#aylp
DEAR PARTICIPANT,

Welcome to the Aspen Young Leaders Program 2017. Thank you for joining us for four days of talks, lectures, workshops and informal activities that we hope will stimulate, provoke and inspire.

Taking place in a peaceful resort in beautiful natural surroundings of Western Bohemia, the Program is consistent with the basic Aspen idea to step away from daily routine and reflect on various aspects of leadership and underlying societal values. Its uniqueness is defined by a strong emphasis on quality and diversity of speakers, broad array of topics and open conversations. In this way the Program creates a setting conducive to sharing ideas, learning and networking.

We have invited outstanding professionals from Central and Eastern Europe, who will debate the role of leaders and issues critical for the region’s development. A balanced mix of personalities, coming from business, politics, academia and non-profit sector, will surely guarantee provocative perspectives, and trigger further cooperation among those who take part in the Program.

Therefore we invite you to actively engage throughout the whole Program, including its informal parts as they cement the participants network. We truly hope the agenda we have prepared will surpass your expectations and – when it’s time to leave, you venture home with new friends, a rejuvenated mind and lots of new ideas.
