and the special accounting policies used in the preparation of the consolidated financial statements

The Company prepares its consolidated financial statements in accordance with the Insurance Law and IPRSA. The insurance legislation before the establishment of IPRSA and the initiation of regulatory activities regarding the insurance sector was published by the Ministry of Treasury and Finance (‘Ministry of Treasury and Finance’).

The consolidated financial statements are prepared in accordance with the Insurance Chart of Accounts included in the communiqué issued by Ministry of Treasury and Finance regarding the Insurance Chart of Accounts and Prospects, published in the Official Gazette (No: 25686) dated 30 December 2004 (Insurance Accounting System Communiqué No.1) and 27 December 2011 dated and 2011/14 numbered Notice regarding to the Opening of New Account Codes in Insurance Account Plan. Content and the format of the financial statements prepared and explanations and notes thereof are determined in accordance with the Communiqué on Presentation of Financial Statements published in the Official Gazette numbered 26851 dated 18 April 2008 and numbered 2012/7 and dated 31 May 2012 Notice regarding to the Presentation of the New Account Codes and Financial Statements.

The consolidated financial statements were prepared as in a TRY and historical cost basis, except for the financial assets and investment properties and properties held for use measured at their fair value.

In accordance with the ‘Regulation on Financial Reporting of Insurance and Reinsurance Companies and Pension Companies’ issued on 14 July 2007 and effective from 1 January 2008, and also in accordance with the communiqués which may be issued by Ministry of Treasury and Finance, operations of insurance companies shall be accounted for in accordance with the Turkish Financial Reporting Standards (‘TFRS’) as issued by the Public Oversight, Accounting, and Auditing Standards Authority (‘POA’) and other regulations, communiqués and explanations issued by Ministry of Treasury and Finance regarding accounting and financial reporting issues. With reference to the notice of Ministry of Treasury and Finance No. 9 dated 18 February 2008, ‘TAS 1 - Financial Statements and Presentation’, ‘TAS 27- Consolidated and Unconsolidated Financial Statements’, ‘TFRS 1 - Transition to TFRS’ and ‘TFRS 4- Insurance Contracts’ have been scoped out of this application. In addition, insurance companies are not required to prepare consolidated financial statements pursuant to the official statement on Regulation of Consolidated Financial Statements of Insurance and Reinsurance Companies and Pension Companies issued in the Official Gazette, dated on 31 December 2008 and numbered 27097.

The Company accounts and recognizes its insurance technical reserves in its consolidated financial statements as of 31 March 2026 in accordance with the ‘Regulation on Technical Reserves of Insurance, Reinsurance and Pension Companies and the Assets to which These Reserves Are Invested’ (‘Regulation on Technical Reserves’) dated 28 July 2010 published in official gazette numbered 27655 and changes on this regulation on 17 July 2012 and numbered 28356 and other regulations issued for insurance and reinsurance companies by Ministry of Treasury and Finance (Notes 2.22, 2.23, 2.24 and 2.25).

According to the letter dated 4 April 2005 and numbered 19387 of the Ministry of Treasury and Finance, insurance companies are required to restate their financial statements as at 31 December 2004 in accordance with the Communiqué Serial XI, no: 25 “Communiqué on Accounting Standards in Capital Markets” published in the Official Gazette dated 15 January 2003 and numbered 25290 by the Capital Markets Board (‘CMB’). The Ministry of Treasury and Finance also announced that, based on the CMB’s decision taken on 17 March 2005, the application of inflation accounting is no longer required effective from 1 January 2005. In accordance with the related letter of the Ministry of Treasury and Finance, the Company restated its financial statements as at 31 December 2004 in accordance with the provisions of “Restatement of Financial Statements in Hyperinflationary Periods” and did not apply TAS 29, ‘Financial Reporting in Hyperinflationary Economies’ starting from 1 January 2005.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.1 Basis of Preparation (cont’d)

With the "Announcement on Adjustment of Financial Statements of Companies Subject to Independent Audit for Inflation" dated 23 November 2023, POA stated that the financial statements of businesses that apply Turkish Financial Reporting Standards for the annual reporting period ending on or after 31 December 2025 must be presented adjusted for the inflation effect within the scope of TAS 29, "Financial Reporting Standard in High Inflation Economies" ("TAS 29"). It has been also stated that institutions or organizations authorized to regulate and supervise their own fields may determine different transition dates for the implementation of TAS 29 provisions. In accordance with the circular numbered 2024/32 dated 6 December 2024, IPRSA decided not to apply inflation accounting by insurance, reinsurance and pension companies in 2025. In this framework, no inflation adjustment has been made in accordance with TAS 29 while preparing the consolidated financial statements dated 31 March 2026. Following this development, pursuant to Circular No. 2025/33 dated 25 December, 2025, the IPRSA decided that insurance, reinsurance, and pension companies should not apply inflation accounting.

Comparative Information and Restatement of Prior Period Consolidated Financial Statements

The consolidated financial statements of the Company are prepared in comparison with the previous period in order to allow the determination of financial status and performance trends. In order to comply with the presentation of the current period consolidated financial statements, comparative information is revised when necessary and significant differences are disclosed.

2.1.2 Functional and presentation currency

The financial statements are presented in TRY, which is the functional currency of the Company.

2.2 Consolidation

“Circular on the Preparation of the Consolidated Financial Statements of Insurance, Reinsurance and Individual Pension Companies” issued by Ministry of Treasury and Finance in the Official Gazette dated 31 December 2008 and numbered 27097 (“the Circular for Consolidation”) requires that insurance, reinsurance and individual pension companies issue consolidated financial statements starting from 31 March 2009.

Subsidiaries are companies where the parent company controls the financial and operating policies for the benefit of the parent company, either (a) through the power to exercise more than 50% of the voting rights relating to shares in the companies by owning those shares directly or indirectly; or (b) although not having the power to exercise more than 50% of the voting rights, otherwise having the power to exercise control over the financial and operating policies.

The company purchased all the shares of its subsidiary OSEM Sertifikasyon A.Ş. in 2021. In accordance with the provisions of the "Communiqué on the Preparation of Consolidated Financial Statements of Insurance, Reinsurance Companies and Pension Companies", considering the materiality principle, OSEM Sertifikasyon A.Ş.'s total assets are less than one percent of the Company's total assets. Excluded from the scope of consolidation and carried over the cost value in the balance sheet.

Joint Ventures (Jointly controlled entities): Joint ventures, including joint ventures and associates, are companies in domestic or foreign operations that are controlled by the parent company together with other companies under a joint venture agreement. The Company's investment in a joint venture is accounted for using the equity method.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.2 Consolidation (cont’d)

Under the equity method, investment in a joint venture is initially recognized at cost. The carried value of the investment is adjusted to account for the changes in the share of the Company in the net assets of the joint venture since the date of purchase. Goodwill associated with the joint venture is included in the carried value of the investment and is not redeemed or individually tested for impairment. The profit or loss statement reflects the share of the Company in the operating results of the enterprise subject to joint management. Any change in the income statement of the invested companies is shown as a part of the company's income. In addition, when there is a change in the equity of the joint venture, the Company accounts for its share of any change in the statement of changes in equity. Unrealized gains and losses arising from the transactions between the company and the joint venture are eliminated to the extent of the share in the joint venture. Financial statements of joint ventures are prepared in the same reporting period as the Company. When necessary, adjustments are made to make the accounting policies the same with the accounting policies of the Company. The company determines whether it is necessary to recognize an impairment loss on its investment in joint ventures after the equity method is applied. The company decides at each reporting date whether there is objective evidence that the investment in the joint venture is impaired. If there is such an indicator, the Company calculates the depreciation amount as the difference between the recoverable value and the carried value of the joint venture and accounts the loss in the consolidated income statement (Note 9).

2.3 Segment reporting

A segment is a distinguishable component of the Company that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

Since the main geographical area in which the Company operates is Türkiye, geographical segment reporting is not presented.

Information about the Company’s business reports regarding all branches are explained in the context of TFRS 8 - Business segments in Note 5.

2.4 Foreign currency transactions

Transactions are recorded in TRY, which is the Company’s functional currency. Transactions in foreign currencies are recorded at the rates ruling at the date of the transactions. As of the end of the reporting period, monetary assets and liabilities denominated in foreign currencies are translated into TRY at the exchange rates at the end of the reporting period and translation differences resulting from the translation are reflected in the foreign exchange gains and foreign exchange losses in the accompanying consolidated financial statements.

Changes in the discounted values of foreign currency denominated financial assets classified as available-for-sale are recognized in the income statement and all other changes in the fair value of these assets and the resulting exchange differences are recognized in the related accounts in equity.

Foreign exchange differences arising from the translation of non-monetary financial assets and liabilities are considered as part of the fair value changes and those differences are accounted for in the accounts in which the fair value changes are accounted for.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.5 Property, plant and equipment

Property, plant and equipment other than investment properties have been reflected in the consolidated financial statements at cost, less accumulated depreciation. Properties for operational use are recorded at their fair value on the basis of a valuation made by an independent valuation expert less subsequent accumulated depreciation. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset, and the net carrying amount is restated to the revalued amount.

Increases in the carrying amounts arising on revaluation of property, net of tax effects, are credited to “Other Capital Reserves” under shareholders’ equity. Any subsequent decrease in value offsetting previous increases in the carrying amount of the same asset is charged against the funds in the equity; and all other decreases are charged to profit or loss. At each reporting date, the difference between depreciation based on the revalued carrying amount of the asset and the depreciation based on the asset’s original cost is transferred from ‘Other Capital Reserves’ to retained earnings.

Gains/losses arising from the disposal of the property, plant and equipment are calculated as the difference between the net book value and the net sales price and reflected to the statement of income of the related period. Maintenance and repair costs incurred in the ordinary course of the business are recorded as expense.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the costs or revalued amounts of property, plant and equipment. Depreciation rates and estimated useful lives are below.

| | Estimated Useful Life (Year) | Depreciation Rate (%) |
|--|---|----------------------------------|
| Machinery and equipment | 4-50 | 25-2 |
| Furniture and fixtures | 4-50 | 25-2 |
| Motor vehicles | 4-5 | 25-20 |
| Other property, plant and equipment (including leasehold improvements) | 3-5 | 33-20 |

An investigation is to be performed to determine the possible impairment in case of there are existing conditions which point out impairment of property, plant and equipment except properties for operational use and as a result of that investigation; accrual is to be booked to reduce net book value of property, plant and equipment in case of recoverable value amount is less than net book value of related tangible asset. Profits and losses arising from disposal of property, plant and equipment will be kept in ‘Other income and expense’ account. In case of disposal of revalued assets; amount on ‘Other Capital Reserves’ account related to that assets are to be transferred to retained earnings account (Note 6).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.5 Property, plant and equipment (cont’d)

Right-of Use-Assets

The Company accounts for its rights-to-use assets on the date the financial lease contract commences (for example, as of the date the relevant asset is available for use). The right of use assets is calculated by deducting the accumulated depreciation and impairment losses from the cost value. In case the financial leasing debts are revalued, this figure will be corrected.

Right of use assets are measured at cost comprising the following:

- (a) The amount of the initial measurement of lease liability,
- (b) Any lease payments made at or before the commencement date less any lease incentives received
- (c) Any initial direct costs and restoration costs.

Unless the transfer of ownership of the asset to the Company at the end of the lease is reasonably finalized, the Company depreciates its asset right to use until the end of the useful life of the underlying asset. Right of use assets are subject to impairment assessment.

Lease Liabilities

At the commencement date of the lease, the Company measures the lease liability over the present value of the unrealized lease payments at that date. Lease payments, if the interest rate implied in the lease can be easily determined, by using this rate; If the implied interest rate cannot be determined easily, it is discounted using the lessee's alternative borrowing interest rate. As of 31 March 2026, the weighted average of the alternative borrowing rates used by the Company for Turkish Lira leases is 45% per year (31 December 2025: 45% per year).

2.6 Investment Property

The lands and buildings, which are obtained either to earn income or for capital appreciation or for both, instead of either for the Company’s operations or for management purposes or for sale during the regular operations, are classified under investment properties. Investment properties are reflected in the consolidated financial statement at fair value. Changes in fair values of investment properties are recognized in the income statement under investment income (Note 7).

2.7 Intangible assets

The Company’s intangible assets consist of rights and computer software. Intangible assets are accounted at cost accounting for intangible assets.

The Company record the amortization amount for intangible assets on a straight-line basis over their estimated useful lives. The useful lives of intangible assets vary between 5 and 10 years (Note 8).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.8 Financial Assets

Classification and measurement

A financial asset is any asset that is cash, an equity instrument of another entity, a contractual right to receive cash or another financial asset from another entity; or to exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the entity. Financial assets are classified in two categories: as, available-for-sale financial assets and loans and receivables.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Company provides money, goods or services directly to a debtor with no intention of trading the receivable. Loans and receivables those are not interest earning are measured by discounting of future cash flows less impairment losses, and interest earning loans and receivables are measured at amortized cost less impairment losses.

Held to Maturity Investments; which are held with the intention of keeping to maturity and include the fixed or determinable payments with fixed or determinable payments, except for loans and receivables and reasonable value during the initial recognition. These are financial assets that are not classified as financial assets, the difference of which is reflected in the income statement and are not shown ready for sale in the records. These assets are first recorded at acquisition cost and this value is accepted as reasonable value. The fair value of the assets held to maturity is determined on the basis of the market price of similar instruments or the market prices of similar financial instruments. Financial assets held to maturity are valued at their ‘discounted value’. Contribution income from assets held to maturity is reflected in the income statement. The Company does not allocate impairment based on short-term market fluctuations, provided that there is no collection risk in securities representing the borrowing classified under financial assets held to maturity. In the event of a collection risk, the amount of the said impairment is the difference between the book value of the financial asset and the value of the cash flows still expected to be collected from the financial asset, if any, based on the original effective rate of return. Currency hedged deposits are also classified under held-to-maturity financial assets in accordance with the related insurance legislation.

Financial assets classified as held for trading; If a financial instrument is held for trading after the initial recognition, the financial asset is classified as financial assets at fair value through profit or loss. If the company manages related investments and decides to purchase and sell the fair value of these investments in accordance with the company’s written risk management and investment strategies, the financial assets are recognized as financial assets at fair value through profit or loss. After the initial recognition, all kind of transaction costs are recognized in profit or loss. Financial assets at fair value through profit or loss are measured at fair value and changes in fair value are recognized in profit or loss. Best expected purchase price as of the balance sheet date is used as a base in the determination of fair value. The fair value represents the best purchase order amount current pending orders at Borsa Istanbul A.Ş., the price of most recent transaction realized in the absence of these orders and the cost price which is forwarded by effective interest rate (the ratio which equalize the future cash flows of a financial asset or liability to its current net book value) in the absence of all other method.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.8 Financial Assets (cont’d)

Available-for-sale financial assets consist of other financial assets classified under the affiliated securities. Available-for-sale financial assets are initially recorded at cost and subsequently measured at their fair values. For the assets whose shares are traded on the stock market, prices on the stock market as of the balance sheet date are considered. However, assets that are not traded in an active market are measured by using valuation techniques, including recent market transactions in similar financial instruments, adjusted for factors unique to the instrument being valued; or discounted cash flow techniques for the assets which do not have a fixed maturity. Unrecognized gains or losses derived from the difference between their fair value and the discounted values calculated per effective interest rate method are recorded in ‘Revaluation of financial assets’ under shareholders’ equity. Upon disposal, the realized gain or losses are recognized directly in the profit or loss. During the available-for-sale asset is first recognized, additional costs of recognition will be added to fair value.

Derecognition

A financial asset is derecognized when the control over the contractual rights that comprise that asset is lost. This occurs when the rights are realized, expire, or are surrendered.

2.9 Impairment of Assets

Impairment of financial assets

Financial assets or group of financial assets are reviewed at each reporting date to determine whether there is objective evidence of impairment. If any such indication exists, the Company estimates the amount of impairment. A financial asset is impaired; if and only, there is objective evidence that the expected future cash flows of financial asset or group of financial assets are adversely affected by an event(s) (‘loss event(s)’) incurred subsequent to recognition. The losses expected to be incurred due to future events are not recognized even if the probability of loss is high.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.9 Impairment of Assets (cont’d)

Receivables are presented net of specific allowances for uncollectible. Specific allowances are made against the carrying amounts of loans and receivables that are identified as being impaired based on regular reviews of outstanding balances to reduce these loans and receivable to their recoverable amounts.

The recoverable amount of an equity instrument is its fair value. The recoverable amount of debt instruments and purchased loans measured to fair value is calculated as the present value of the expected future cash flows discounted at the current market rate of interest.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost and available-for-sale and trading financial assets that are debt securities, the reversal is recognized in the statement of income. Impairment provisions arising from investments for equity instruments classified as available-for-sale financial assets and accounted in the income statement cannot be reversal from the income statement in the following periods.

Impairment on property, plant and equipment

On each reporting date the Company evaluates whether there is an indication of impairment of tangible and intangible assets. If there is an objective evidence of impairment, the asset’s recoverable amount is estimated and if the recoverable amount is less than the carrying value of the related asset, a provision for impairment loss is made.

Discount and provision expenses of the period are detailed in Note 47.

2.10 Derivative financial instruments

Derivative financial instruments of the period are detailed in Note 13.

2.11 Offsetting of financial assets

Financial assets and liabilities are presented in the consolidated balance sheet on a net basis when the Company has a legally enforceable right to offset the related financial asset and liability and intends to collect/pay them on a net basis, or has the right to realize the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted by the Turkish Financial Reporting Standards, or for gains and losses arising from a group of similar transactions included in the Company’s trading activities.

2.12 Cash and Cash Equivalents

Cash and cash equivalents, which is the basis for preparation of the statement of cash flows includes cash on hand, cheques received, other cash and cash equivalents, demand deposits and time deposits at banks having an original maturity less than three months and readily to be used by the Company or not blocked for any other purpose (Note 14).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.13 Share Capital

As of 31 March 2026, and 31 December 2025, the share capital and ownership structure of the Company is as follows:

| Name | 31 March 2026 | | 31 December 2025 | |
|------------------------------|-----------------------|--------------|-----------------------|--------------|
| | Share Amount (TRY) | Share (%) | Share Amount (TRY) | Share (%) |
| TVF Finansal Yatırımlar A.Ş. | 8.110.171.893 | 81,10 | 8.110.171.893 | 81,10 |
| Public shares | 1.889.828.107 | 18,90 | 1.889.828.107 | 18,90 |
| Paid-in Capital | 10.000.000.000 | 100 | 10.000.000.000 | 100 |

Registered capital system

At the Board of Directors meeting held on December 27, 2024, it was resolved to increase the Company’s authorized capital ceiling from TRY 5.000.000.000 to TRY 50.000.000.000 and to set the validity period of the authorized capital ceiling as 2025–2029 (5 years).

In connection with the increase in the Company’s paid-in capital, pursuant to the Board of Directors’ decision dated March 13, 2026, the Company submitted to the General Assembly for approval the matter of increasing the paid-in capital, currently TRY 10.000.000.000, by 100% to TRY 20.000.000.000, entirely funded from internal sources, and amending the Articles of Association accordingly. The proposed capital increase was approved at the General Meeting held on April 9, 2026, and the Company’s application regarding this matter was submitted to the Capital Markets Board on April 14, 2026.

2.14 Insurance and investments contracts - classification

An insurance contract is a contract under which the Company accepts significant insurance risk from another party (the policyholder) by agreeing to compensate the policyholder if a specified uncertain future event (the insured event) adversely affects the policyholder. Insurance risk covers all risk except for financial risks. All premiums have been received within the coverage of insurance contracts recognized as revenue under the account caption written premiums.

Financial risk is the risk of a possible future change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index or other variable, provided, that it is not specific to a party to the contract, in the case of a non-financial variable.

2.15 Insurance contracts and investment contracts with discretionary participation feature

Discretionary participation feature (‘DPF’) within insurance contracts and investment contracts is the right to have following benefits in addition to the guaranteed benefits.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.15 Insurance contracts and investment contracts with discretionary participation feature (cont’d)

- (i) Those are likely to comprise a significant portion of the total contractual benefits;
- (ii) Whose amount or timing is contractually at the discretion of the Issuer;
- (iii) Those are contractually based on:
 - (1) The performance of a specified pool of contracts or a specified type of contract;
 - (2) Realized and/or unrealized investments returns on a specified pool of assets held by the Issuer;
 - (3) The profit or loss of the Company, Fund or other entity that issues the contract.

As at the reporting date, the Company does not have any insurance or investment contracts that contain a DPF.

Investment contracts without DPF

As at the reporting date, the Company does not have any insurance contracts and investment contracts without DPF.

2.16 Liabilities

Financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another entity. Financial liabilities are measured at their discounted values in the Company’s consolidated financial statements. A financial liability is derecognized when it is extinguished.

2.17 Taxes

Corporate tax

With the paragraph added to the provisional Article 13 of the Corporate Tax Law No. 5520 with the Article 26 of the Law No. 7394 on the Amendment of Certain Laws and Decree Laws with the Law on the Evaluation of Immovable Properties Belonging to the Treasury and the Amendment of the Value Added Tax Law, which entered into force after being published in the Official Gazette dated 15 April 2022 and numbered 31810, it has been determined that for certain companies, including insurance companies, the Corporate Tax rate will be revised and applied as 25% for the corporate earnings for the taxation period of 2022. With this amendment, starting from the declarations to be submitted as of 1 July 2022, the rate of 25% will be applicable for the taxation of corporate income for the periods starting from 1 January 2022. With the Law No. 7456 published in the Official Gazette No. 32249 dated 15 July 2023, the general corporate tax rate was increased from 25% to 30% for certain companies, including insurance companies. The increase in the corporate tax rate has entered into force starting from the declarations to be submitted as of 1 October 2023 and to be applied to the earnings obtained in 2024 and the following taxation periods.

There is no withholding tax on profit shares (dividends) paid to non-resident companies and companies residing in Türkiye that generate income through a workplace or permanent representative in Türkiye. Dividend payments made to individuals and institutions other than these are subject to 15% withholding tax. In applying the withholding tax rates on dividend payments to the non-resident institutions and the individuals, the withholding tax rates covered in the related Double Tax Treaty Agreements are considered. Appropriation of retained earnings to capital is not considered as profit distribution and therefore is not subject to withholding tax.

Prepaid taxes are calculated and paid at the rates valid for the earnings of the related quarterly periods. The payments can be deducted from the annual corporate tax calculated for the whole year.

According to the Turkish tax legislation, financial losses shown on the declaration can be deducted from the period's corporate income provided unless they do not exceed 5 years. However, financial losses cannot be offset against previous years' profits.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.17 Taxes (cont’d)

Corporate tax (cont’d)

In Türkiye, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns within the 25th of the fourth month following the close of the financial year to tax office which they relate. Tax returns are open for five years from the beginning of the year that follows the date of filing during which time the tax authorities have the right to audit tax returns, and the related accounting records on which they are based, and may issue re-assessments based on their findings.

The law on the amendment of Tax Procedure Law and Corporate Tax Law was enacted on 20 January 2022 with Law No. 7352 and it was decided that the financial statements will not be subject to inflation adjustment for the 2021 and 2022 accounting periods, including the provisional accounting periods, and the provisional tax periods of the 2023 accounting period, regardless of whether the conditions for inflation adjustment within the scope of Repeated Article 298 are met. In accordance with Law No. 7352, inflation adjustment will be applied to the financial statements dated 31 December 2025 and the profit/loss difference arising from the inflation adjustment will be recognized in retained earnings and will not be subject to tax. With the Law No. 7491 published in the Official Gazette dated 28 December 2023 and numbered 32413, banks, payment and electronic money institutions, asset management companies, capital market institutions, insurance and reinsurance companies and pension companies' profits or losses that will arise as a result of inflation adjustment in the 2024 and 2025 accounting periods will not be considered in determining the corporate tax base. Under the provisional article added to the Tax Procedure Law (“TPL”) by the Omnibus Law No. 7571 published in the Official Gazette dated 24 December 2025, it has been stipulated that even if the conditions are met, the application of inflation adjustment based on the CPI shall not be made in the 2025, 2026, and 2027 accounting periods. Accordingly, inflation adjustments will not be applied in the TPL financial statements that will form the basis for corporate tax returns for the aforementioned periods. The company is evaluating the effects of these changes on its consolidated financial statements.

Deferred Tax

The deferred tax liability or asset is determined by calculating the tax effects on the “temporary differences” between the values of assets and liabilities shown in the consolidated financial statements and the amounts considered. According to tax legislation, the differences that do not affect the financial or commercial profit that occurred at the acquisition date of the assets and liabilities are excluded from this calculation.

Deferred tax assets and deferred tax liabilities are presented on a net basis in the consolidated financial statements only if the Company has a legally enforceable right to offset current tax assets against current tax liabilities, and the deferred tax assets and liabilities relate to income taxes levied by the same taxable entity.

If the valuation differences arising from the valuation of the assets are recognized in the income statement, the current period corporate tax and deferred tax income or expense are also recognized in the income statement. If the valuation differences arising from the valuation of the related assets are accounted directly in the equity accounts, the related tax effects are accounted directly in the equity accounts (Note 21).

2.18 Employee benefits

Provision for employment termination benefits:

Under the Turkish Labor Law, the Company is obliged to pay severance compensation to employees who have completed one year of service and whose employment with the Company is terminated for reasons other than resignation or misconduct, as well as to those who have completed their years of service and become entitled to retirement, are called for military service, or pass away. The computation of the liability is based upon the retirement pay ceiling announced by the Government. As of 31 March 2026, the applicable ceiling amount as at TRY 64.948,77 (31 December 2025: TRY 64.948,77).

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.18 Employee benefits (cont’d)

Provision for employment termination benefits: (cont’d)

The fundamental assumption is that maximum ceiling for the yearly services increases in line with the inflation.

Therefore, the discount rate reflects the real rate after netting of the effects of inflation. The provision for termination benefits and severance payment has been calculated by using the ceiling amounting to TRY 64.948,77 which is applicable starting from 1 January 2026, as it is adjusted yearly (1 January 2025: TRY 64.948,77).

The Company are calculated provision for employee severance indemnities using actuarial methods. The major statistical assumptions used in the calculation of the total liability as of 31 March 2026 and 31 December 2025 are as follows:

| | 31 March 2026 | 31 December 2025 |
|----------------------------------|----------------------|-------------------------|
| Annual discount rate | 3,32% | 3,32% |
| Estimated employee turnover rate | 6,80% | 12,50% |

Other employee benefits:

The Company has provided for undiscounted short-term employee benefits earned during the financial period as per services in the accompanying consolidated financial statements (Note 23).

2.19 Provisions

A provision is allocated for an existing obligation resulting from past events if it is probable that the commitment will be settled, and a reliable estimate can be made of the amount of the obligation. Provisions are calculated based on the best estimates of management on the expenses to incur as of the reporting date and, if material, such expenses are discounted to their present values. If the amount is not reliably estimated and there is no probability of cash outflow from the Company to settle the liability, the related liability is considered as ‘contingent’ and disclosed in the notes to the financial statement.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized in consolidated financial statements since this may result in the recognition of income that may never be realized. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the consolidated financial statements. If it has become virtually certain that an inflow of economic benefits will arise, the asset and the related income are recognized in the consolidated financial statements of the period in which the change occurs. If an inflow of economic benefits has become probable, the Company discloses the contingent asset (Note 23).

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.20 Revenue recognition

Written Premiums

Written premiums represent premiums on policies written during the year net of taxes, premiums of the cancelled policies which were produced in prior years and premiums ceded to reinsurance companies. Premiums ceded to reinsurance companies on gross premiums are booked in “premiums ceded to reinsurance companies” account of statement of income (Note 24).

Subrogation, salvage and other income

In the calculations related to provisions for outstanding claims accrued and identified, accrued or collected subrogation, salvage or similar income items cannot be deducted. However, accrued subrogation, salvage, and similar income items can be recognized in the assets section of the balance sheet and income statement.

In order to accrue receivable or income of subrogation, salvage; acquisition of the right of subrogation, determination of the amount certainly, and must not have been charged by the end of the period are needed. In accordance with Turkish Commercial Code, the compensation must be paid for getting the right of subrogation.

In accordance with the Ministry of Treasury and Finance’s Circular No. 2010/13 dated 20 September 2010, titled “Circular on Subrogation and Salvage Income,” it is not necessary to obtain a release (discharge form) from insurance companies. Provided that insurance companies have made the indemnity payment, obtained a release document from their policyholders (such as a bank receipt letter confirming the payment), and notified the counterparty insurance company or third parties, Subrogation receivables up to the guarantee limit of the liable insurance company may be accrued. However, if the relevant amount cannot be collected from the counterparty insurance company within six months following the indemnity payment, or from third parties within four months, a provision must be set aside for the outstanding receivable.

On the other hand, if there is an agreement with the insurance company or third parties; where there is a payment plan up to one year, or receipt of cheques, bills or similar documents, the Company is not required to provide provision for subrogation receivables that overdue six months from insurance and four months from other counterparties are under the instalment plan.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.20 Revenue recognition (cont’d)

Subrogation, salvage and other income (cont’d)

At the reporting date, in accordance with the related circular, the Company recognized TRY 903.789.702 (31 December 2025: TRY 932.791.405) net salvage and subrogation receivables in the receivables from main operations account. The Company has set aside a provision for receivables in the amount of TRY 124.859.431 (31 December 2025: TRY 114.001.648) for receivables that cannot be collected within the periods specified in the circular (Notes 4.2 and 12).

When the subrogation is subject to a court case, the amount is recorded on the date of the transaction and the same amount of provision is provided on the same day.

The Company has classified its net subrogation receivables amounting to TRY 3.270.600.318 (31 December 2025: TRY 2.957.566.661) as doubtful receivables from main operations by allocating provision for doubtful receivables for the portion remaining in its retention for Subrogation transactions through litigation and enforcement (Notes 4.2 and 12).

In order to accrue salvage income, it is necessary to accrue the income that can be obtained from the sale of the partially damaged goods in the event that the entire insurance amount is compensated and then these goods are transferred to the ownership or secondary possession of the insurance company (salvage), in the relevant periods, such as subrogation receivables. In this case, in cases where the goods under the secondary possession of the company are sold through a third party (real/legal) or left to the insured or sold directly by the company, the salvage income should be accrued and should not be deducted from the paid claims or outstanding claims.

For the years ended 31 March 2026 and 31 December 2025, accrued salvage and subrogation income per branches is as follows:

| | 31 March 2026 | 31 December 2025 |
|---|----------------------|-------------------------|
| Motor vehicles | 634.663.579 | 682.191.340 |
| Third part liability for motor vehicles | 189.029.944 | 188.785.718 |
| Fire and natural disasters | 52.212.919 | 43.122.428 |
| Other | 27.883.260 | 18.691.919 |
| Total | 903.789.702 | 932.791.405 |

For the period 1 January – 31 March 2026 and 2025, salvage and subrogation collections are as follows:

| | 1 January - 31 March 2026 | 1 January - 31 March 2025 |
|---|--------------------------------------|--------------------------------------|
| Motor vehicles | 1.138.124.758 | 765.346.427 |
| Third part liability for motor vehicles | 153.517.181 | 75.996.936 |
| Fire and natural disasters | 58.601.323 | 29.040.095 |
| Other | 49.362.094 | 22.471.717 |
| Total | 1.399.605.356 | 892.855.175 |

Commission income and expense

As further detailed in Note 2.22, commissions paid to the agencies related to the production of the policies and the commissions received from the reinsurance firms related to the premiums ceded are recognized over the life of the contract by deferring commission income and expenses within the calculation of reserve for unearned premiums and they are recognized in deferred commission income and deferred commission expenses.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.20 Revenue recognition (cont’d)

Interest income and expense

Interest income and expense are recognized using the effective interest method. The effective interest is the rate that discounts estimated future cash payments and cash flows through the life of the financial asset or liability to its carrying amount. The effective interest rate is established on initial recognition of the financial asset and liability and is not revised subsequently.

The calculation of the effective interest rate includes all fees and points paid or received transaction costs, and discounts or premiums that are an integral part of the effective interest rate. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or liability.

Dividend

Dividend income is accounted when related dividend right arises.

2.21 Dividend distribution

Dividends distributed are recorded by deducting them from the accumulated profit in the period in which they are declared.

2.22 Reserve for unearned premiums

Reserve for unearned premiums, effective insurance contracts premiums occur from gross amounts without any commission or other discount and based on daily premium calculations for the following period or periods. For the good’s marine insurance contracts without a specific expire date, the premiums accrued from the last three months, 50% of the remaining amount is allocated as reserve for unearned premium.

The reserve for unearned premiums during the day basis evaluation while following sections of the extended periods are being evaluated it is assumed that in general implementation, the policy starts at noon 12:00 and ends again at noon 12:00.

Unearned portion of the commissions paid to the intermediaries for written premiums and commissions received from reinsurers for the premiums ceded are recognized in short term Prepaid Expenses and Income Accruals and Deferred Income and Expense Accruals respectively in the balance sheet. They are also recognized in the operating expenses after netting off.

In accordance with the Communiqué on Technical Reserves, for the calculation of reserve for unearned premium of foreign currency indexed insurance agreements, foreign currency selling exchange rates announced by Turkish Central Bank are used, unless there is a specified exchange rate in the agreement (Note 17).

2.23 Reserve for unexpired risks

In accordance with the Regulation on Technical Reserves, insurance companies are required to set aside a reserve for unexpired risks (“DERK”) by considering the expected loss ratio, in order to cover the potential claims that may arise from insurance contracts in force, in cases where such claims are expected to exceed the unearned premium reserves allocated for the respective contracts. If the expected loss ratio calculated on a branch basis exceeds 95%, the amount obtained by multiplying the portion exceeding 95% by the net unearned premium reserve is recognized as the net unexpired risk reserve, while the amount obtained by multiplying the same excess ratio by the gross unearned premium reserve is recognized as the gross unexpired risk reserve. The difference between the gross and net amounts is recognized as the reinsurers’ share.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.23 Reserve for unexpired risks (cont’d)

With the “Circular No. 2022/27 on the Provision for Unexpired Risks” (“Circular No. 2022/27”) published by the Insurance and Private Pensions Regulation and Supervision Agency, the gross loss premium rate to be used in the calculation of the provision for continuing risks to the insurance companies is determined. It is possible to calculate by dividing the amount of final claim found for each quarter (including indirect works) of the last year, based on the current year, by the earned premium. As an alternative to this method, the gross loss premium rate can be calculated by insurance companies over the sum of the last four quarters, including the current period, based on the writing (working) year, including indirect works, and in the relevant method, the policies written in the last year in calculating the amount of damage incurred by the company actuary. In terms of the writing (working) year, the immaturity of the damage development process should be considered within the framework of the best estimation principles. If the gross loss premium ratio calculated based on the accident year in the Land Vehicles, Voluntary Liability and General Liability branches of the Company is above 85%, the excess amount is multiplied by the gross unearned premium reserve; net unearned premium reserve has been multiplied by the net unearned premium reserve. However, the Company evaluated the current situation for the Compulsory Traffic branch as of the balance sheet date, and within the scope of the Circular no 2022/27, the loss premium rate calculated on the basis of the writing (working) year calculated by the Company actuary in the URP calculation of the said branch as of 31 March 2026 has used.

In accordance with the Circular no 2022/27, the amounts of the direct works (including the works transferred to the Risky Insured Pool) related to the works in which 100% of the direct production is transferred to the pools established in Turkey are not included in the gross loss premium calculation. Since the liabilities of the companies in relation to these productions arise only from indirect production (such as the works from the Risky Insured Pool and the works received from the pool under the reinsurance agreement, such as the Green Card insurance pool), only indirect productions can be used to determine the actual liability of the company for these works and similar works. The calculation is made separately from the other production of the branch, considering the damages and other income and expense items in this division. If the company considers that the weight of the production in question in the branch or the general portfolio of the company is insignificant, a separate calculation may not be made for this production.

In cases where 100% of the direct production is ceded to pools established in Türkiye, if a separate calculation is made, the portion of the gross loss ratio exceeding 100% is multiplied by the gross unearned premium reserve (“UPR”) to determine the gross unexpired risk reserve (“URR”), and by the net UPR to determine the net URR amount.

As of 31 March 2026, the Company has calculated a net unexpired risk reserve of TRY 988.328.825 and booked (31 December 2025: TRY 1.308.168.985) (Note 17).

The loss ratio (after discount) and gross and net provisions calculated by branches are presented on the following page:

| Branch | Claim/Premium | 31 March 2026 | | 31 December 2025 | |
|---|---------------|----------------------|--------------------|----------------------|----------------------|
| | | Gross URR | Net URR | Gross URR | Net URR |
| Third part Liability for motor vehicles | 99% | 1.072.582.916 | 938.821.406 | 1.332.197.734 | 1.280.747.615 |
| - Compulsory traffic (except RCA) | 103% | 729.483.747 | 729.483.747 | 1.125.163.115 | 1.125.163.115 |
| - RCA acquired | 134% | 209.337.659 | 209.337.659 | 155.584.500 | 155.584.500 |

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.24 Provision for outstanding claims

The Company accounts for outstanding claim provision for ultimate cost of the claims incurred, but not paid in the current or previous periods or, for the estimated ultimate cost if the cost is not certain yet and for the incurred but not reported claims. Claim provisions are accounted for based on reports of experts or initial assessments of policyholders and experts, and in the calculations related to the claim provisions, claim recoveries, salvage and similar gains are not deducted.

In accordance with the Communiqué on Technical Reserves and 2011/1 and dated 14 January 2011, starting from 1 July 2012, the Company provided provision for the files that there is uncertainty about their amount and/or which are defined as pilot case based on the average amounts of which the calculation procedure and methods defined by Ministry of Treasury and Finance and updated the provision based on the further court decision and the expert reports.

As of 31 March 2026, the difference between the provision for outstanding claim that is accrued and the amount that is calculated by using the actuarial chain ladder method, of which the content and implementation fundamentals are determined on the Legislation for Technical Provision and the ‘Circular on Provision for Outstanding Claim’ numbered. 2014/16 and dated 5 December 2014 and is effective from 1 January 2015, is accounted for as incurred but not reported claims provision.

In accordance with ‘the Circular on Provision for Outstanding Claim’ dated 5 December 2014 and numbered 2014/16 published by Ministry of Treasury and Finance, the calculation of incurred but not reported claim provision for outstanding claim considering that best estimations of the Company’s actuary has been adjudicated. Based on mentioned circular letter, the data selection on incurred but not reported claim provision calculations, the amendments and adjustments and the selection of the best method and interference with development factor are done by the Company’s actuaries based on actuarial methods. In this related circular letter, on the calculation of incurred but not reported provision for outstanding claim amount, the Company has been given the right to choose Actuarial Chain Ladder Methods (ACLM) for each branch of Chain Ladder Method, Loss Ratio, Cape Cod, Frequency-Severity Techniques, Munich Chain Ladder Method and Bornhuetter - Ferguson. The Company has chosen the actuarial method on the basis of the actuarial opinion and the related methods are explained in Note 17.

The data related accrued claim recoveries, salvage and equivalent income in the balance sheet are taken into consideration in the ACLM calculations with collections. In addition, for the branches with a negative ACLM result, the incurred but not reported claim provision was calculated considering the total amount of the negative ACLM result. The ACLM calculations are performed on a gross basis and the net amounts are determined in accordance with in-forced reinsurance agreements of the Company. The gross and net incurred but not reported claim provision to be added or to be deducted for each branch and the calculation methodology as of 31 March 2026 and 31 December 2025 are explained in the Note 17.

As of 31 March 2026, the Company has provided net additional outstanding claims reserve amounting to TRY 32.395.077.275 (31 December 2025: TRY 32.290.851.447) in its financial statements for incurred but not reported claims considering the amounts found as a result of ACLM calculation.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.24 Provision for outstanding claims (cont’d)

In accordance with the "Circular on the Discounting of Net Cash Flows Arising from the Provision for Outstanding Claims" published by the Ministry of Treasury and Finance dated 10 June 2016 and numbered 2016/22, the "Circular on Amendments to Circular No. 2016/22 on Discounting Net Cash Flows Arising from Outstanding Claims Provision" dated 15 September 2017 and numbered 2017/7, published by the Ministry of Treasury and Finance, and the "Circular Amending the Circular No. 2025/32 Concerning the Discounting of Net Cash Flows Arising from Outstanding Claims Provision" dated 18 December 2025 and numbered 2026/22 published by IPRSA, the company has calculated the discount on outstanding claims provisions of net TRY 20.605.649.587 as of 31 March 2026 (31 December 2025: TRY 20.868.903.899 TRY).

As of 31 March 2026 and 31 December 2025, the Company's net outstanding claims reserves by branch before and after discount are as follows:

| 31 March 2026 Branch | Net outstanding claims before discount | Discount amount | Discounted net Outstanding claims provisions |
|--|---|----------------------------|---|
| Third party liability for motor vehicles | 36.783.117.637 | (18.344.513.521) | 18.438.604.115 |
| Health | 3.414.101.197 | (170.410.068) | 3.243.691.130 |
| Motor Vehicles | 2.704.985.132 | (374.410.488) | 2.330.574.644 |
| General Liability | 2.172.577.349 | (1.431.250.117) | 741.327.232 |
| Fire and Natural Disasters | 609.721.134 | (128.536.097) | 481.185.037 |

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.24 Provision for outstanding claims (cont’d)

In accordance with the Circular No. 2011/23, it is possible to calculate a winning rate over the amounts of the lawsuits filed against the Company according to the realizations of the last five years according to the realizations of the last five years, and according to the calculated win rate, it is possible to make a discount from the outstanding claims reserves accrued for the files in the litigation process. The company calculated the winning rates by sub-branches by proportioning the amount of the claims, whose all-judicial processes were completed in the last five years, to the total amount of the files. In the calculation of the winning ratio, only the principal amounts related to the compensation are included in the calculation, and the interest and other expenses are not considered. In accordance with the Circular numbered 2011/23 for the branches with a winning ratio of over 25%, a discount was made from the outstanding claims reserve amount by using 25% for those with sufficient previous files and 15% for other branches. The company made the said calculations on the gross amounts and the reinsurance shares of the discount amount were determined by considering the reinsurance share of the related files. As of 31 March 2026, the net deduction amount of the Company's earning rates calculated on the basis of sub-branches and the provision for outstanding claims accrued is TRY 1.541.489.056 (31 December 2025: TRY 1.448.025.001) (Note 17). The winning rates used on a branch basis as of 31 March 2026 and 31 December 2025 are as follows:

| Branch | 31 March 2026 Utilized Win Rate (%) | 31 December 2025 Utilized Win Rate (%) |

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.25 Equalization provision

In accordance with the Communiqué on Technical Reserves, the Insurance Companies should provide equalization provision in credit insurance and earthquake branches to equalize the fluctuations in future possible claims and for catastrophic risks. Provision is calculated as 12% of net premiums written in credit insurance and earthquake branches. In the calculation of net premiums, fees paid for un-proportional reinsurance agreements are considered as premiums ceded to the reinsurance firms.

The insurance companies are allowed to deduct claim payments and outstanding claims evidenced by expertise reports or official documents received from public institutions due to earthquake losses from the equalization reserve, provided that no deduction has been made from current year charge to the reserve.

As of 31 March 2026, equalization provision amounting to TRY 890.827.773 (31 December 2025: TRY 807.274.243) is presented under “Other Technical Reserves” under the long term-liabilities in the accompanying financial statements (Note 17).

| | 31 March 2026 | 31 December 2025 |
|----------------------------|----------------------|-------------------------|
| Net Equalization Provision | 890.827.773 | 807.274.243 |
| Total | 890.827.773 | 807.274.243 |

2.26 Related parties

For the purpose of the consolidated financial statements, shareholders, Türkiye Varlık Fonu group companies, key management personnel and board members, in each case together with their families and companies controlled by or affiliated with them, associates and joint ventures are considered and referred to as related parties (Note 45).

2.27 Earnings per share

Earnings per share are determined by dividing the net income by the weighted average number of shares outstanding during the year attributable to the shareholders of the Company. In Turkey, companies can increase their share capital by making a pro-rata distribution of shares (“Bonus Shares”) to existing shareholders from retained earnings. For the purpose of earnings per share computations, such bonus shares issued are regarded as issued shares. Therefore, the weighted average number of shares used in the calculation of earnings per share is obtained by applying the bonus issue of shares retrospectively from the beginning of the previous reporting period (Note 37).

2.28 Subsequent events

Post-balance sheet events that provide additional information about the Company’s position at the reporting dates (adjusting events) are reflected in the consolidated financial statements. Post-balance sheet events that are not adjusting events are disclosed in the notes when material.

FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.29 New standards and interpretations

The accounting policies adopted in the preparation of the financial statements for the period ended 31 March 2026 are consistent with those applied in the previous year, except for the adoption of new and amended Turkish Financial Reporting Standards (“TFRS”) and TFRS Interpretations effective as of 1 January 2026, which are summarized below. The effects of these new and amended standards and interpretations on the Company’s financial position and performance are explained in the relevant paragraphs.

New and Amended Turkish Financial Reporting Standards

a) Amendments that are mandatorily effective from 2026

Amendments to TAS 21 *Lack of Exchangeability*

The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not. Amendments are effective from annual reporting periods beginning on or after 1 January 2025.

The aforementioned standard, amendments and improvements do not have any significant effect on the Company's consolidated financial position and performance.

b) New and revised TFRSs in issue but not yet effective

The Company has not yet adopted the following standards and amendments and interpretations to the existing standards:

| | |
|---------------------------------|--|
| TFRS 17 | <i>Insurance Contracts</i> |
| Amendments to TFRS 17 | <i>Initial Application of TFRS 17 and TFRS 9 — Comparative Information</i> |
| TFRS 18 | <i>Presentation and Disclosures in Financial Statements</i> |
| TFRS 19 | <i>Subsidiaries without Public Accountability: Disclosures</i> |
| Amendments to TFRS 9 and TFRS 7 | <i>Classification and Measurement of Financial Instruments</i> |
| Amendments to TFRS 9 and TFRS 7 | <i>Power Purchase Arrangements</i> |
| Annual Improvements | <i>Annual Improvements to TFRSs – Volume 11</i> |
| Amendments to TFRS 19 | <i>Subsidiaries without Public Accountability: Disclosures</i> |

TFRS 17 *Insurance Contracts*

TFRS 17 requires insurance liabilities to be measured at a current fulfillment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. TFRS 17 has been deferred for insurance, reinsurance and pension companies for a further year and will replace TFRS 4 *Insurance Contracts* on 1 January 2027.

Amendments to TFRS 17 *Insurance Contracts* and *Initial Application of TFRS 17 and TFRS 9 – Comparative Information*

Amendments have been made in TFRS 17 in order to reduce the implementation costs, to explain the results and to facilitate the initial application.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont’d)

2.29 New standards and interpretations(cont’d)

The amendment permits entities that first apply TFRS 17 and TFRS 9 at the same time to present comparative information about a financial asset as if the classification and measurement requirements of TFRS 9 had been applied to that financial asset before. Amendments are effective with the first application of TFRS 17.

TFRS 18 Presentation and Disclosures in Financial Statements

TFRS 18 includes requirements for all entities applying TFRS for the presentation and disclosure of information in financial statements. This standard is effective from annual reporting periods beginning on or after 1 January 2027.

TFRS 19 Subsidiaries without Public Accountability: Disclosures

TFRS 19 specifies the disclosure requirements an eligible subsidiary is permitted to apply instead of the disclosure requirements in other IFRS Accounting Standards. This standard is effective from annual reporting periods beginning on or after 1 January 2027.

Amendments to TFRS 9 and TFRS 7 Classification and Measurement of Financial Instruments

The amendments address matters identified during the post-implementation review of the classification and measurement requirements of TFRS 9 *Financial Instruments*. Amendments are effective from annual reporting periods beginning on or after 1 January 2026.

Amendments to TFRS 9 and TFRS 7 Power Purchase Arrangements

The amendments aim at enabling entities to include information in their financial statements that in the IASB’s view more faithfully represents contracts referencing nature-dependent electricity. Amendments are effective from annual reporting periods beginning on or after 1 January 2026.

Annual Improvements to TFRSs – Volume 11

The pronouncement comprises the following amendments:

- TFRS 1: Hedge accounting by a first-time adopter
- TFRS 7: Gain or loss on derecognition
- TFRS 7: Disclosure of deferred difference between fair value and transaction price
- TFRS 7: Introduction and credit risk disclosures
- TFRS 9: Lessee derecognition of lease liabilities
- TFRS 9: Transaction price
- TFRS 10: Determination of a ‘de facto agent’
- TAS 7: Cost method

Amendments are effective from annual reporting periods beginning on or after 1 January 2026.

Amendments to TFRS 19 Subsidiaries without Public Accountability: Disclosures

The amendments cover new or amended Turkish Financial Reporting Standards that were not considered when TFRS 19 was first issued. Amendments are effective from annual reporting periods beginning on or after 1 January 2027.

The Company evaluates the effects of these standards, amendments and improvements on the consolidated financial statements.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The notes given in this section are provided to addition/supplement the commentary on the management of insurance risk (Note 4.1) and management of financial risk (Note 4.2).

Preparation of consolidated financial statements requires the use of estimations and assumptions which may affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as of the balance sheet date and reported amounts of income and expenses during the financial period. Accounting estimates and assumptions are continuously evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under current circumstances. Although the estimations and assumptions are based on the best knowledge of the management for existing events and operations, they may differ from the actual results.

The estimation of the ultimate liability for technical expenses that can be incurred for the existing insurance contracts is the one of the most critical accounting estimates. Estimation of the insurance liabilities, by nature, includes the evaluation of several uncertainties.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

Information about significant areas at estimation uncertainty and critical judgment in applying accounting policies that have the most significant effect on the amount recognized in the financial statements are described in the following notes:

- Note 4.1 - Management of insurance risk
- Note 4.2 - Financial risk management
- Note 6 - Property, plant and equipment
- Note 7 - Investment properties
- Note 8 - Intangible assets
- Note 9 - Investments in associates
- Note 10 - Reinsurance assets and liabilities
- Note 11 - Financial assets
- Note 12 - Loans and receivables
- Note 21 - Deferred taxes
- Note 42 - Risks

4. MANAGEMENT OF INSURANCE AND FINANCIAL RISK

4.1 Management of insurance risk

The risk under an insurance contract is the probability of an insured event’s occurring including the uncertainty of the amount of any resulting claim. This risk is impossible to estimate because of its structure. The principal risk the Company faces under such contracts is that the actual claims and benefit payments exceed the carrying amount of insurance liabilities at the consolidated financial statements.

In every area and stage of insurance operations, the definition of risk is made as clearly as possible, and the possibilities of eliminating, controlling, or insuring it are comprehensively reviewed.

According to risk types, the Company makes some analysis to decide about which branches it can operate in which city or region by using the analysis of district-city actuarial methods.

These analyses are updated about the new information received and so that policies will change about the priorities of the operations.

With the risk policies developed by these methods, it is aimed to increase the Company’s profitability on the basis of branches, regions and cities.

Risks are divided into branches and sizes in terms of the Company’s Risk Acceptance Regulations. Acceptance or rejection according to the result of risk examination’s evaluations is decided by the Company’s Risk Engineers, Related Branch Managers and Technical Unit Assistant of General Manager after evaluation.

The Company determines annual ‘risk acceptance policies’ regarding the products of the Company and revise these policies during the year, if necessary. Based on the mentioned risk acceptance policies, the maximum and minimum limits for risk analysis during the period from order process to the issuance of the policy and the risks which will be excluded are determined for each product. Furthermore, the Company, by considering its financial structure, obtains coverage for the significant risks and catastrophic losses through the use of reinsurance agreements.

The most common method to manage insurance risk is to arrange reinsurance agreements. But the transfer of insurance risk through reinsurance agreements is not eliminating the liability of the Company as the first one made the insurance. If reinsurance company does not pay the loss, Company’s liability towards the policyholder continues. The company evaluates the reliability of reinsurance company by analyzing the financial condition before annual contract.

The Company not only creates new policies within the context of risk evaluation as mentioned above, also transfers the risks to reinsurer companies with reinsurance agreements. The Company transfers the risks with special acceptance of excess loss insurance and quota surplus reinsurance within the context of the agreements.

Reinsurance agreements contains claim excess (quota surplus reinsurance, excess loss insurance) catastrophic guarantee (provision).

In addition, at the jobs, excess of special acceptance capacity which are at different levels for branches, arbitrary reinsurance is done by related technical departments. Generally, the Company has agreements of fire and natural disasters, marine, accident, transportation vehicles (land), transportation vehicles (air), transportation vehicles (sea), general losses, transportation vehicles (land) liability, transportation vehicles (sea) liability, general liability, financial losses, legal protection and health branches. Insurance guarantee amounts are also explained in Note 17.

| Partner Reinsurance Company Ltd | A+ | AM Best | 7 February 2025 |
| SCOR SE | A | AM Best | 13 February 2026 |
| QBE Europe SA/NV | A | AM Best | 17 July 2025 |

The Company has annual excess treaty in fire, transportation, engineering and miscellaneous accident branches, as for quota share agreements for surety, executive liability and motor insurance branches as of the date 31 March 2026.

Premiums transferred to the Social Security Institution

The collection and settlement of expenses with respect to the medical care related services provided to the injured people due to the traffic accidents have been regulated by Article 98 of Road Traffic Act numbered 2918 altered by Article 59 of ‘The Law on Restructuring of Some Receivables and Changes in Social Security and General Insurance Law and Other Laws and Law Decrees’ (the ‘Law’) numbered 6111 published in the Official Gazette dated 25 February 2011. In this context, all the traffic accident related medical care services provided by any public or private health institution will be covered by Social Security Institution (‘SSI’) regardless of social security status of the injured. Besides, in accordance with the temporary Article 1 of the Law, all of the expenses with respect to the traffic accident related medical care services provided before enforcement of the Law, will also be covered by SSI.

The liability of the insurance companies with respect to the service costs to be incurred in the context of abovementioned articles has been determined in accordance with the provisions of ‘The Regulation on the Principles of Collection of the Costs of the Health Services Provided due to the Traffic Accidents’ dated 27 August 2011 (‘The Regulation’), ‘The Communiqué on the Principles of the Implementation of the Regulation on the Principles of Collection of the Costs of the Health Services Provided due to the Traffic Accidents’ dated 15 September 2011 and numbered 2011/17 (the ‘Communiqué numbered 2011/17’) and ‘The Communiqué on the Accounting of Payments to Social Security Institution (‘SSI’) with respect to Treatment Expenses and Introduction of New Account Codes to Insurance Account Chart’ dated 17 October 2011 (the ‘Communiqué numbered 2011/18’), the regulation(‘2012/3 numbered notice) making changes in ‘The Regulation on the Principles of Collection of the Costs of the Health Services Provided due to the Traffic Accidents’ dated 16 March 2012 and numbered 2012/3 and the communiqué about changes related ‘the Principles of Collection of the Costs of the Health Services Provided due to the Traffic Accidents’ dated 30 April 2012 and numbered 2012/6(the ‘Communiqué numbered 2012/6’).Within this framework, the Company is required to cede a certain amount of premiums to be determined in accordance with the Regulation and the Communiqué numbered 2011/17 to SSI in relation to policies issued as of 25 February 2011, the notice numbered 2012/3 and the communiqué numbered 2012/6 in ‘Compulsory Marine’, ‘Compulsory Traffic’ and ‘Compulsory Motor Personal Accident’ branches regarding the expenses with respect to the traffic accident related medical care services provided after enforcement of the Law. Based on the aforementioned regulations. The Company has calculated the amount of the premiums to be ceded to SSI in 1 January – 31 March 2026 account period as TRY 281.884.020 under the account of “premiums transferred to SSI” (1 January – 31 March 2025: TRY 245.963.858).

4. MANAGEMENT OF INSURANCE AND FINANCIAL RISK (cont’d)

4.1 Management of insurance risk (cont’d)

Premiums and claims transferred to the Risky Insured Pool

The “Risk Insured Pool” (“Pool”) was established by the Ministry of Treasury and Finance to be valid for the traffic insurance policies written as of 12 April 2017 for the high damage frequency level and/or vehicle groups as determined by the “Regulation on Amendment to the Regulation on Tariff Implementation Principles in Compulsory Financial Liability Insurance of Highways Motor Vehicles” published in the Official Gazette dated 11 July 2017 and numbered 30121. According to the risk insured Pool Work Essentials enacted with the regulation in question, the premium for the pool covered by traffic insurance policy and damage Turkey Motor Vehicle Bureau (‘TMVB’) to be calculated in two stages. Accordingly, 50% of the premiums and damages are shared equally among the insurance companies; while the remaining 50% is distributed considering the share of insurance companies in the last 3 years of traffic insurance premiums. As of 1 January 2026, premiums and claims paid related to policies covered by the Pool are distributed monthly among insurance companies according to their share of motor insurance premiums received in the relevant month.

The Company has recorded the premiums, indemnities and commission amounts transferred from the Risky Insurance Pool within the scope of the Company's share within the scope of the regulation, taking into consideration the estimated amounts of the unreported periods at the closing date of the accounts and the monthly receipts finalized by TMVB. As of 31 March 2026, the Company has transferred TRY 323.291.058 (31 March 2025: TRY 197.579.640) premium and TRY 562.465.424 paid compensation and recovery income (31 March 2025: 711.181.372 to the Pool. TRY 171.048.806 premium, TRY 46.697.597 commission, TRY 368.636.480 paid as compensation and recovery income from Pool to the Company were recognized in accordance with the relevant legislation. (31 March 2025: TRY 140.493.203, TRY 33.796.517, TRY 442.021.077)

The ‘Compulsory Medical Malpractice Law’ which is annexed to the ‘Procedures and Principles Regarding the Contribution of the Institution in the Compulsory Financial Liability Insurance for Medical Malpractice’ (2010/1) published by Ministry of Treasury and Finance in the Official Gazette dated 7 October 2017 and numbered 30203 Liability Insurance Tariff and Instruction ‘B. INCIDENT’, the Premiums and Claims Sharing Basis for the Medical Malpractice Insurance Liability Insurance, the premiums and claims related to the financial liability policies in the application are calculated in two stages by the company appointed by the Türkiye Sigorta A.Ş. Accordingly, 50% of the premiums and claims are shared equally among the insurance companies; and the remaining 50% is distributed considering the share of insurance companies' medical liability insurance premiums in the last three years.

The Company has accounted the amounts of premiums, claims and commissions that are taken over from the Pool within the scope of the Company's market share and ceded to the Medical Malpractice Liability Pool within the scope of the regulation, considering the amounts in the monthly statements that is finalized by other insurance companies. As of 31 March 2026, The Company has ceded TRY 46.029.639 (31 March 2025: TRY 6.113.398) premium to the Pool and accounted TRY 15.442.284 premium, TRY 984.344 compensation and TRY 5.523.557 commission income; based on its share which are reported by the Pool, on the financial statements in accordance with the legislation (31 March 2025: TRY 2.185.093, TRY 1.082.813, TRY 833.645).

4.2 Management of financial risk

Introduction and overview

This note presents information about the Company’s exposure to each of the below risks, the Company’s objectives, policies and processes for measuring and managing risk, and the Company’s management of capital. The Company has exposure to the following risks from its use of financial instruments:

- credit risk
- liquidity risk
- market risk

TÜRKİYE SİGORTA A.Ş.

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

4. MANAGEMENT OF INSURANCE AND FINANCIAL RISK (cont’d)

4.2 Management of financial risk (cont’d)

Introduction and overview (cont’d)

The Board of Directors has overall responsibility for the establishment and oversight of the Company’s risk management framework. The Board of Directors monitors the effectiveness of the risk management system through the internal audit department.

The Company’s risk management policies are established to identify and analyzed the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions, products and services offered. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment, in which all employees understand their roles and obligations.

Credit risk

Credit risk is basically defined as the possibility that counterparty will fail to meet its obligations in accordance with agreed terms of a contract. The balance sheet items that the Company is exposed to credit risk are as follows:

- banks
- other cash and cash equivalents (excluding cash)
- financial assets
- receivables from policyholders
- receivables from intermediaries (agencies)
- receivables from reinsurance companies related to commissions and claims paid
- reinsurance shares of insurance liability
- other receivable

Financial assets of the Company, subject to credit risk are mainly demand and time deposits held at banks in Turkey and other financial intermediaries, and credit card receivables. All these receivables are assumed that they do not have a high credit risk.

Net carrying value of the assets that are exposed to credit risk is shown in the table below.

| | 31 March 2026 | 31 December 2025 |
|---|------------------------|-------------------------|
| Financial assets (Note 11) | 92.469.375.233 | 86.507.064.355 |
| Cash equivalents (Note 14) | 13.590.549.690 | 11.162.984.992 |
| Receivables from main operations (Note 12) | 47.236.211.776 | 31.481.788.521 |

Market risk

Market risk is the risk that changes in market prices, such as interest rate, foreign exchange rates and credit spreads will affect the Company’s income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

Currency risk

The Company is exposed to currency risk through insurance and reinsurance transactions in foreign currencies.

Foreign exchange gains and losses arising from foreign currency transactions are recorded at transaction dates. At the end of the periods, foreign currency assets and liabilities evaluated by the Central Bank of the Republic of Türkiye’s spot purchase rates and the differences arising from foreign currency rates are recorded as foreign exchange gain or loss in the statement of income.

4. MANAGEMENT OF INSURANCE AND FINANCIAL RISK (cont’d)

4.2 Management of financial risk (cont’d)

Exposure to interest rate risk

The principal risk to which financial assets are exposed is the risk of loss from fluctuations in the future cash flows or fair values of financial instrument because of a change in market interest rates. Interest rate risk is managed principally through monitoring interest rate gaps and by having pre-approved limits for re-pricing bands.

As of 31 March 2026, and 31 December 2025, the interest rate profile of the Company’s interest earning financial assets and interest-bearing financial liabilities are detailed below:

| | 31 March 2026 | 31 December 2025 |
|---|----------------|------------------|
| Financial Assets with fixed interest rates: | | |
| Time Deposits (Note 14) | 6.161.796.665 | 4.420.520.513 |
| Available for sale financial assets (Note 11) | 22.267.444.555 | 17.377.910.692 |
| Held to maturity financial assets (Note 11) | 25.255.064.857 | 24.573.662.025 |
| Financial assets held for trading (Note 11) | 326.366.426 | 506.586.797 |
| Financial Assets with floating interest rates: | | |
| Available for sale financial assets (Note 11) | 14.680.442.724 | 12.456.994.406 |
| Held to maturity financial assets (Note 11) | 23.911.447 | 22.596.585 |
| Financial assets held for trading (Note 11) | 29.916.145.224 | 31.569.313.850 |
| Financial liabilities with fixed interest rates: | | |
| Payables from finance lease transactions (Note 20) | 130.987.640 | 146.557.460 |
| Other financial liabilities (Note 20) | 19.385.142.884 | 11.040.756.046 |

Fair value disclosure

The estimated fair values of financial instruments are determined using available market data and, where appropriate, appropriate valuation methodologies.

Available-for-sale financial assets are measured at their fair values based on their quoted prices in the accompanying consolidated financial statement. To measure the fair values of the debt securities which has no quoted prices in the financial markets, a valuation technique is applied, which all inputs are based on the observable information.

Management estimates that the fair value of other financial assets and liabilities are not materially different than their carrying amounts.

Classification of fair value measurement

‘IFRS 7 - Financial Instruments’: Disclosures requires the measurements of fair value of financial instruments to be classified in a hierarchy that reflects the significance of the valuation inputs used. This classification is based primarily on whether the inputs are observable or not. Observable inputs represent the use of market data obtained from independent sources; unobservable inputs represent the use of the Company's estimates and judgements. This sort of categorization generally results in the classifications below.

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

4. MANAGEMENT OF INSURANCE AND FINANCIAL RISK (cont’d)

4.2 Management of financial risk (cont’d)

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices);

Level 3: Inputs for the asset or liability that is not based on observable market data (unobservable inputs).

Classification requires the utilization of observable market data, if available.

In this context, the fair values of financial assets and liabilities measured at fair value are as follows:

| 31 March 2026 | Level 1 | Level 2 | Level 3 | Total |
|---|-----------------------|-----------------------|----------------------|-----------------------|
| Available for sale financial assets (Note 11) | 16.846.133.872 | 20.101.753.407 | - | 36.947.887.279 |

| Properties held for use | - | 1.782.597.070 | - | 1.782.597.070 |
| Investment properties | - | 408.350.176 | - | 408.350.176 |
| Total | 29.809.273.291 | 34.292.479.700 | 9.667.523.491 | 73.769.276.482 |

(*) Investments in subsidiary securities carried at cost are not included.

Fair values of affiliates and subsidiaries are determined in accordance with discounted cash flow and comparative value method in valuation reports prepared by independent valuation companies. Unlisted shares of fair values of affiliates and subsidiaries are determined in accordance with discounted cash flow and comparative value method in valuation reports prepared by independent valuation companies.

Sensitivity of fair value of financial assets

The Company's financial assets held for trading and available for sale financial assets are measured at their fair values in the relevant markets. If market prices had increased/decreased by 5% and all other variables had remained constant, the Company's equity would have been TRY 4.406.558.268 (31 December 2025: TRY 3.256.803.425) more/lower as of 31 March 2026, excluding tax effects.

4. MANAGEMENT OF INSURANCE AND FINANCIAL RISK (cont’d)

4.2 Management of financial risk (cont’d)

Capital Management

The Company’s major capital management policies include the following:

- To comply with the insurance capital requirements required by insurance legislation,
- To safeguard the Company’s ability to continue as going concern
- To provide an adequate return to shareholders by pricing insurance contracts commensurately with the level of risk assumed.

The Company has taken following actions to increase profitability and sustain a structure;

- The company makes production and risk selection in accordance with the new legal regulations in traffic insurances.
- The actuarial schedules related to motor vehicles and traffic branches are regularly reviewed and revised. The company intends to increase its profitability and production in the motor vehicles and to reduce the harm caused by balanced production in the traffic branch.
- In order to set an individual profitable portfolio, the Company operates by adopting adequate price and accurate conditions policy
- The Company has adopted the policy of increasing the treaty capacity in Fire and Construction branches to constitute a profitable portfolio.

The Company's capital adequacy is measured twice a year, in June and December, within two months following these periods in accordance with the relevant legislation. In the calculations made in accordance with the relevant insurance legislation, the required shareholders' equity amount of the Company is determined as TRY 24.244.804.630 as of 31 March 2026. As of 31 March 2026, the Company's shareholders' equity is TRY 27.951.523.984 more than the required shareholders' equity calculated in accordance with the relevant legislation.

Information about earnings from financial assets is indicated in Note 26. The details of financial expenses are as follows.

Details of financial income and losses accounted for in equity are as follows:

| | 1 January - 31 March 2026 | 1 January - 31 December 2025 |
|--|------------------------------|---------------------------------|
| Changes in the fair value of financial assets, after tax | (1.351.951.722) | 5.092.961.771 |
| Total | (1.351.951.722) | 5.092.961.771 |

5. SEGMENT REPORTING

A segment is a distinguishable component of the Company that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments).

Business Segments

Information about the Company’s segment reporting is explained in this section within the context of TFRS 8 - Business Segments Standards.

Not only reports given to upper-level management to give a decision about reporting sub-operating segments, also numerical sub limits within the context of TFRS 8 - Business Segments Standards are taken into consideration and premium production, and technical profitability are evaluated as a different business segment.

| Net book value | 1.476.748.584 | | | | | 1.465.994.203 |

The Company's land and buildings held for utilization are subject to revaluation. As of 31 March 2026 and 31 December 2025, these properties are reflected in the financial statements based on the values determined in the expertise reports prepared by independent professional valuation companies licensed by the Capital Markets Board:

| | 31 March 2026 | 31 December 2025 |
|--------------|----------------------|----------------------|
| Güneş Plaza | 1.629.399.820 | 1.629.399.820 |
| Other | 153.197.250 | 153.197.250 |
| Total | 1.782.597.070 | 1.782.597.070 |

TÜRKİYE SİGORTA A.Ş.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE PERIOD 1 JANUARY – 31 MARCH 2026 AND 2025
(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

6. PROPERTY, PLANT AND EQUIPMENT (cont’d)

Revaluation increases resulting from the valuation of properties held for use are recorded by crediting the "Other Profit Reserves" account under equity capital, net of deferred taxes. Revaluation decreases resulting from the valuation of properties held for use are charged against the "Other Profit Reserves" for the corresponding asset under shareholders’ equity. Fair value decreases per revaluation fund recorded in ‘Other Profit Reserves’ are charged to the income statement. The movements of the revaluation increase for the properties held for use accounted for using revaluation model is below:

| | 2026 | 2025 |
|--|----------------------|----------------------|
| Beginning of the period - 1 January | 1.557.788.963 | 1.245.860.649 |
| Increase in value arising from revaluation | - | - |
| Deferred tax arising from revaluation difference | - | - |
| End of the period – 31 March | 1.557.788.963 | 1.245.860.649 |

There is no commitment on the land and buildings held for utilization (31 December 2025: None).

7. INVESTMENT PROPERTIES

For the periods 1 January - 31 March 2026 and 2025, movements of the investment properties are as follows:

| | 1 January 2026 | Additions | Disposals | Valuation Increase | Transfers | 31 March 2026 |
|-----------------------|----------------|-----------|-----------|--------------------|-----------|---------------|
| Fair Value | | | | | | |
| Investment Properties | 408.350.176 | - | - | - | - | 408.350.176 |
| | 1 January 2025 | Additions | Disposals | Valuation Increase | Transfers | 31 March 2025 |
| Fair Value | | | | | | |
| Investment Properties | 325.516.000 | - | - | - | - | 325.516.000 |

Land and buildings held for the purpose of obtaining rent or for value appreciation or both, rather than being used in the Company's activities or sold for administrative purposes or during the normal course of business, are classified as investment properties. As of 31 March 2026 and 31 December 2025, investment properties are reflected into the financial statements at their fair values obtained from appraisal reports prepared by independent professional valuation experts:

| | 31 March 2026 | 31 December 2025 |
|---|--------------------|--------------------|
| İzmir Konak Land ⁽¹⁾ | 206.644.877 | 206.644.877 |
| Tekirdağ Farm ⁽¹⁾ | 96.300.000 | 96.300.000 |
| Other land and buildings ⁽¹⁾ | 105.405.299 | 105.405.299 |
| Total | 408.350.176 | 408.350.176 |

(1) “Peer comparison approach” method.

Rental income is TRY 2.707.436 from investment properties and owner-occupied properties (1 January – 31 March 2025: TRY 2.006.429). There are no pledges on the investment properties and owner-occupied properties (31 December 2025: None).

(Amounts expressed in Turkish Lira (“TRY”) unless otherwise indicated.)

15. SHAREHOLDERS EQUITY

Paid in capital

As of March 31, 2026, the Company’s paid-in capital was TRY 10.000.000.000, divided into 10,000,000,000 shares, each with a par value of 1 TRY (December 31, 2025: TRY 10.000.000.000). As of March 31, 2026, and December 31, 2025, the company holding direct control over the Company’s capital is TVF Financial Investments Inc., with an 81.10% stake.

In connection with the increase in the Company’s paid-in capital, pursuant to the Board of Directors’ decision dated March 13, 2026, submitted to the General Assembly for approval the matter of increasing the paid-in capital, which currently stands at TRY 10.000.000.000, by 100% to TRY 20.000.000.000, with the entire amount to be funded from internal sources, and amending the Articles of Association accordingly. The proposed capital increase was approved at the General Meeting held on April 9, 2026, and the Company’s application regarding this matter was submitted to the Capital Markets Board on April 14, 2026.

Capital reserves

| Capital reserves | 728.985.408 | 728.985.408 |

Legal reserves

The legal reserves consist of first and second reserves, appropriated in accordance with the TCC. The TCC stipulates that the first legal reserve is appropriated out of statutory profits at the rate of 5%, until the total reserve reaches 20% of the Company’s paid-in share capital. The second legal reserve is appropriated at the rate of 10% of all cash distributions in excess of 5% of the paid-in share capital. Under the TCC, the legal reserves can only be used to offset losses and are not available for any other usage unless they exceed 50% of paid-in share capital.

In accordance with the 5 December 2014 dated and 2014/16 numbered ‘Circular on Provision for Outstanding Claim’ by Ministry of Treasury and Finance, the Company decided ACLM methods for each branch depending on the actuary’s recommendation. In addition, development has been determined by using statistical methods and implemented to ACLM triangles in accordance with actuary’s opinion. The ACLM calculations are performed on a gross basis and the net amounts are determined in accordance with the methods presented below. As of 31 March 2026 and 31 December 2025, ACLM calculation methods for branches and as a result of these calculations, additional gross or net reserves that will be reserved or that will be reduced from reserves are described below:

| | Used Method | 31 March 2026 | | 31 December 2025 | |

17. INSURANCE LIABILITIES AND REINSURANCE ASSETS (cont’d)

Below are the details of methods used to calculate net amount of provisions with additional gross, as a result of ACLM calculations for branches :

| Branch | Used Net Off Method |
|---------------------------------|---|
| Compulsory Traffic | Conservation rate of incurred claims in incurred period |
| General Liability | Conservation rate of incurred claims in incurred period after large claim elimination |
| Air Vehicles | Conservation rate of incurred claims in incurred period after large claim elimination |
| Fire and Natural Disasters | Conservation rate of incurred claims in incurred period after large claim elimination |
| Air Vehicles Liability | Conservation rate of incurred claims in incurred period after large claim elimination |
| Facultative Financial Liability | Conservation rate of incurred claims in incurred period after large claim elimination |
| General Loses | Conservation rate of incurred claims in incurred period after large claim elimination |
| Accident | Conservation rate of incurred claims in incurred period after large claim elimination |
| Financial Losses | Conservation rate of incurred claims in incurred period after large claim elimination |
| Transportation | Conservation rate of incurred claims in incurred period after large claim elimination |
| Water Vehicles | Conservation rate of incurred claims in incurred period after large claim elimination |
| Health | Conservation rate of incurred claims in incurred period |
| Legal Protection | Conservation rate of incurred claims in incurred period after large claim elimination |
| Breach of Trust | Conservation rate of incurred claims in incurred period after large claim elimination |
| Motor Vehicles | Conservation rate of incurred claims in incurred period after large claim elimination |
| Credit | Conservation rate of incurred claims in incurred period |

In order to enable calculations to be performed with a more homogeneous data set in ACML calculations, the Company has identified outlier claims classified as large losses by examining fluctuations in claim occurrences. As a result of these assessments, the Company has adjusted for outlier claims that were considered to create a misleading impact on claim development in the General Liability, Accident, Fidelity Guarantee, General Damages, Financial Losses, Watercraft, Marine, Fire and Natural Disasters branches. No outlier claim elimination was made for the other branches.

| Branch | 31 March 2026 | 31 December 2025 |

Claim development tables

The basic assumption used in estimation of the provision for outstanding claims is the Company’s past experience of claims development. In determining the effect of external factors like court decisions and legal changes provision for outstanding claims; The Company management uses its own judgments. Sensitivity of estimations caused by legal changes and other ambiguities in the process of estimation is not measurable. Also, the long intervals between the time claim happens and the payment time prevent the provision for outstanding claims to be determined clearly. Consequently, total liabilities can change according to subsequent events and differences occurred by this re-estimation of the total liabilities are booked in financial statements in succeeding periods.

Development of insurance liabilities allows measuring the performance of the Company in estimating the total claims liability. The amounts in the upper part of the tables below show the changes in the Company’s estimations of aggregate claims from the time that claims happened.
